

Thank you for your interest in the Friendship Family Program!

We hope that you and your assigned student(s) will develop a relationship that is mutually beneficial and rewarding. The International Student Programs Office will periodically email suggestions of activities and events for you and your students to attend. You are encouraged to initiate contact with your students and customize any interactions to your preferences and needs in addition to our office's events.

Please note that hosting a student in your home over College breaks is not an expectation or an obligation of the Friendship Family Program. If you wish to invite your student to stay in your home over a College break, you are welcome to do so, but we have communicated to students that this is not a component of the Friendship Family Program.
