# The Master of Suspense: The Films of Alfred Hitchcock

The Fall 2009 Film Series highlights three masterpieces of Alfred Hitchcock, which have been recognized by the American Film Institute as among the top 100 films of all time: *Rear Window*, *North by Northwest*, and *Psycho*.

Widely considered one of the great film directors of all time, Hitchcock's career spanned six decades from the silent film era of the 1920s into the 1970s. In more than fifty films, Hitchcock pioneered the suspense and mystery genre. Casting some of Hollywood's biggest icons – including Cary Grant, Ingrid Bergman, Grace Kelly, and Jimmy Stewart – Hitchcock's cinematic innovations of image, dialogue, and story produced timeless psychological thrillers.
