Introduction: Why Messiah College has Student Organizations...

Student organizations are an important part of campus life at Messiah College and help to advance its educational mission. These organizations provide a wide variety of opportunities for students to be involved on and around campus. Student involvement is a crucial element for success in college, and thus Messiah College commits resources and staffing to facilitating these opportunities to be involved. We believe organizations foster environments for leadership, service, personal growth, recreation, interaction with staff/educators, professional experience, and much more.

Benefits of Student Organizations to the Individual Student

Involvement in a student organization is just one of many ways for Messiah students to get involved on campus. Research indicates that there are numerous benefits to involvement and reveals those students who are involved:

- Receive better grades and are more successful in their academic program.
- Are more likely to stay in school and graduate timely.
- Feel more satisfied with their college experience.
- Are more marketable when job searching and applying to graduate school.
- Develop valuable leadership and interpersonal skills.
- Develop stronger relationships with peers, faculty, and staff members.
- Integrate theory with practice in contextual settings.

Benefits of Student Organizations to the Messiah College Community

Student organizations provide a valuable service to Messiah College by promoting community spirit, activism, public service, and social and cultural interaction. Each year student organizations sponsor conferences, seminars, lectures, debates, cultural and social events, and fine arts programs. These activities allow Messiah students to meet and interact with local, state, nationally and internationally renowned scholars, artists, politicians, academicians and other professionals. Student organization members also spend countless volunteer hours each academic year participating in service projects for campus and community efforts.

The forming, leading and advising of student organizations is very important. While at first you may seem overwhelmed this manual has been compiled to assist you in your role as a student leader or advisor of a student organization at Messiah College. You are encouraged to use this material as a reference throughout the year and share it with other officers and/or members of your organization.

Defining a Recognized Organization

Student organizations can be formed by any group of students currently enrolled at Messiah College that share a common interest and/or goal. While some student organizations have organizational ties to a specific academic department, this does not supersede or replace recognition. While student organizations may be supported by a College department, they must be essentially student-led. The primary function of all student organizations should be to serve Messiah College students and the Messiah College community.

Messiah College encourages all student organizations to be recognized by the College. Recognition is a clear indication that the organization supports the mission, identity, and objectives of Messiah College. Student organizations and their activities are viewed as sponsored by the College as opposed to being conducted by the College. Only recognized student organizations are granted the privileges listed below. Messiah College's Cocurricular Education Committee has been charged with the responsibility and authority to recognize and oversee the operation of all campus organizations. Daily oversight occurs through individual organization advisors and through the Department of Student Involvement & Leadership Programs.

Privileges of Recognized Student Organizations

1. The use of the College name, mascot (name and image), word mark, and letterhead.
2. Reservation of classrooms and other spaces in College-owned property.
3. Safekeeping accounts at the Business Office (student organizations are not permitted to maintain off-campus bank accounts).
4. Opportunity to advertise on campus (Channel 6, *Community News*, mass e-mails, College website, etc.).
5. Approval for fund raising.
6. Invitation to Information Opportunity Fairs and Admissions Open Houses.
7. Official listing in College publications and yearbook.
8. Administrative support for programming and event planning and execution.

Starting a New Organization

There are a wide variety of student organizations at Messiah College, but if none of them interests you, you may want to start a new one. Creating an organization from scratch can be very challenging. To ensure success the Department of Student Involvement & Leadership Programs provides students with the foundation needed to organize an effective student organization. Messiah College strives for strong, healthy organizations that can offer the membership positive and

meaningful experiences. The following recognition criteria and procedures apply to all student organizations except Club Sports and faith-related organizations, which have additional criteria and procedures.

