**[GOVERNANCE MANUAL]**

## **INTRODUCTION**

The mission of Messiah University is to educate men and women toward maturity of intellect, character, and Christian faith in preparation for lives of service, leadership, and reconciliation in church and society.

As the student body of Messiah University, we wish to embrace this mission and accept our role in fulfilling it. We commit ourselves to learning in every facet of our lives: intellectually, socially, physically, and spiritually. Through our efforts in each of these areas, we seek to bring glory and honor to Jesus Christ, our Savior and Lord. We recognize that our highest calling is to love God with all our hearts, souls, minds, and strength; and then, out of the overflow of God's love, to love others.

At Messiah, we offer ourselves to God as servants and as children, daily striving to become more like Christ. We acknowledge that part of that process of transformation occurs as we take responsibility for serving the community. To that end, we establish this manual, enabling us as students to govern our own affairs and to participate in the leadership of Messiah University. With Christ as our Head, we strive to learn together, to grow together, and to serve together as a community of students and as a body of believers.

### **5.1 UNIVERSAL QUALIFICATIONS AND RESTRICTIONS**

- 5.1.1** Any student seeking to hold SGA office must be a current undergraduate student enrolled at Messiah University.
- 5.1.2** No SGA officer or any officer of an SGA Executive, Chartered, or Recognized organization may be on disciplinary, academic or chapel probation at any time during their term in office. If a student on probation desires to serve in a position during the subsequent academic year, when the student will no longer be on probation, they may petition the Extended Forum of Student Senate to allow them to participate in the election or hiring process and take office following transition activities. This exception must be approved by a two-thirds majority vote of the Student Senate.

### **5.2 STUDENT BODY PRESIDENT AND STUDENT BODY VICE PRESIDENT**

- 5.2.1** Any eligible student in at least their second semester at Messiah University interested in the position of Student Body President shall select another eligible student in at least their second semester at Messiah University who shall run for Student Body Vice President on the same ballot as the presidential candidate, or vice versa.
- 5.2.2** The Student Body President and Student Body Vice President shall be elected by a vote of the general student body population. The candidate pair receiving the most votes wins. - 5.2.3** At the outset of the spring semester in early February, the Chair of the Election Committee (see [Section 4.2.4](#)) shall announce the availability of Candidate Cards containing biographical and institutional questions, as furnished by the Election Committee and Executive Cabinet. Any student desiring to run for Student Body President or Student Body Vice President shall submit their completed Candidate Card along with a petition bearing the signatures of 200 current students endorsing their candidacy. - 5.2.4** Elections for Student Body President and Student Body Vice President shall be held in the spring semester before the first week in March has elapsed. Voting will be preceded by a set period of time, as announced and enforced by the Election Committee, during which candidates may openly campaign on campus. Failure to

- 5.2.5** Following the election, the Student Body President-elect and Student Body Vice President-elect will be presented to the Primary Forum of Student Senate for confirmation by a two-thirds majority vote. The Student Senate is not voting on specific support for this candidate pair, but rather affirming their legitimacy as candidates and certifying that fair and proper election procedures were followed. Candidates of the election with voting rights in the Student Senate will be expected to abstain from this vote.
- 5.2.6** Following confirmation, the Student Body President-elect and Student Body Vice President-elect shall serve on the Cabinet Nominations panel (see [Section 5.3](#)). Applications will be submitted to the Chair of the Election Committee by the due date stated on the application, which shall be no later than the final day of the election for Student Body President and Student Body Vice President.
- 5.3.2** For the role of Vice President of Diversity Affairs, all applicants must obtain a recommendation from a faculty member or administrator on campus supporting their candidacy for the role and submit this letter along with their application. - 5.3.9** Following clearance of any University probations, the Primary Forum of Student Senate shall vote individually on each nominee before the second week in April has elapsed. The nominee must receive a two-thirds majority vote in order to officially assume the role. If the Student Senate does not approve the nominee by a two-thirds majority, the current Student Body President may either 1) exercise veto power and overturn the Senate's decision, thus officially instating the nominee or 2) ask that the Panel reconvene to select another nominee.

This card shall also allow for the candidate to indicate the committee which they would prefer to sit on. Interested individuals shall have two previous mentors or educators give referrals to the Student Senate, regarding questions concerning the purpose of a Student Senator, as well as questions speaking to the candidate's ability to function within the role.

