

Scholarship Day Student Table Hosts

Do you remember your own Scholarship Day experience 1 or 2 or 3 years ago?

Scholarship Days are when prospective honors students visit our campus, learn about our College Honors Program, and are interviewed for a scholarship and admission into the CHP. From past experience, we have found that prospective students appreciate meeting and hearing from current honors students during their visit to campus. One of the places this happens is at lunch. Groups of 6-8 prospective students sit at a table in Martin Commons with 1 current CHP student and chat as they eat.

Student Table Hosts help from noon to 1 p.m.

The Student Table Host simply facilitates conversation, answers student questions, and provides encouragement to students as they prepare for their honors interviews! Bonus: they get a really great catered lunch that day!
Dress is business casual.

Please say YES! If you are asked to be a Student Table Host!