Criteria for Starting a New Organization

1. All student organizations must demonstrate support for the educational mission, identity, values, outcomes, and Community Covenant of Messiah College. When reviewing organizations and determining if an organization should be recognized, the College's mission and identity, as well as the College wide Educational Objectives, will be compared to the stated mission, goals, and objectives of the petitioning organization.
2. Student organizations must have a well-developed plan for continued funding. There are four primary funding sources:
 - a. SGA allocations: (only if SGA grants the organization chartership - see next section for more information on chartership - or the SGA Finance Committee approves the organization' budget).
 - b. Fund-raising efforts by the organization (only if there is adherence to College fund-raising guidelines). See Appendix 6.1 for fundraising guidelines.
 - c. Funds from budgeted College departments who are cooperating with and/or sympathetic to the activities being carried out by an organization.
 - d. Tax-deductible donations can happen indirectly by means of a gift restricted to the program of a cooperating department existing within the College's operating budget.
3. Student organizations must demonstrate that they are providing a new opportunity for the College community. Every effort will be made to limit the number of organizations that have identical or very similar objectives. College departments that have similar goals and objectives must support and affirm the goals of the proposed student organization (e.g., Philosophy Club and Department of Philosophy; touring choirs and the Department of Music).
4. Organizations must provide evidence that there is ample student interest to support the organization.
5. Student organizations must demonstrate that they have the support of a full-time Messiah College employee that has agreed to serve as the advisor of the organization.
6. Student organizations that exist primarily for the purpose of Christian fellowship, teaching, worship, and/or theological exploration are required to submit a letter of recommendation from the College Ministries pastoral staff.

7. Student organizations that exist primarily for the purpose of athletic competition against non-Messiah College students are required to submit a letter of recommendation from the Athletic Department.

Procedures for Starting a New Organization

- 1) Obtain and complete an Application for Recognition from the Office of Student Involvement & Leadership Programs. The application will include the following:
 - a) Organization's purpose statement.
 - b) Statement that demonstrates how the proposed organization supports the mission and objectives of Messiah College.
 - c) Names and roles of officers/leaders.
 - d) Example of organization's events and activities.
 - e) Financial plan.
 - f) Written letter or signed advisor document confirming the full-time employee who is willing to serve as the organization's advisor.
 - g) A constitution/Bylaws
- 2) Present the Application for Recognition to the Director of Student Involvement & Leadership Programs. The Director of Student Involvement & Leadership Programs will conduct an initial screening to determine if the guidelines have been followed. If the application is complete, it will be forwarded to the Cocurricular Education Council.
- 3) The application will be reviewed and subsequently approved or disapproved by the Cocurricular Education Council based upon the established criteria. The Cocurricular Education Council reviews applications two times a year, at their meetings in November and March.
- 4) After receiving official recognition, student clubs may then apply for SGA chartership. This separate and distinct process is governed by the Student Government Association.
- 5) New student organizations for which the proposed primary purpose is Christian fellowship, teaching, worship, and/or theological exploration must include a letter of recommendation from the College Ministries pastoral staff.

- 6) New Student organizations for which the proposed primary purpose is athletic competition against non-Messiah College students are required to submit a letter of recommendation from the Athletic Department.

Yearly Procedures for Renewing Recognition

Each spring, each organization will submit an application for recognition renewal. If an application for recognition renewal has not been received by the posted deadline, it will be presumed that the organization is terminated, and the organization will be removed from the roster of recognized organizations.

Student organizations that exist primarily for the purpose of Christian fellowship, teaching, worship, and/or theological exploration are required to set up a meeting with a member of the College Ministries pastoral staff for a yearly review. The College Ministries Department will submit a letter of recommendation to Cocurricular Education Council regarding the future of the organization.

Student organizations that exist primarily for the purpose of athletic competition against non-Messiah College students are required to set up a meeting with the Associate Athletic Director for Operations for a yearly review. The Athletic Department will submit a letter of recommendation to the Cocurricular Education Council regarding the future of the organization.

Membership

The opportunity for membership in all recognized organizations shall be open to any Messiah College student; therefore, Messiah College prohibits the establishment of secret societies and does not permit national or local social fraternities and sororities. Exceptions to the membership requirement include gender specific Club Sports and academic honor societies that have specific GPA requirements.

Hazing

Messiah College and Pennsylvania Law prohibit hazing in any form. Hazing is any activity expected of someone joining a student organization, athletic team, or residence life group (or to maintain full status in a group, etc.) that humiliates, degrades, or risks emotional and/or physical harm, regardless of the person's willingness to participate. The term shall include, but is not limited to, any brutality of a physical nature, exposure to the elements, and forced consumption of any food, liquor, drug or other substance, or any other forced physical activity that could adversely affect the physical health and safety of the individual. It also includes any activity that subjects the individual to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct that could result in extreme embarrassment, or any other forced activity that could adversely affect the mental health or dignity of the individual, or any willful destruction or removal of public or private property.

