Looking back at your transition to college, what would you have done differently and how would you apply that to being a mentor to first year/transfer students?

How do you apply good leadership in your involvement on campus?

What do you hope to gain from this experience?

Please describe a mentoring experience you have had (as a mentor or mentee). Be specific and explain how you believe this will influence you as a mentor, as well as what your objectives will be as a mentor.

I agree, if accepted as a mentor, to follow the mentoring rules and regulations set forth by the Multicultural Programs office and I will also adhere to Messiah College Community Covenant, which if violated, could effect my status as a mentor in the program. In addition, I will attend an afternoon mentor training session on May 2, 2014 and attend fall training on August 25-26, 2014.
