

Required Cybersecurity Training for ALL Employees

Cybersecurity Awareness Training is required for all employees by the Gramm-Leach-Bliley Act (GLBA) and the institution's cyber insurance.

Use the links below to access the training. Each training should take about 15 minutes to complete. You must login using your Messiah username and password to receive credit for the training. If you cannot open the link, copy and paste the full URL into your web browser.

Note: At this time, work-study students and interns are not required to complete this training. A separate cybersecurity training for all students is in development. However, work-study students and interns are more than welcome to complete this training as an employee within your area if you feel it is appropriate for their role (e.g., they have access to sensitive data).