All initiation activities are subject to the approval of the Director of Student Involvement & Leadership Programs (student organizations) the Director of Athletics (intercollegiate teams) or the Director of Residence Life (residence life groups). This regulation governs on and off-campus initiation activities including privately owned facilities and/or property. Student organizations, athletic teams and residence life groups are responsible for any activity in violation of this policy by any individual or group affiliated with the organization, unless it is proven that the group or individual activity was independent of, and occurred without the knowledge or consent of, the recognized organization, team, or residence life group. Such responsibility will apply equally to situations in which one or more members knew or should have known of the activity and failed to make every reasonable attempt to prevent or stop it. Consent of those hazed will not be accepted as a defense for hazing activities.

The Associate Dean of Students in accordance with Messiah College's Student Disciplinary Procedures will conduct administrative hearings of alleged violations of this policy. Violations of this policy may result in sanctions for the students involved as well as the entire student organization, athletic team, or residence life group. The severity of the sanctions for a hazing offense will be determined in proportion to the hazing activity. In addition to Messiah College's Anti-Hazing Policy, student organizations, athletic teams, residence life groups and/or individuals may be held responsible for criminal misconduct in violation of the Pennsylvania Anti-Hazing Law, a third-degree misdemeanor punishable by up to a year's imprisonment.

Officer Eligibility

Successful student organizations hold regular elections and/or appoint officers. These officers are responsible for the organization. All student organization officers at Messiah College must be full-time students in good standing and must not be on chapel, academic or disciplinary probation.

Constitution and Bylaws

Each student organization is required to create, maintain, and follow constitution/bylaws. A constitution is the basic framework of an organization. It should state the general operating procedures and policies of a group, which are not subject to change frequently. The bylaws contain a more detailed method of doing business and specific rules. For example, the constitution would establish that dues are a requirement for membership and would outline the method of determining the amount; and the bylaws would state the specific dues amount.

While each organization will have specifics relative to their organization, an example of constitution/bylaws is provided (appendix 1) and may be useful in the development of an organization's constitution/bylaws. This must be customized to meet your particular needs and purposes.

Club Sport Policies and Procedures

Relationship between Club Sport Organizations and Messiah College

Club Sport organizations at Messiah College are student organizations whose members meet regularly to pursue an interest in sport or physical activity that includes competition external to Messiah. All Club Sport Organizations must be recognized by the College in order for the organization to use the name Messiah College. Recognition is a clear indication that the organization supports the mission, identity, and objectives of the College. Student organizations and their activities are viewed as sponsored by the College as opposed to being conducted by the College. This distinction has implications for both the tax deductibility of potential donations to student organizations and for the College's financial reporting. Finally, student organizations are not permitted to maintain off-campus bank accounts; rather they can obtain an account in the Business Office.

Rights and Privileges of Club Sport Organizations

Recognized Club Sport Organizations have the following rights and privileges:

- The use of the College name, word mark, and letterhead.
- Reservation of facilities and College-owned property (see Facility Scheduling Policy for Club Sport Organizations).
- Safekeeping accounts at the Business Office (student organizations are not permitted to maintain off-campus bank accounts).
- Opportunity to advertise on campus (posters, mass e-mails, College website, etc.).
- Approval for fund raising.
- Invitation to Involvement Fair and Admissions Open Houses.
- Official listing in College publications and yearbook.
- Administrative support for programming, event planning and execution.

Recognized Club Sport Organizations have the following limitations (as opposed to varsity athletics):

- There will be no athletic training services for Club Sports.
- There will be no excused class absences for students.
- Scheduling of fields and facilities will have lower priority for Club Sports than academic and varsity athletic activities.
- Official college logos, including the Athletics "Falcon" symbol, may not be used by clubs unless given expressed written permission by the Office of Public Relations and Marketing.

