Class of 2019 First Destination Survey – Executive Summary

ABOUT THE SURVEY

The purpose of the annual First Destination Survey is to capture information on the employment and graduate school status of Messiah College alumni within six to nine months of graduation. For the purpose of this survey, the "Class of 2019" is defined as anyone who graduated in December 2018, May 2019, or August 2019.

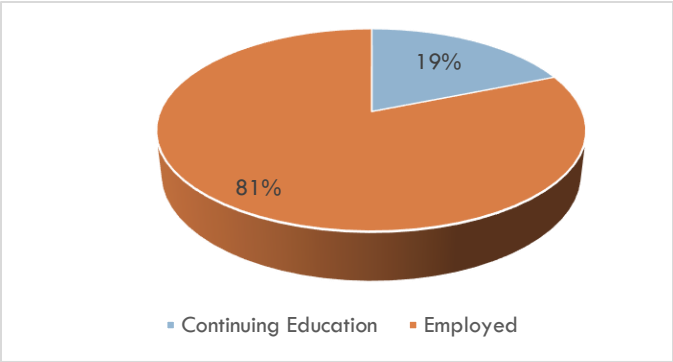
Statistics provided are based on information received through a variety of methods. An electronic survey was distributed in May via email. Graduating seniors who had confirmed their post-graduation plans were asked to complete the survey during the cap and gown distribution in May. Follow-up emails were then sent in October, November and December to alumni who had not yet responded to the survey. In January, individual academic departments were contacted via phone or email, and a request was made to all Messiah College educators for any additional information on graduates whose status remained unknown. Finally, information on non-responders was gathered from updated professional profiles on social media sites such as LinkedIn. It is important to note that the collection process and reporting summary of results adheres to the professional guidelines set forth by NACE (the National Association for Colleges and Employers).

Through this extensive process, we obtained a 74% knowledge rate of the Class of 2019. "Knowledge rate" is defined by NACE as the "percent of graduates for which an institution has reasonable and verifiable information concerning the graduates' post-graduation career activities."

The goal of this report is to provide summary highlights, as well as a breakdown by academic department, of the post-graduate activity for the Class of 2019.

GENERAL SUMMARY

Graduates of the Class of 2019 were asked to identify their **primary status** 6 to 9 months after graduation.

