At that moment, a teary-eyed Sarah had a "life changing experience" and felt first-hand the reward optometrists feel as they provide the gift of improved sight to others.

"One goal of all scholarship should be, I think, to cultivate human attitudes toward other human beings and to make at least a modest contribution toward creating a better society."

College Press announces business card pricing

Please note that College Press business card pricing is as follows:

- 100 = \$20
- 250 = \$23
- 500 = \$27
- 750 = \$30
- 1,000 = \$32

This pricing is good year round. In the past, College Press has encouraged departments and employees to send their orders together so that cards could be run in bulk at a discounted rate. New technology allows us to discontinue this practice while still offering the discounted rate. Any orders currently being processed and all future orders will be afforded the above pricing. Procedures for placing business card orders have not changed. Business card order forms are available on the Forms channel of MC Square. These can be filled out and e-mailed to collegepress@messiah.edu or printed out and sent through campus mail to College Press, Box 3022. As always, we welcome your comments and feedback in our attempt to provide quality service at the best pricing possible.

Openings for child care in The Early Learning Center

The Early Learning Center (ELC) currently has several openings for full-time or part-time child care for children ages two years, 9 months (by Sept. 1) to five years. For more information, please contact the ELC office at ext. 5043 or visit the ELC website at www.messiah.edu/academics/early_learning.

Safety inspection reminder

This is a reminder that the safety committee must perform safety inspections of almost all of the properties on campus and satellite properties. The inspections must be performed at least once a year per building/property. These inspections are a requirement from our insurance company as part of having a certified safety committee on campus. The inspections are useful in finding unsafe areas,

potential hazards, or areas of concern. We try to contact everyone in the building after an inspection is performed so you are made aware of any potential hazards or areas that need fixed. We appreciate everyone's help. If you have any questions, please contact Hilary Kreider, environmental health and safety manager, hkreider@messiah.edu, or Su Pottiger, manager of benefits, spottiger@messiah.edu.

Recycling information available

Please do not bring your personal trash from home and dump it into College containers. We have found a lot of miscellaneous material recently in the containers that were not from the College. Some items included electronic items such as TVs and gaming systems. These type of items we recycle and do not want in our trash stream. Thanks for your cooperation. Please contact Hilary Kreider, environmental health and safety manager, at ext. 3560 if you need assistance finding someone local that will recycle your items or handle any of your household hazardous trash. Local municipalities and counties have places to take these items.

Campus Store changes monthly statement process

The Campus Store will no longer print monthly statements of department charges to reduce paper consumption. Account managers will be able to reconcile charges posted on Banner with the receipts provided at the time of purchase. The individual making the purchase should make sure the account manager receives the receipts by the end of each month. If there are questions about charges to your account, please direct them by e-mail to bookstore@messiah.edu.

Postal services tip