Starting a New Club Sport Organization

All new Club Sport Organizations must apply to the Cocurricular Education Committee for recognition. Materials are submitted to the Director of Student Involvement & Leadership Programs. The application must include the following:

- 1) An Application for Recognition (This includes the following)**
 - a) Organization's purpose statement.
 - b) Statement that demonstrates how the proposed organization supports the mission and objectives of Messiah College.
 - c) Names and roles of officers/leaders.
 - d) Example of organization's events and activities.
 - e) Financial plan.
 - f) Constitution and Bylaws

- 2) A signed letter from a full-time employee who is willing to serve as the organization's advisor.**

- 3) A letter of recommendation from the Athletic Department.** This recommendation will be based on a meeting with the Associate Director of Athletics for Operations. The student leaders must adequately address the following:
 - a) There must be significant student interest;
 - b) The club must compete against outside competition;
 - c) The club must have a coach (non-student adult) and advisor (employee);
 - d) The club must demonstrate they are ready to follow the criteria used to approve new organizations by the student programs office;
 - e) The club must demonstrate they are ready and willing to represent Messiah College in a positive manner;
 - f) The club must use an appropriate club logo. Teams will **not** be allowed to use the official Athletics logos and word marks. All Club Sports must have the word "club" on their uniforms – all uniform logos must be approved on their official uniforms, and any public attire, websites, etc. (i.e. Messiah Club Soccer)
 - g) There must also be adequate facilities available. (Please see our facility scheduling policies and our facility usage policy attached).

The Director of Student Involvement & Leadership Programs will present the Application for Recognition, the Advisor Letter and the Athletic Department's Letter of Recommendation to the Cocurricular Education Committee. These items will be reviewed by the committee and the organization may be recognized based upon the review of the submitted materials. After receiving official recognition, student organizations may then apply for SGA Chartership. This is a separate and distinct process that is governed by the Student Government Association.

Maintaining Recognition Status

Each semester, each Club Sport Organization will submit a report that includes verification of the Club's leadership and their appropriate certification. The coach and certified student-leader(s) must be able to demonstrate current CPR and First Aid certification. There must also be a college employee advisor.

Each spring, each Club Sport Organization will submit an application for recognition renewal, an annual written report summarizing the prior year's programming, names of the new officers and the advisor for the next year, any changes to the organization's structure or Bylaws, and future plans and initiatives. If an application for recognition renewal has not been received by the posted deadline, it will be presumed that the organization is terminated, and the organization will be removed from the roster of recognized organizations.

During the spring semester, student-leaders of the Club Sport Organization are required to meet with the Associate Athletic Director for Operations for a yearly review. The Athletic Department will submit a letter of recommendation to the Cocurricular Education Council regarding the future of the organization.

Revoking of Recognition Status and Sanctions

If a Club Sport Organization does not adhere to established College guidelines regarding fundraising, programming, and event planning, it may be removed from the list of recognized organizations. In addition, if an organization's practices are counterproductive to the College's mission and objectives, it may face sanctions or disciplinary action, and its status as a recognized organization may be revoked. In cases where responsibility needs to be determined, the organization's officers and advisor of the organization will have a hearing with the Director of Student Involvement & Leadership Programs to determine responsibility and appropriate sanctions. Appeals can be made to the Cocurricular Education Council.

Personal Injuries and Insurance Information

Liability Insurance

The College maintains liability insurance for all recognized Club Sport Organizations. Students need to provide their own health insurance and are responsible for any and all medical costs incurred as a result of participating in a Club Sport Organization (see Medical Insurance information below).

Medical Insurance

All Messiah College students are expected to maintain adequate medical insurance coverage. Many students are covered through a family insurance plan. For those students that are not covered by a family insurance plan, Messiah provides a voluntary student health insurance plan. The plan covers sickness, accidents, and major medical expenses for a 12-month period from August 1, 2013-July 31, 2014. This 24 hour-a-day coverage includes all vacation periods and incidents related to Club Sports. In addition, basic services in the College Health Center are provided without charge whether you have this or another insurance plan. The Athletic Training Staff does not provide services, consultation and treatment for Club Sport Organizations.

