# Class of 2016 First Destination Survey – Executive Summary

## ABOUT THE SURVEY

The purpose of the annual first destination survey is to capture information on the employment and graduate school status of Messiah College alumni within six to nine months of graduation. For the purpose of this survey, the “Class of 2016” is defined as anyone who graduated in December 2015, May 2016, or August 2016.

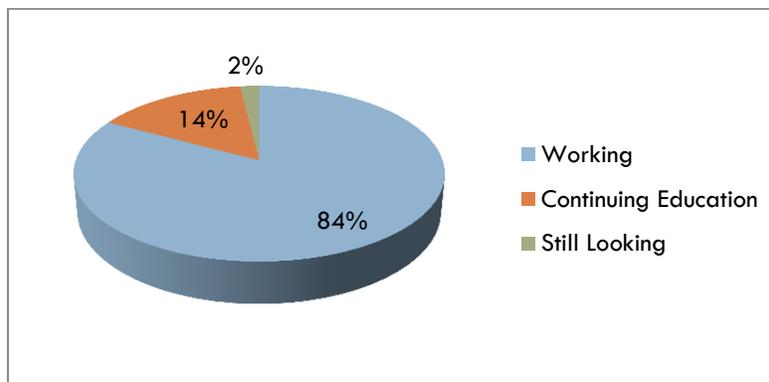

Statistics provided are based on information received through a variety of methods. An electronic survey was distributed in May and October via email. Graduating seniors who had confirmed their post-graduation plans were asked to complete the survey during the cap and gown distribution in May. Data was also gathered from 2016 graduates who attended the “Zero-Year Reunion” at Homecoming. Follow-up emails were then sent in November and December to alumni who had not yet responded to the survey. In January, individual academic departments were contacted via phone or email, and a request was made to all Messiah College educators for any additional information on graduates whose status remained unknown. Finally, information on non-responders was gathered from updated professional profiles on social media sites such as LinkedIn. It is important to note that the collection process and reporting summary of results adheres to the professional guidelines set forth by NACE (the National Association for Colleges and Employers).

**Through this extensive process, we obtained a 68% knowledge rate of the Class of 2016.** “Knowledge rate” is defined by NACE as the “percent of graduates for which an institution has reasonable and verifiable information concerning the graduates’ post-graduation career activities.”

The goal of this report is to provide summary highlights, as well as a breakdown by academic department, of the post-graduate activity for the Class of 2016.

## GENERAL SUMMARY

Graduates of the Class of 2016 were asked to identify their **primary status** 6 to 9 months after graduation.

