Biblical and Religious Studies (B.A.) with Bible Concentration	3
Biblical and Religious Studies (B.A.) with Religion Concentration	4
Biblical and Religious Studies (B.A.) with Theology Concentration.....	5
Biblical and Religious Studies (B.A.) with World Christianity Concentration.....	6
Christian Ministries (B.A.) with Cross Cultural Ministry Concentration.....	7
Christian Ministries (B.A.) with Congregational Ministry Concentration	8
Christian Ministries (B.A.) with Youth Ministry Concentration.....	9

Planning Your Academic Program

1. BIBL 202 must be taken before any other BIBL courses. Students who have taken BIBL 201, 203 or 204 prior to joining the department do not need to take BIBL 202.
2. BIBL 233 and BIBL 237 should be taken early in your program.
3. It is also recommended that you take THEO 238 relatively early in your program, but not before you've completed BIBL 202.
4. Christian Ministries majors should take CHRM 210 or CHRM 220 in their sophomore year.
5. Christian Ministries majors will fulfill their ELI requirement via CHRM 391 or 393.
6. All majors are strongly encouraged to take Biblical Greek or Biblical Hebrew, either of which will satisfy the QuEST requirement for Modern Languages. Hebrew and Greek are offered alternate years.

Guidelines for Mathematical Sciences Courses

There is no specific math course required for BRS majors. Familiarity with digital technology is increasingly important for students in the humanities. Students interested in pursuing digital applications in the humanities should consider taking courses in CIS. The introductory CIS courses to consider include:

CIS 171 Problem Solving with Computers focuses on using computers and software to create reports, images, spreadsheets, web pages, and databases.

CIS 180 Introduction to Computer and Information Science covers both technical and social aspects of computing, including privacy, security, reliability, and ethics.

CIS 181 Introduction to Computer Programming in Python is the introductory programming course for both majors and non-majors.

For students interested in math, we recommend students enroll in MATH 101, MATH 102, or MATH 107 in their first year, unless they have had a pre-calculus course; then they should consider MATH 108. Statistical literacy is another important area of mathematical study, and STAT269 is a course that gives a good introduction to statistical methods and meets the QuEST requirement.

Sample 8-Semester Plans

Biblical and Religious Studies (B.A.) with Bible Concentration

Course #	Course name	Credits	Course #	Course name	Credits
First Year—Fall			First Year—Spring