Emergency/Injury Care Guidelines

1. Team matches, games, or other competitions must be attended by the coach. No official match shall commence unless the coach is present.
2. Any *off-campus* events or practices must be supervised by the coach.
3. *On-campus* practices must be supervised by either the coach or an appropriately trained and certified student-leader. Student-leaders wishing to serve as practice supervisors must obtain permission from the coach and appropriate certifications prior to the practice. No practice shall commence unless the coach or certified student-leader is present.
4. The coach or student-leader will be equipped with a mobile phone (or other 2-way communication device) and first aid kit prior to the commencement of any practice or event.
5. Every coach or certified student-leader must be First Aid/CPR-certified.
6. The coach or student-leader is responsible to assess any injury occurring during a practice or event and to begin emergency treatment. If the injury occurs during an on-campus practice or event, the coach or student-leader is to contact Dispatch immediately to report the injury. Dispatch will contact Department of Safety and/or emergency medical transportation. If the injury occurs during an off-campus practice or event, the coach is to contact emergency medical assistance or transportation as necessary.
7. No person who has sustained more than a minor injury will be allowed to return to his/her residence or be privately transported to a medical facility without the approval of Department of Safety.

8. The coach will report all injuries occurring during an off-campus practice or event to Dispatch.

Missed Class Policy

Messiah College recognizes that Club Sport Organizations often have a significant positive effect on those students who choose to participate in them; however, missing academic programming (classes, labs, lectures, tests, etc.) in order to participate in Club Sport organizations is not good practice and should be avoided. Student leaders, advisors and coaches are encouraged to schedule all Club Sport organization activities so that academic responsibilities will not conflict with Club Sport Organization activities. Students are reminded that when conflicts do occur, individual course regulations about class attendance are left to the discretion of the instructor. It is the prerogative of the individual instructor to decide whether students who miss academic programming will be granted make-up privileges. Students are always responsible to communicate with faculty members prior to the date and are always responsible for missed content, etc. Any arrangements are to be made between the student and the instructor. Faculty members are encouraged to contact the Club Sport Advisor if there are questions or concerns regarding this policy.

Please refer to the class attendance policy in the Messiah College Student Handbook. The Student Handbook policy shall take precedence in cases where there is conflicting language with policies in this document.

Facility Scheduling Policy

Practices

All Club Sport Organizations must seek approval for and schedule all practices through the Assistant Athletic Director of Facilities. There are facility constraints and limitations that prevent practice time and space for Club Sports; therefore, practice times and locations on campus will NOT be guaranteed.

Games, Tournaments, Meets and Competitions

Home events are not guaranteed and must also be scheduled through the Assistant Athletic Director of Facilities. Facility constraints and competing priorities may limit the number and frequency of home events. Decisions regarding home events will be determined on a case-by-case basis and made by the Assistant Athletic Director of Facilities based on the Facility Scheduling Priorities.

Facility Scheduling Priorities

Indoor Club Sports: Indoor athletic facilities are scheduled through the Conference Services Department in conjunction with the Athletic Department (Assistant AD for Facilities and Equipment). Indoor athletic facilities accessible to indoor Club Sports are limited to Brubaker Auditorium, Hitchcock Arena, and Frederickson Natatorium.

Outdoor Club Sports: Outdoor athletic facilities are scheduled through the Athletic Department (Assistant AD for Facilities and Equipment) in conjunction with the Conference Services Department. Outdoor athletic facilities accessible to outdoor Club Sports are limited to the Rec Sports Field, Horseshoe Field, Upper Baseball Field, and Anderson Field. The lights on Anderson Field must be turned off daily by 10:00 p.m. The Athletic Department also reserves the right to move intercollegiate practices onto Anderson Field during previously scheduled club practices due to poor weather and/or field conditions. Finally, indoor facilities will generally not be reserved for outdoor Club Sports.

Priority of Scheduling

The priorities listed below outline the general hierarchy of event scheduling. The scheduling of facilities may be adjusted as needs and opportunities change, and it is inevitable that groups may be confronted with modifications that are less than desirable from their viewpoint. There may also be times when an event within a particular priority group is moved ahead or gets dropped below another priority group's event. Finally, an event that has been previously scheduled is not automatically cancelled or rescheduled simply because another higher priority group wishes to use the facility, although there are times when that may occur.