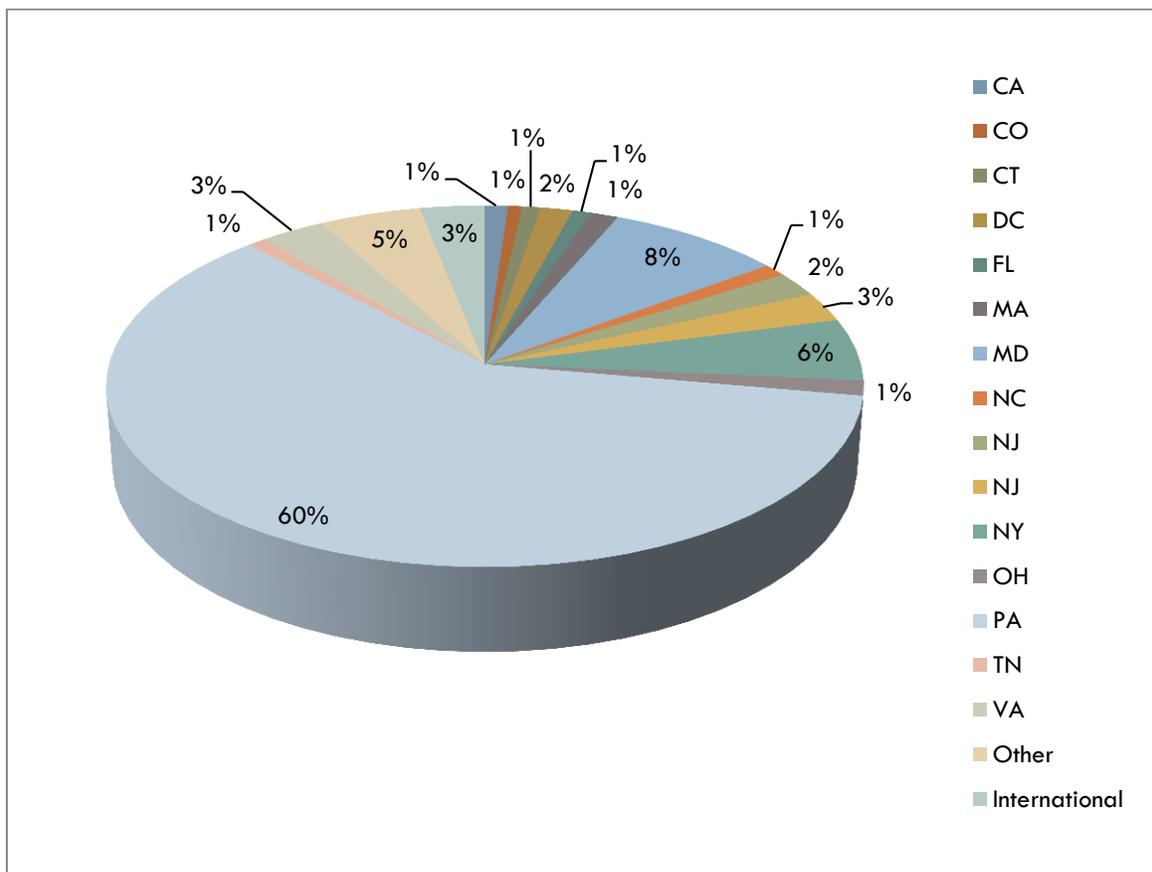

**98% of the Class of 2016 survey respondents were employed or in a graduate or professional program within 6 to 9 months after graduation. Of those, 84% of the respondents secured employment while 14% indicated graduate or professional school as their primary activity.**

The statistics for Messiah College graduates compare favorably to the most recent national averages reported by the National Association of Colleges and Employers (NACE) in their “First Destination for the College Class of 2015” report, which was presented in June 2016. The following statistics show the national averages for the primary activity of the Class of 2015: **66% employment (compared to 84% for Messiah grads); 17% graduate-level programs (compared to 14% for Messiah grads); and 16% seeking (compared to 2% for Messiah grads).**

## GEOGRAPHIC DESTINATIONS

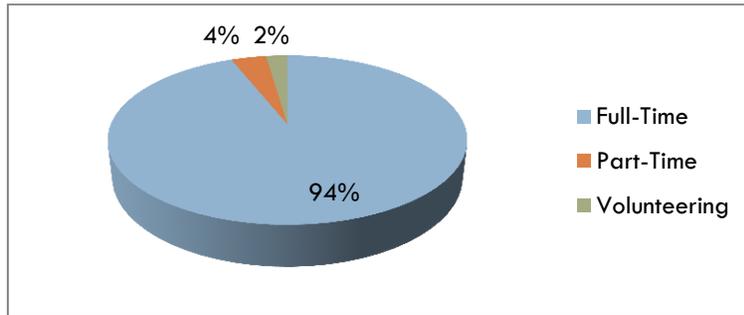

The geographic destinations for the Class of 2016 spanned the United States as well as international locations. In the U.S., the Northeast continues to be the strongest draw for Messiah College graduates, constituting approximately 78% of the graduates. International destinations totaled 3% and include Australia, El Salvador, Guatemala, India, Namibia, Netherlands, Panama, Taiwan, and Zambia.