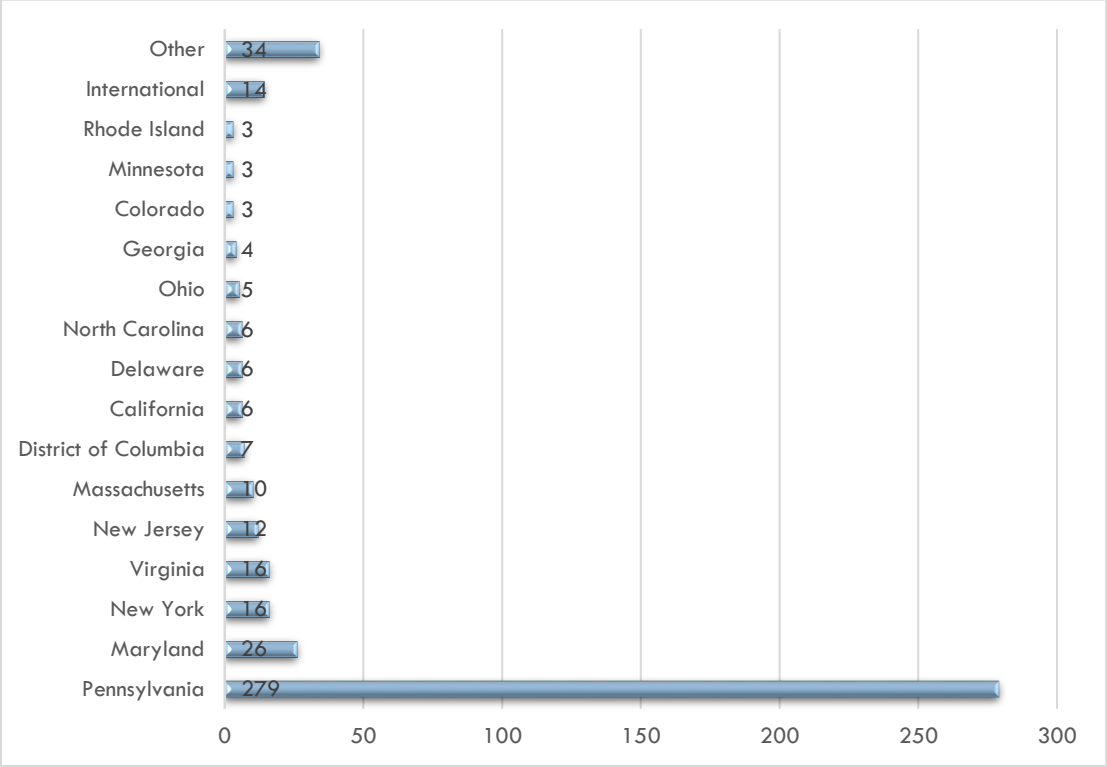


100% of the Messiah College Class of 2019 report being employed or in a graduate or professional program within 6 to 9 months after graduation.* Of those, 81% of the respondents secured employment while 19% indicated graduate or professional school as their primary activity.
*Based on survey responses and other verifiable data sources.

The statistics for Messiah College graduates compare favorably to the most recent national averages reported by the National Association of Colleges and Employers (NACE) in their "First Destination for the College Class of 2018" report. (Please note: the national Class of 2019 data from NACE will not be available until summer of 2020). The following statistics show the national averages for the primary activity of the Class of 2018 as reported by NACE: **65.3% employment (compared to 81% for Messiah grads); 19.2% graduate-level programs (compared to 19% for Messiah grads); and 14.1% seeking (compared to 0% for Messiah grads).**

GEOGRAPHIC DESTINATIONS

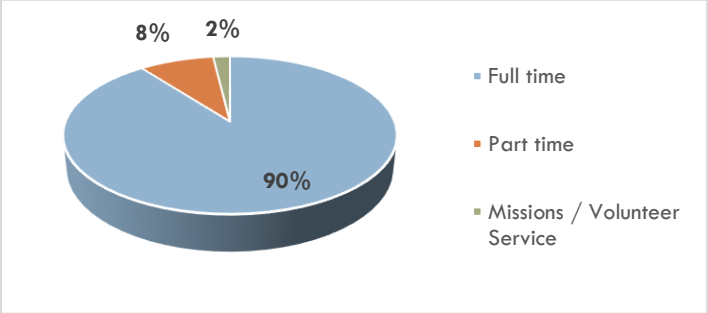
The geographic destinations for the Class of 2019 spanned the United States as well as international locations. In the U.S., the Northeast continues to be the strongest draw for Messiah College graduates, constituting approximately 85% of the graduates. International destinations totaled 3% and include Malaysia, Czech Republic, Netherlands, Singapore, Spain, Republic of Korea and Peru.



The Northeast continues to be the strongest draw for Messiah College graduates, constituting approximately 85% of the responding graduates. The top four Northeast destinations are Pennsylvania, Maryland, New York & Virginia.

EMPLOYMENT INFORMATION

81% of the Class of 2019 reported employment as their primary status following graduation. Graduates who are in full-time work, part-time work, and missions/volunteer service are considered employed for the purpose of this survey. The chart below shows the breakdown of the types of employment for the Class of 2019. The survey also included an optional question about average starting salary. Of the 450 graduates for which we obtained responses and verifiable information, 62 graduates answered this question; of these, 73% reported starting salaries between $30,000 and $60,000. The mean salary was $51,240.00.



Please note: the following definitions were used:
Full time-30+ hours/week; includes post graduate internships, fellowships, entrepreneur experience, freelance, contract work
Part time - less than 30 hours/week; includes all activities listed above
Missions/Volunteer Service - includes positions that are unpaid, self-funded, or have a stipend; military is also included

*According to Messiah College's academic policies, "students may complete more than one major within the normal timeline and requirements for each baccalaureate degree. A student pursuing a double major must determine which major is the primary major and which is secondary. The primary major determines whether a B.A. or a. B.S. will be granted."