Priority A Messiah Academic Activities

Priority B Messiah-Sponsored Events

Priority C Intercollegiate Activities

1. Athletic contests
2. Intercollegiate practices
3. Athletic team-sponsored fundraisers
4. Outside athletic teams

Priority D Recreational Sports

Priority E Student Involvement & Leadership Programs Sponsored Events (includes Club Sports, SAB, etc.)

Priority F General Public/External Events

The Athletic Department reserves the right to reject any request if there is a potential for damage or harm to the facilities. The Department also reserves the right to cancel events, limit play, or adjust times of facility/field usage due to facility conditions, renovation, or restoration.

Faith-Related Organizations Policies and Procedures

Student organizations can be formed by any group of students currently enrolled at Messiah College that share a common interest and/or goal. While many organizations at Messiah College integrate faith with programming and life, some student organizations exist primarily for the purpose of Christian fellowship, teaching, worship, and/or theological exploration. These organizations are required to submit a letter of recommendation from the College Ministries pastoral staff prior to being granted recognition. In addition, they are required to set up a meeting with a member of the College Ministries pastoral staff for a yearly review. The College Ministries Department will submit a letter of recommendation to Cocurricular Education Council regarding the future of the organization. Messiah College's Cocurricular Education Committee has been charged with the responsibility and authority to recognize and oversee the operation of all campus organizations. While daily oversight occurs through individual organization advisors and through the Department of Student Involvement & Leadership Programs for those organizations that are deemed faith-related a close working relationship is desired between College Ministries, the student leaders and the organization's advisor.

Obtaining an SGA Charter

Only recognized organizations can apply for SGA Chartership. A Messiah College chartered organization is one who has been recognized by the Student Government Association. Only chartered student organizations are eligible for funding from SGA. For instructions on the SGA chartership process, contact the SGA VP of Organizations.

The Role of the Advisor

Because of the significant role that student organizations play in the educational experience, Messiah College requires each recognized organization to have an advisor. An advisor must be a full-time employee at Messiah College. Student organizations should seek an advisor that has adequate time to dedicate to their respective organization. Advisors will not be approved if they are on a leave of absence or sabbatical during any part of their term as advisor.

Organizations should seek out professionals that are allied to, or have a professional interest in, their organization. Executive organizations, in order to offer continued stability and to meet specific educational and developmental goals, have permanent advisors whose official College position descriptions mandate this role. The role and function of the advisor will vary, not only with each organization, but also at times within a single organization. Determining the expectations between the advisor and officers is one of the most important tasks the organization will perform. It is important that expectations are agreed upon and clearly defined early in the advising relationship to minimize confusion and increase effectiveness.

In general, advisors are responsible for the following three areas: responsibility to the organization, responsibility to the individual, and responsibility to Messiah College. Ultimately, organization advisors have final authority on matters of programming, content, and events, and may withhold approval via the Events Calendar Form, Off-Campus Speaker Form, or formal contracts (Note: Only advisors may legally sign contracts on behalf of an organization or Messiah College). Disagreements or appeals should be submitted to the Director of Student Involvement & Leadership Programs, who shall oversee consultation with the organization leadership and advisor.

Responsibility to the Organization

1. The advisor should pursue opportunities for the education and personal development of students who participate as members and/or officers of student organizations.
2. The advisor should be well informed about all plans and activities of the group. This may be accomplished by attending meetings or consulting with student officers. (Note: Advisors should encourage documentation for all meetings and events presented by a student organization.)
3. The advisor should discourage domination of the group by any individual.
4. The advisor should be familiar with the history of the group and any major events and/or changes that have occurred within the organization.
5. The advisor should assist in the orientation of new officers.
6. The advisor is encouraged to attend events sponsored by the organization.
7. The advisor should offer assistance for sponsored events and must be willing to play a more active role if deemed necessary to ensure the success of the event. The advisor should use discretion in this role and remember that students can often learn from experiences that are not completely successful.
8. The advisor should review/evaluate programs with their student organization, encouraging reflection and learning
9. The advisor should verify that the organization has registered all campus events and has reserved the necessary rooms and equipment.
10. The advisor should assist the organization in setting realistic goals and obtaining objectives for each academic semester and/or year.

