

Religion Index

ATLA Religion Database

Contents

Index to over 570 journals from 1949 to the present, mostly from a Protestant viewpoint. Includes citations to articles, book reviews, essays in collections, and the books containing the essays. **Few abstracts. Some links to full-text articles** [\(see journal list\)](#).

How to access Religion Index

- Library Home Page (www.messiah.edu/murraylibrary) → Databases/Find Articles → click letter “R” in the alphabetical list.

Searching Suggestions	
Keyword	Allows the flexibility of searching any words you place in the search boxes. This type of search may yield larger results lists, but with less precision.
Select a field	Choose from a host of narrowly focused fields from the drop-down menus to the right side of the search boxes. This type of search will likely yield more meaningful search results.
Scripture Citations - for finding articles on specific Bible passages.	<ul style="list-style-type: none"> • Use Scripture tab on the top blue menu bar. • Locate the book of the Bible & Expand it. • Locate the chapter and Expand it for verses.
Publications - allows searching within specific journals.	<ul style="list-style-type: none"> • Use Publication tab on the top blue menu bar. • Type the journal title in the Browse box. • Click the relevant title. • Click Search within this publication.
