[HIST 142] U.S. History Survey Since 1865 (3)			

Required Disciplinary Focus (18 credits):

Option I Completion of an approved college minor or dual teacher certification program. At least twelve credits must be distinct (i.e., may not overlap with General Education or any other courses completed for the major). The following Education Department Minors also may be completed to satisfy the disciplinary focus requirement: Socio-Cultural Perspectives on Education Minor, Early Childhood Education Minor.

Option II Completion of an Academic Specialization or Education Department Concentration (Special Education). Twelve credits within a single academic discipline and six additional credits elected from academic disciplines other than Education. At least twelve of these eighteen credits must be distinct (i.e., may not overlap with General Education or any other courses completed for the major). Overlapping courses (if any) must be included within the twelve discipline-specific credits. The six additional credits must be distinct and may not overlap with any other General Education or major requirements. A "discipline" is defined as courses from a single academic department or courses from two closely related departments (e.g., Psychology and Family Studies, Biology and Chemistry, History and Politics). **Students must obtain approval from their advisors and the Education Department Chair for all courses selected to complete the Academic Specialization option.**

Option III Distributive Pattern. Courses selected from more than one academic discipline. Available only with the approval of the Education Department Chair.
