

PAYROLL OFFICE

Direct Deposit Authorization

To reduce errors, please attach proof of your routing information.

Common documents include:

- a voided check. (a blank, unsigned check, with VOID written across it in large letters.)
- a letter from your bank showing your name, routing number and account number.
- a copy of that little card the bank gives you with your routing and account numbers on it.
- a print of a web page that shows your name, routing number and account number.

Employee payroll at Messiah University is handled by a direct deposit system. This system works by using the information that you provide to setup designated deposit routing(s) for your pay. Upon setup, the Payroll Office will deposit your net pay to the destinations that you choose. These destinations must be checking or savings accounts at institutions within the United States of America.

I hereby authorize Messiah University and the financial institution(s) listed above to initiate direct deposit (credit) entries and to initiate, if necessary, retraction (debit) entries for any credit entry error to my account. I understand that it is my responsibility to provide accurate and current banking information. I understand that in the event my financial institution(s) is/are not able to deposit any electronic transfer into my account due to any action I take, Messiah University cannot re-issue any funds to me prior to receiving confirmation of a failed deposit by the financial institution(s). This authorization will remain in effect until the Payroll Office has received written authorization—via this form—from the employee of its termination or modification. The employee shall give notification in such time and manner—typically one full pay period in advance—as to afford Payroll and the bank/institution a reasonable opportunity to act upon the change or termination request.