**5.4.3** Upon receiving a completed application and both referrals, the Executive Cabinet shall review the application and ensure that the interested individual is not currently on any form of institutional probation. The Cabinet shall then review the requested committee placements to determine if space is available. If there is an opening, they shall inform the candidate of their approved appointment, start date, and committee placement. If there is no opening available on any of the requested committees, the Cabinet should reach out to the individual and discuss other possible committee placements, at which time the applicant may choose to either accept the alternative placement or withdraw their application materials.

Interested individuals shall submit their completed Candidate Card along with a petition bearing the signatures of 50 current students endorsing their aptitude for the position or with a letter of recommendation from faculty. An interested candidate need not provide both

signature petitions and a letter of recommendation, but only one of those two options.

- 5.5.2.4** In advance of the Student Senate meeting during which voting will occur, all Candidate Cards should be made available to members of the Primary Forum for review. Candidates will be asked not to attend the meeting and are excused if they hold a position that would normally mandate their attendance. At the meeting, the outgoing Vice President of Student Review will summarize or read verbatim (at their discretion) the submitted Candidate Cards to ensure that everyone in attendance is informed of the options. A private vote (either written or electronic) will follow, with one vote granted to each official voting member of the Primary Forum in attendance that evening. As always, the established quorum of 50% must be present.
- 5.5.2.5** The highest vote-earners from each the rising sophomore, junior, and senior (current first-year, sophomore, and junior) classes shall be declared winners. The next two highest overall vote-earners shall also be declared winners.

- 5.5.3.2** To be eligible for the role of the First-Year Student Review Board representative, one must either be a first year at Messiah, or it must be the first semester for a transfer student. If it is not the first semester for a transfer student, they may apply in the Spring to be a representative of their class represented on their degree audit. The First-Year application will consist of biographical and institutional questions, and a letter of recommendation from faculty or student leadership. Examples of student leadership include but are not limited to orientation leaders, residence life staff, etc. However, the Vice President of Student Review may decide to either include or not include the letter of recommendation on the application and may change any of the questions on the application as they see fit.

#### **7.2.1 Candidate Qualifications**

- a. No students seeking nomination to the Diplomatic Corps may be on disciplinary, academic or chapel probation at the time of appointment. If a representative is placed on probation while in office, they will be replaced.
- b. Individuals already holding an SGA office should not be appointed to these positions unless specifically designated by the committee charter, required by their job description, requested by committee chairpersons, or in cases where the slot cannot be otherwise filled.

#### **7.2.2 Selection Process**

During the spring transition period, the Student Body President-elect shall design an appropriate selection process and consult with his or her Cabinet-elect to present nominations to the Student Senate for a majority approval vote before the end of the academic year.

### **7.3 OPERATION**

#### **7.3.1 Orientation and Oversight**

In conjunction with the SGA Advisor, the Student Body President shall organize a training session at the start of the fall semester to prepare representatives for their roles. Throughout the year, he or she should provide oversight to the Corps by continuing to advise and communicate regularly with representatives.

#### **7.3.2 Reports**

Student representatives shall submit regular written reports to the Student Body President summarizing committee business and activities. The President shall keep these reports on file and will make them available to all members of the

Student Senate. If it is deemed necessary by the Senate members, certain representatives may be called to give an oral report at a meeting of the Senate.

## **7.4 MID-YEAR CHANGES**

### **7.4.1 Resignations and Removals**

- a. Student representatives who find that they can no longer fulfill the duties required of them by SGA and their respective committees shall submit a letter of resignation to the Student Body President.
- b. If a student representative is graduating after the fall semester, they should notify the Student Body President of their forthcoming resignation no later than December 1<sup>st</sup>.
- c. If a student representative is not satisfactorily performing his or her duties, the removal policies outlined in [Section 6.2](#) shall be followed.

### **7.4.2 Filling of Vacancies**

In the event of a vacancy, a new representative should be appointed by the Student Body President and approved by the Student Senate within three weeks.

## 8 STUDENT ORGANIZATIONS

### 8.1 INTRODUCTION

#### 8.1.1 Student Organization Definition

An SGA student organization is a defined group of students unified by a common pursuit of a particular passion or interest and committed to developing as individuals and leaders.

