## *Will We Ever Know*

*I was young once before  
Dreamed big though my steps were small  
"Take courage, have faith, keep trying  
That's all it takes to soar"  
Until the day I woke up on the floor*

*Where do we go from here or will we ever know?  
To honor the dreams of those who came before us,  
Or let the fear of failing take control?*

*I used to think that I was old  
Thought life couldn't give me any more  
If dying would take me trying  
Would I ever open the door?  
Oh, I've never felt so small*

*I've never felt so small  
Why do we fall?  
Does it matter at all?*

*Wrecking cars, crashing planes  
Every bad news leaves a stain  
Flooding towns and scorching flames  
Tell me life is just a game  
Cooling breeze and growing trees  
Maybe beauty still remains  
The burning star rises every day*

*Where do we go from here or will we ever know?  
Maybe just a leap of faith is what it takes  
To find my safety nets there all along  
I guess the ground doesn't scare me anymore*
