

MATH 112 - Calculus II - Spring 2010

Instructor: Samuel P. Wilcock, Ph.D.

Office: F323

Phone: x7092

E-mail: SWilcock@Messiah.edu

Education

B.A., Messiah College, Major: Mathematics (minor: Statistics)

M.S., Virginia Polytechnic Institute and State University, Major: Statistics

Ph.D., Virginia Polytechnic Institute and State University, Major: Statistics

Meeting Times: MWF 11:30 - 12:30 and T 10:45 - 11:45

Office Hours: See course website

Web Resources: http://home.Messiah.edu/~SWilcock/MATH112_resources/

This site contains many additional resources, including details about course policies, and copies of some of the handouts that you will receive this semester. All handouts will be passed out in class, but if you lose your copy, miss class, or would simply like a second copy, you may feel free to print it off from the course site. You are **required** to read the course policies, so that you know what to expect from me, and what I expect from you. Continuation in this course is your testimony that you have done this and agree to these policies.

Text: Larson, Hostetler, and Edwards, *Calculus*, Ninth Edition

This text can serve as a valuable resource for you throughout this course, and beyond. There will be no required readings, but I strongly suggest you read through the sections in the book as we go to insure that you are understanding what I cover in class. Also, once you are out of the course, the text and your notes can serve as a reference for you as you go through other courses in your majors, and even once you are working.