#### 8.1.2 Student Organization Mission Statement

The mission of student organizations is to provide opportunities for student involvement and pursuit of interests that build relationships and encourage leadership development. To accomplish this mission, SGA will cultivate a hospitable environment, dedicate our collective resources, and facilitate student advocacy for the advancement of student organizations.

#### 8.1.3 Types of Student Organizations

SGA defines three (3) tiers of student organizations—Recognized, Chartered and Executive—each increasing in responsibilities and privileges while maintaining those gained from previous levels:

- a. Recognized organizations receive SGA support and are advertised as an official Messiah University student organization.
- b. Chartered organizations receive funding from the Student Activities Fee and participate in the Student Senate.
- c. Executive organizations serve on the Student Body President's Leadership Council, have the potential for paid leadership positions, and attend the Office of Student Engagement annual Student Leadership Retreat.

In addition, the expected level of involvement and activity increases with each tier of organization in accordance with the Leadership Agreement produced by the Office of Student Engagement. These three tiers of organizations are defined in detail in the following governance.

#### 8.1.4 Characteristics of All Student Organizations

All SGA student organizations shall be characterized by:

- a. Consistency and alignment with the mission and values of Messiah University, SGA, and the Office of Student Engagement, all of which sponsor Recognized, Chartered, and Executive organization activities.
- b. Consistency and alignment with the SGA student organization mission statement found in [Section 8.1.2](#).
- c. Adherence to both SGA governance and organization-specific governing documents regarding club operations and financial policy.
- d. Service as a vibrant outlet for student involvement and leadership, holding regular meetings and positively contributing to the Messiah University community as determined by the following governance and the Vice President of Organizations.
- e. Inclusive membership policies open to all Messiah University students, with the exceptions of gender-specific Club Sports teams and national honors societies with specific GPA requirements.

### **8.1.5 Limits on Student Organizations**

To ensure financial stability, provide quality programming to all students and encourage excellence in organizational operations, the following limits will be placed on the numbers of student organizations:

- 8.1.5.1** Recognized organizations shall be limited only by the capacity of SGA and the Office of Student Engagement to thoughtfully and thoroughly support all organizations in a professional and impactful way.
- 8.1.5.2** Chartered organizations shall be limited based on a formula. There shall be one (1) Chartered organization for every 60 students. The Chartered organization cap equals the total number of enrolled students divided by current Chartered Organization Ratio (which is 60). In the case of a decimal, the number always rounds up. No organizations may receive a charter unless space within that cap exists.
  - 8.1.5.2.1** In the event the cap falls below the existing number of Chartered organizations, no organizations shall lose their charter while maintaining compliance with all SGA policies and procedures as outlined below. In this circumstance, no new organizations may receive a charter until available space is made below the new cap number.
  - 8.1.5.2.2** Discipline-specific honors societies shall receive limited entry to the Chartered organization level, especially if a Chartered organization with a similar focus or discipline is already operating.

### **8.1.6 Dissolving Process**

If an organization no longer wishes to maintain any status, they must request a meeting with the Vice President of Organizations by October or March to

determine the proper process, in regard to transferring of equipment, purchases, funds, etc. in compliance with both SGA policies and Messiah University policies.

#### **8.1.6.1 Club Dormancy and Defunction**

If an organization becomes unresponsive to the Student Government Association's correspondence, and they fail to communicate with their club advisor, then the club will be considered dormant the following semester. This will be at the discretion of the club advisor and the Vice President of Organizations. During the semester of dormancy, students may seek to restart the club. Clubs in dormancy are not eligible for a budget. If the club is able to fulfill the minimum requirements of club grading and average at least a "B" grade, then the club will no longer be considered dormant. If the club receives less than a "B" grade, it will remain dormant for the following semester. If the club continues to be unresponsive, then the club will be formally dissolved the semester following dormancy.

- i. If a club is dormant for two consecutive semesters, they must go before the Finance and Organizations committee for a dormancy hearing. The club must present the rationale for why they have failed to improve. It is then up to the discretion of the Finance and Organization Committee if the club ought to be dissolved or should remain dormant.

