Guidelines for Mathematical Sciences Courses

Students in the Health, Nutrition, and Exercise Science Department should check the mathematics requirements specified for the major in the college catalog. Students in these majors are required to meet the QuEST Mathematical Science requirement but often have specific or additional mathematics courses specified in the major.

Students with Advanced Placement credit:

Requirements for courses in mathematical sciences can be met through Advanced Placement exam credit. Students who have taken AP exams in calculus, computer science, or statistics should check [here](#) to find out how credit is awarded for your scores.

Nutrition and Dietetics (B.S.) Progression Requirements

In order to progress into NUTR 410, 411, and 425, students must have completed the following courses with no grades lower than a C- in each and an average GPA in them of 2.5 (2.75 if more than one of these courses is transferred to Messiah):

CHEM 105, 106, and 204 or CHEM 309/310

BIOL 185 or BIOL 160

NUTR 121 and 222.

Students who do not achieve the required minimum GPA will not be able to complete the Nutrition and Dietetics major. Student grades will be reviewed at the completion of CHEM 105 and 106 and NUTR 121. Typically, this will happen after the first two semesters. Students who have less than a 2.5 cumulative GPA in these three classes (less than a 2.75 for students who transfer one of these classes in) will be considered to be on probation as far as the progression in the major is concerned.

Nutrition and Dietetics (B.S.) Progression Course Repeat Policy

One course from the above list may be repeated one time. An attempt at a course will include all letter grades as well as W, WP, and WF. When extenuating circumstances arise (i.e. significant illness or death in the family), students may appeal this policy by submitting a written letter explaining the rationale for the exception to the DPD Director. If the appeal is denied, the department decision may be appealed to the dean of the School of Science, Engineering and Health.

Applied Health Science (B.S.) with Pre-Athletic Training Concentration

5-Year Accelerated MSAT – 10 Semester Advising Plan

Semester 1		Semester 2	
IDFY 101 First-Year Seminar*	3	COMM 105 (J-term) Fundamentals of Oral Communication*	3

					TOTAL
					8

*QuEST requirement

Summer courses at TJU include:

- OT 341 Occupational analysis and evaluation-Fieldwork level 1: 2 cr
- OT 467 Health Services Administration & Professional Development: 2 cr
- OT 603 Research Mentorship and Methods: 4 cr
- Substitute OT 302 for APHS 271
- Substitute OT 311 for HPED 305
- Students will also take other courses their senior year at TJU, but these are 500+ level courses and there do not count towards the undergraduate degree.
- Thomas Jefferson **will accept** CLEP and AP credits with the exception of Anatomy and Physiology.
- Thomas Jefferson **will NOT accept** transfer credits from other institutions.
- Students must have a “B” average between BIOL 185 & 186.
- Students may “walk” in the Messiah College May graduation ceremony, but will not complete their Messiah College degree until August, contingent upon successful completion of OT 467.
