

Thank you for your interest in the Friendship Family Program!

We hope that you and your assigned family will develop a relationship that is mutually beneficial and rewarding. The International Student Programs Office will periodically email suggestions of activities and events for you and your family to attend. You are encouraged to initiate contact with your family and customize any interactions to your preferences and needs in addition to our office's events.

Please note that hosting a student over College breaks is not an expectation or an obligation of the Friendship Family Program. If your family invites you, you are welcome to stay with them. However, please be mindful that some families do not have the abilities to host you over breaks.
