## QuEST Arts

## Why take an arts course?

To develop individual and/or collaborative creative problem solving skills

To introduce the languages of the arts

To gain appreciation of the process in addition to the finished product.

To allow for a space to take risks, fully commit, and learn from failure in the creation of art.

To reflect on the nature and principles of art and its profound impact on society.

To use the languages of the arts as a means of expression.
