Please type or print clearly your answer to each of the questions below. Answers may be provided on a separate sheet: if so, please retype the questions on the attached sheets.

1. Do you have any previous research experience? If so, please provide a brief description of each experience, including: starting and ending dates, average hours worked per week, a project title or 1-2 sentence project summary, techniques/instruments mastered and list any resulting presentations or publications.

2. Please provide a general description of the proposed project. Be sure to include the goals of the project, an initial hypothesis, a description of the research methodology and expected results.

3. Why is this project of interest to you and how does the project or experience relate to your long-term goals?

**Faculty Agreement: Please have your mentor read and sign this application, if they support your application and the proposal description.**

**Student Agreement: Please read and sign the ACCEPTANCE AND AGREEMENT NOTIFICATION indicating that you understand your responsibilities should you be offered a summer research position. The form, available in the Dean's Office (J-155), should be submitted with your application.**

**-Applications are due in the Dean's Office on or before March 25, 2009. Decisions will be made by mid-April 2008.**