#### **8.1.7 Adjusting Status**

##### **8.1.7.1 Reason for Adjusting Status**

A Chartered Club may return to Recognized Status, or an Executive Club may choose to return to Chartered Status if any of the following conditions are met:

1. A club or organization no longer believes their organization may be able to meet the enhanced responsibilities, expectations, or the definition of their status moving forward.
2. The Student Senate removes a club or organization's Charter or Executive Status, as outlined in 8.3.4 and 8.4.4
3. An Executive Organization no longer has a sponsoring department or dedicated advisor, which is defined as a requirement under the definition of an Executive Organization under 8.4.1.2 (see. 8.1.7.2).

##### **8.1.7.2 Executive Organization and Preexisting Messiah University Department or Office**

If the preexisting Messiah University Department or Office no longer wishes or is able to continue partnering with the Executive Organization, such as no longer being able to provide a dedicated and compensated advisor, then the Executive Organization must return to Chartered Status per [Section 8.1.7.4](#).

##### **8.1.7.3 Process for Adjusting Chartered Status**

The following process shall be followed for a Chartered Club wishing to return to Recognized Status:

1. The club must declare an intent to change status to the Vice President of Organizations no later than October or March within a semester.
2. The Vice President of Organizations will make the intent to change status known to the President's Cabinet, providing the club's rationale for a change in status.
3. The following full semester after declaring an intent to change status, the club leadership and advisor must work with the Vice President of Organizations to ensure the club understands the change in responsibilities between a Chartered and Recognized Club.
4. At the conclusion of the semester, the Club status will be returned to Recognized.
5. The newly Recognized Club may not apply for Chartered Status again for one year, as outlined in [Section 8.3.1.2 \(b\)](#).

#### **8.1.7.4 Process for Adjusting Executive Status**

The following process shall be followed for an Executive Organization wishing to return to Chartered Status:

1. The organization must declare an intent to change status to the Vice President of Organizations no later than October or March within a semester.
  - a. An Executive Organization may choose to return to Chartered Status if they believe they no longer meet the definition of an Executive Club in mission or outreach, or
  - b. An executive organization must declare an intent to change status if the partnered Office or Department no longer wishes to partner with or is able to partner with the organization, such as not being able to provide a dedicated and compensated advisor to the organization.
2. The Vice President of Organizations will make the intent to change status known to the President's Cabinet, providing the organization or Department/Office's rationale for a change in status.
3. The following full semester after declaring an intent to change status, the organization leadership and advisor must work with the Vice President of Organizations to ensure the club understands the change in responsibilities between an Executive and Chartered Club.
  - a. If a different Department/Office wishes to partner with the Executive Organization, the organization may retain their Executive Status. The Vice President of Organizations and SGA Advisor will then work with the new dedicated advisor for the

organization to aid them in understanding their responsibilities as an advisor to an Executive Organization. The Department/Office and organization must make this known to the Vice President of Organizations no later than March/October of this transition semester, otherwise the club must revert to Chartered Status.

4. At the conclusion of the semester, the Club status will be returned to Chartered, unless a new Department/Office agrees to a partnership with the organization by October or March.
5. Rather than the five years a club must hold a Chartered status before applying for Executive status (see 8.4.1.2 (b)), any club who has changed their status may reapply for Executive Status after two consecutive years of Chartered status.

### **8.1.8 Grace Period to Recruit an Advisor**

Organizations must have an advisor on record with the Vice President of Organizations no later than the last Friday before Student Senate convenes for the Budget Approval Process, or 3 days before Student Senate convenes for the Budget Approval Process, depending on whichever is a greater length of time. Organizations that fail to recruit an advisor in this time will enter into the dissolution process.

### **8.1.9 Guest Speaker Policy**

The process for admitting a guest speaker on campus is managed by the Office of Student Engagement, however given the influence a guest speaker can bring via clubs, the Student Government Association also imposes the following restrictions:

- i. All guest speakers must be approved by a club's advisor. When considering a guest speaker, advisors must consider elements such as:
  - a. A speaker's relevant experience.
  - b. The contribution to the community the speaker provides.
  - c. If the speaker can uphold the behavioral expectations of the Guest Speaker Agreement form that the Office of Student Engagement manages.
  - d. Any other qualities that the advisor considers to be essential to a guest speaker.