Responsibility to the Individual

1. The advisor should encourage each individual to participate and plan group events.

2. Group members may need guidance as they try to decide to what degree they should participate in activities and/or events. The advisor should seek to assist the students in maintaining a balance between the academic, co-curricular, and other aspects of student life.
3. The advisor should encourage students to challenge themselves and to accept responsibility for their actions in regards to their conduct and their group efforts.

Responsibility to the College

Reflection Questions for Advisors

Advisors should frequently reflect on the following questions in the context of their advisory role:

- *Does my leadership allow the organization to identify problems and find solutions independently?*
- *Do I maintain an appropriate balance of advisor support and student autonomy?*
- *Does the organization seek me out for advice or consultation on important issues?*
- *Are the organization and its leaders growing and learning from this experience?*

Resigning from Advising

When an individual is no longer able to continue in their advisory role, he or she may choose to resign from advising. Because organizations are required to have an advisor, Student Involvement & Leadership Programs will monitor those without an advisor until a new advisor is found. Once an advisor has made the decision to resign, they should:

1. Talk with the organization's leadership and assist them, if possible in locating another advisor.
2. Notify the Director of Student Involvement & Leadership Programs in writing.

Problems with Advisors

If the student leadership of an organization has a problem or issue with their advisor, they should contact the Director of Student Involvement & Leadership Programs. Students are not permitted to select a new advisor without consultation with SILP and their current advisor.

The Conference Services Office serves Messiah College by scheduling all non-academic programs and activities, along with coordinating support services to those meetings, programs and activities. The following information is designed to assist members of the Messiah Community in event planning and scheduling. Listed on this page are the guidelines for procedures, deadlines, policies and special considerations.

Room Request:

The use of the campus facilities is available to student groups, college departments and college-sponsored groups. All use of space must be cleared prior to use. Request for use of space is made through sending an e-mail to RoomRes@messiah.edu with the following info: Facility requested, dates requested, time needed to and from, number attending, your name, phone number, mailbox number, e-mail address, name of event or meeting, set up requirements.

Please allow for 2 working days to process all requests. Additional time is required for the following:

If your event includes any set up (tables, chairs, etc.), showing a film, serving food, fundraising, or you would like to advertise for the event, you will be required to fill out an Events Calendar Form in addition to the room request. This form can be picked up and turned in to the Conference Services Office (or mailed to Box 4510) 2 weeks prior to your event. If your event is approved, you will receive a signed/approved copy of this form in campus mail within a week. After your form has been approved, it will be placed on the web calendar: <http://ems.messiah.edu/MasterCalendar/>
Please Note: You may not advertise for an event (through mass e-mail, posters, etc.) until you have received confirmation that your Events Calendar Form has been approved.

Event Description:

Approximately 6-10 days prior to your event, you will receive an Event Description via Outlook e-mail. Please read the Event Description Form carefully. All details on it pertain to your event. The college staff will prepare the space, per the instructions on the Event Description Form. We recommend that you keep your copy of the Event Description Form on file until the event is complete.

Fundraising Guidelines

Philosophy and Purpose

Student organizations at Messiah may, on occasion, choose to conduct fundraising as a part of their activities. It is important to keep in mind the dual purposes of fundraising in this context:

- Fundraising gives organizations the opportunity to sell goods or services to generate a profit that will cover expenses incurred in fulfilling the mission and purpose of the organization. These will often be events that provide significant occasions for student involvement.
- Fundraising gives student organization members the educational opportunity to contemplate stewardship and philanthropy in a realistic context. Students are encouraged to fundraise reflectively, considering how their organization and event fit into the greater context of the College, contribute to its mission, and invite various constituents to participate in their work.

Because Messiah College, as a non-profit entity, conducts significant advancement efforts for its operations at-large (annual giving, special campaigns, etc.) in and around the community, and due to the large number of student organizations on campus, it is important for student leaders and advisors to consider the impact of their individual efforts. Thus, the following guidelines will be strictly enforced for student organization fundraisers:

Guidelines

1. Only Messiah College officially recognized organizations can sponsor fundraisers.
2. All fundraisers that are conducted by student organizations must be approved by the organization's advisor and the Student Involvement & Leadership Programs Office, which limits the frequency and number of fundraisers each semester.
3. Fundraisers will be considered by the Student Involvement & Leadership Programs Office in the order they are received. Approvals will be made on the basis of the fundraiser type, scope, purpose, and broader campus context. A student organization that feels that a particular fundraiser should be exclusive to their organization may appeal to the Student Involvement & Leadership Programs Office.
4. All goods or services must be congruent with the Community Covenant. For example, items such as sexually explicit posters, apparel promoting drug/alcohol use, condoms, or other offensive materials may not be sold or given away. The spirit of the law will be enforced in addition to the letter of the law.

