Responsibilities of the Site Supervisor

Because of the experiential nature of HIED 563 it is important that the student be assigned to a site supervisor who will work closely with the student on a regular basis. This relationship ensures that the student receives necessary guidance, the host institution authorizes the student's activities, the host institution's needs are being considered, and relevant expertise and institutional resources are readily available to the student. Site supervisors are expected to:

1. Formulate and actualize the experience with the student
2. Clarify through a written agreement with the student and Messiah College the goals and objectives to be achieved by the student
3. Ensure that the necessary services and resources are available to the student
4. Meet weekly with the student for oversight and direction
5. Communicate with the Messiah College Internship Faculty as needed throughout the semester
6. Complete an evaluation of the intern's performance at the midpoint and conclusion of the semester