## **8.2 RECOGNIZED ORGANIZATIONS**

### **8.2.1 Recognition Process**

- 8.2.1.1 Any student(s) in an established or yet-to-be-established unrecognized student organization can request a meeting with the Vice President of Organizations to discuss the recognition process. If a meeting occurs, the Vice President of Organizations will ensure the interested student(s) know the recognition process as outlined below. Additional detail is available in the Student Handbook.

### 8.2.1.2 Eligibility Requirements

To be eligible for official recognition, applying student organizations must meet the following criteria:

- e. Secure the support of a full-time Messiah University employee to serve as an organizational advisor. Advisors must have experience relevant to the club. Clubs seeking an exception must submit a request for approval to the Co-Curricular Educational Council. Relevance is defined according to the self-classification of the club by the following standards:
  - i. Academic clubs must have an educator (as defined by the Community of Educators Handbook) serve as their advisor.
  - ii. Campus Activities clubs must have an educator (as defined by the Community of Educators Handbook), or an employee with expertise in the activity serve as their advisor.
  - iii. Cultural clubs must have an educator (as defined by the Community of Educators Handbook), or employees with experience in facilitating multicultural and intercultural experiences serve as their advisor.

### **8.2.1.3 Application for Recognition**

To start a new organization, students will obtain and complete an application for recognition from the Office of Student Engagement. This application will include:

- a. Basic organizational information and classification
- b. Demonstration of fulfilling eligibility requirements listed in [Section 8.2.1.2](#)
- c. Written support from proposed advisor and other Messiah University employees/departments as outlined in [Section 8.2.1.2](#)
- d. A proposed organizational constitution and by-laws
- e. Names and roles of proposed organizational student leadership

**8.2.1.3.1** Applying organizations will submit their completed application for review by the SGA Advisor and Vice President of Organizations. These two individuals will complete an initial screening to determine whether or not the applying organization meets all eligibility criteria and has completed their application. If initially approved, the application will then be subject to review by the Co-Curricular Education Council.

**8.2.1.3.2** The application will be reviewed and subsequently approved or denied by the Co-Curricular Education Council based upon the established criteria. The Co-

Curricular Education Council reviews organization applications once a semester, normally at their November and March meetings.

**8.2.1.4** If an application is denied at any point in this process, applying student organizations must wait until the following semester to reapply for recognition.

**8.2.1.5** If an application is approved by the Co-Curricular Education Council, the student organization shall immediately be recognized and subsequently receive the responsibilities and privileges afforded all recognized student organizations. The Vice President of Organizations shall provide an extra outlet of support for the duration of the semester during which an organization becomes Recognized.

## **8.2.2 Requirements/Responsibilities**

All Recognized organizations must fulfill the following requirements and responsibilities:

- a. Adhere to the Characteristics of all Student Organizations ([Section 8.1.4](#))
- b. Regularly and consistently communicate with the Vice President of Organizations as necessary.
- c. Provide a report each month on organization operations in a format to be determined by the Vice President of Organizations.
- d. Submit any proposed organization-specific governance changes to the Vice President of Organizations and SGA Advisor for review and approval by the Finance & Organizations Committee.
- e. Annually renew recognition with the Office of Student Engagement. Each element of renewal applications will be subject to review by the Co-Curricular Education Council. Acceptance of the application is at the discretion of the Council, SGA, and Office of Student Engagement. Acceptance is necessary for continued recognition.
- c. Adhere to policies in [Appendix C](#) for Recognized organizations.

### **8.2.2.1 Privileges**

All Recognized organizations are eligible to receive the following privileges:

- a. Recognition and advertisement as an official Messiah University organization.
- b. Time and support of the Student Body President's Cabinet through the Vice President of Organizations for programming, event planning, and event implementation.
- c. An official Messiah University account number to safely store any organizational funds and approval for fundraising (student organizations are not permitted to have off-campus bank accounts).
- d. Certification to advertise on campus through print and electronic media outlets and to use the Messiah University name, mascot (name and image), word mark, and letterhead.
- e. Ability to reserve classroom space and other University-owned property for organizational events or activities.
- f. Access to a Messiah University email address and printing account.
- g. Invitations to informational Opportunity Fairs for current and/or prospective students.

