

Vaccinations Policy

Messiah College adheres to the Center for Disease Control (CDC) guidelines for prematriculation immunization policy. All childhood vaccinations such as 2 Measles-Mumps- Rubella (MMR) vaccines following the student's first birthday, childhood Polio vaccination dates with a current booster, Varicella disease (Chicken Pox) date or two vaccinations, Hepatitis B 3 shot series. Tetanus/Diphtheria childhood series dates completed with a current Tetanus/Diphtheria/Pertussis booster within 10 years of entrance to Messiah, Meningococcal vaccine required for residency in Messiah College housing per PA state law, and a current Mantoux Tuberculosis test within one year of entrance to Messiah. Please refer to the current Messiah College health form for all requirements. Some majors have more stringent immunization requirements.