**The Northeast continues to be the strongest draw for Messiah College graduates, constituting approximately 78% of the responding graduates. The top three Northeast destinations are Pennsylvania, Maryland, and New York.**

## EMPLOYMENT INFORMATION

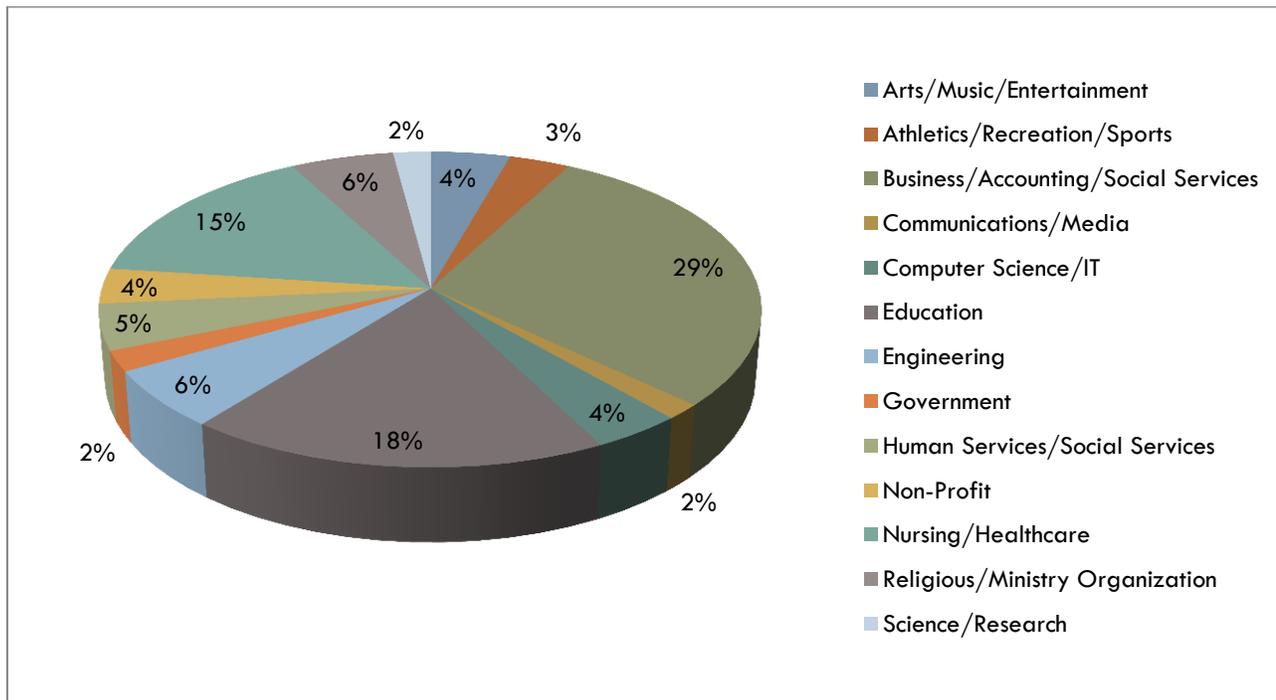

84% of the Class of 2016 survey respondents reported employment as their primary status following graduation. Graduates who are in full-time work, part-time work, and missions/volunteer service are considered as employed for the purpose of this survey. The chart below shows the breakdown of the types of employment for the Class of 2016. The survey also included an optional question about average starting salary. Of the 457 total survey respondents, 78 graduates answered this question; of these respondents, 71% reported starting salaries between \$30,000 and \$60,000. The median salary was \$40,000.

*\*Please note: the following definitions were used:*  
**Full time**-30+ hours/week; includes post graduate internships, fellowships, entrepreneur experience, freelance, contract work  
**Part time** - less than 30 hours/week; includes all activities listed above  
**Missions/Volunteer Service** - includes positions that are unpaid, self-funded, or provide a stipend; Military experience is also included in this category