5. Students may not be the sole signatories on contracts. Messiah College does not recognize contracts signed by students alone as binding. All contracts for any recognized Messiah College student organization must be signed by the advisor for that group (as a Messiah College employee) or by the Director of Student Involvement & Leadership Programs.
6. Storage of products must not infringe upon the reasonable living rights or comfort of others, nor interfere with designated college storage space or operation.
7. Door-to-door and phone solicitation are prohibited both on and off campus.
8. Games of chance, lotteries and/or raffles are not permitted. This rule does not apply to things such as door prizes or promotions that are a part of another event for which the ticket or product is being purchased.
9. Participation in pyramid type clubs and/or chain letters is prohibited.
10. Trustees, alumni, parents and off-campus individuals and groups are not to be contacted for fundraising purposes without the approval of the Development Office (examples include letters to alumni, parents, area businesses, churches, etc.) This policy applies to requests for supplies, gift certificates, cash, or gifts in kind. The Development Office oversees all types of solicitations and ensures donors get receipts in a timely manner, are thanked, and receive updates on what their funds are accomplishing. Messiah College will not process checks and give tax receipts for unapproved fundraisers.
11. Use of the Messiah College word mark and letterhead must be approved by the Office of Marketing & Communication.
12. Advertising may not take place until written approval is obtained. On-campus advertising must have the approval of the staff in charge of the proposed advertising area. Off-campus advertising must have the approval of the Director of Marketing & Public Relations.
13. Violations of any of these guidelines by a recognized student organization may result in forfeiture of funds raised and/or a disciplinary hearing with the Director of Student Involvement & Leadership Programs. Appeals can be made to the Co-Curricular Education Committee. In the event that funds are confiscated or a fine is issued, the funds shall be donated to a worthy cause with preference given to Summer Missions.

Speakers, Artists and Performers Policy

Messiah College is committed to the concept of liberal learning. We welcome exposure to a variety of intellectual perspectives and artistic expressions, and believe that all perspectives and expressions should be engaged both critically and hospitably from a perspective of Christian faith. Hence, officially recognized College student organizations may invite speakers, artists, and performers to campus who can foster intellectual, emotional, spiritual, and/or artistic growth. All reasonable points of view may be presented as long as the opportunity for dialogue exists. While the cultural and educational values of programs are important in determining their appropriateness for campus presentation, the College recognizes the legitimate need for entertainment and leisure time in campus life. When taken together, speakers, artists, and performers should offer a balanced and well-constructed series of events and programs. The following guidelines apply to student organizations that desire to sponsor speakers, artists, and performers.

The selection of speakers, artists, and performers should be in harmony with the Philosophy of Cocurricular Engagement with Popular Culture. More information on this philosophy can be found at http://www.messiah.edu/offices/student_affairs/pop_culture/.

Speakers, artists, and performers should be selected for their ability to do one or more of the following in ways that are consistent with the goals of the College and of the sponsoring organization: provide information, stimulate constructive thought, communicate truthfulness, deepen understanding, sharpen critical judgment, delight their audience, and encourage creativity.

Programs should be selected in a way to both challenge and nurture a dynamic Christian learning community.

The speaker, performer, or artist and their views should be treated respectfully.

Disagreement with the presenter or their ideas should be expressed in an appropriate manner.

Excellence and quality in presentation are expected.

The sponsoring organization's advisor and the Office of Student Affairs must approve the event prior to making an offer, signing a contract, and advertising (See Appendix II). The advisor of the sponsoring organization is responsible for informing the organization of these guidelines. The Director of Student Involvement & Leadership Programs will settle all disputes related to speakers, artists, and performers that are sponsored by student organizations.
