

Academic Success

Purpose

Our office fosters student success by providing high-quality academic support services that help students to thrive, both personally and academically, while at Messiah University. With respect and kindness, we promote practical and personalized strategies for students to develop competence and become confident learners who contribute positively in both the classroom and the broader Messiah community. Our actions and words affirm the value of every individual.

What We Do

Directly contribute to student academic success by:

- Committing to a learner-centered environment featuring peer tutoring, supplemental instruction, and academic coaching. In all venues diverse talents and different ways of learning are embraced and appreciated.
- Creating partnerships across the university community to enrich students' educational experience.
- Exploring and adopting innovative learning technologies.
- Developing ongoing assessment processes to inform planning and decision-making.
- Connecting students directly with other Messiah community members to coordinate comprehensive care for them.
- Proctoring exams to fulfill academic accommodation and academic integrity requirements.
- Granting accommodations to qualified students to place them on an equal level playing field so they can perform up to their abilities.
- Coordinating the Academic Strategies classes to provide at risk students with the proper supports and care needed to help them be successful.
