Submission Guidelines: Undergraduate and graduate students in fields related to family studies are encouraged to submit abstracts of 150 words or less to be considered for the undergraduate/graduate research poster competition and presentation. Research must be empirical and focused on families; however, it need not be directly related to the theme of responding to families in trauma. Undergraduate and graduate posters will be judged separately. A monetary cash prize will be given to the poster awarded first, second and third place in each category (undergraduate and graduate). All participants will receive a ribbon and a certificate. Guidelines for the poster format will be emailed once the abstract has been submitted.

Abstract Submission Deadline: September 19, 2008
