COMMUNITY OF EDUCATORS

The Community of Educators consists of educators whose primary role is to directly help students attain the University-Wide Educational Objectives through curricular and cocurricular programming or who supervise those having this primary role. Members of the Community of Educators, who have at least a Master's degree, include faculty (term-tenure track faculty, clinical track faculty, lecturers, librarians, and curricular administrators) and cocurricular educators (professionals in Athletics, Career Center, Campus Ministries, Counseling, Residence Life, Community Development, Off Campus Programs, International Student Programs, Multicultural Programs, and Student Engagement). Educational means devoted to helping students attain these objectives can be categorized into curricular and cocurricular programming, with curricular programs defined as those that lead to academic credit for the students and cocurricular programs being defined as programs that do not lead to academic credit. Recognizing the complementary and mutually enriching nature of these two types of programming, it is nevertheless important, for the purposes of governance, to make a functional distinction between educators primarily involved with curricular programs and educators primarily involved with cocurricular programming.