### **8.2.3 Loss of Recognition**

If, at any point, a Recognized organization fails to maintain eligibility for or meet established expectations for being a Recognized organization, they may be placed on a semester-long probation period by a two-thirds majority vote of the Finance & Organizations Committee. After this period ends, the committee will determine whether or not the organization has changed to comply to outlined standards and will vote whether or not to restore full recognized status, which also requires a two-thirds majority. Failure to renew recognition annually with the Office of Student Engagement results in the immediate loss of recognized status. Any student organization with an established partnership with off-campus organizations or donors must communicate changes in club status with the Office of Development.

#### **8.2.3.1 Dissolving of Recognized Organization**

If an organization no longer wishes to maintain any club status refer to [Section 8.1.6](#) for guidance.

## **8.3 CHARTERED ORGANIZATIONS**

### **8.3.1 Chartering Process**

**8.3.1.1** Any Recognized organization President can request a meeting with the Vice President of Organizations to discuss the chartering process. If a meeting occurs, the Vice President of Organizations will ensure the interested organization knows the chartering process as outlined below.

#### **8.3.1.2 Eligibility Requirements**

To be eligible for chartering, applying student organizations must meet the following criteria:

- a. Continued fulfillment of the Recognized organization criteria found in [Section 8.2.1.2](#).
- b. Maintain Recognized status for at least one year.
- c. Written evidence of regular meetings held at least monthly and a significant level of student interest as determined by the Vice President of Organizations.
- d. Consistent, strong student leadership, including an active organizational student leader dedicated to the organization's financial well-being (e.g., a treasurer).
- e. Evidence of excellence as a Recognized organization.

**8.3.1.3** Chartering requires an initial application submitted to the Finance & Organizations Committee containing documentation of current club leadership, a petition of thirty current undergraduate student signatures in support of the club, a letter of recommendation from the club advisor, and any other additional recommendations as required in [Section 8.2.1.2](#). This initial application requires a majority vote from the Finance & Organizations to continue the chartering process. Initial applications are due by October 1 during the fall semester and by March 1 during the spring semester.

**8.3.1.3.1** If initially approved, an organization has one month from notification to submit additional materials provided by the Vice President of Organizations for review by the Finance & Organizations Committee. These materials include written demonstration of the organization's fulfillment of the eligibility requirements listed in [Section 8.3.1.2](#), updated governing organization documents, including the organization constitution, and written information on organizational purpose, goals, objectives, and proposed activities.

**8.3.1.3.2** After the organization has submitted these additional materials, the Finance & Organizations Committee shall decide whether or not to recommend the organization for approval by the Student Senate. This recommendation requires a majority vote. If not approved, the organization shall retain its recognized status and will be eligible to reapply for chartering one year after their denial.

**8.3.1.3.3** If circumstances warrant an immediate decision, the Vice President of Organizations, with the approval of the Student Body President and Student Body Vice President, can waive any of the above requirements and accelerate the chartering process for an organization for approval by a two-thirds majority vote of the Student Senate.

**8.3.1.4** After approval by the Finance & Organizations Committee, an organization with developmental status may receive an SGA charter with a two-thirds majority vote of the Student Senate. To propose a vote, the organization must demonstrate their

ability to continue meeting the requirements stated above, as well as evidence of consistent membership and responsible handling of finances. Failure to receive a charter through the Student Senate automatically results in the discontinuation of the chartering process. If not approved, the organization shall retain its recognized status and will be eligible to reapply for chartering one year after their denial. If approved, the SGA charter shall take effect immediately except for any SGA-budgeted funds, which would need to be requested and approved during the following semester.

### **8.3.2 Requirements/Responsibilities**

All Chartered organizations must fulfill the requirements and responsibilities of Recognized organizations listed in [Section 8.2.2](#) and the following requirements and responsibilities. If overlap or contradictions exist between these two lists, the requirements and responsibilities listed below supersede those in [Section 8.2.2](#).

- a. Completely comply with all SGA financial policies, including wise usage of SGA funds without material variances from budgeted funding amounts.
- b. Attend mandatory Student Senate meetings through a selected organization representative. If the delegated representative cannot attend, a proxy must attend in their place.
- c. Submit any organization-specific governance changes to the Vice President of Organizations for SGA records.
- d. Hold regular meetings, events, or activities at least once a month and maintain sufficient student membership, consisting of those who regularly attend these events.
- e. Submit monthly reports to the Vice President of Organizations in a detailed and timely manner and a format determined by the Vice President of Organizations.
- f. Annually renew charter with the Office of Student Engagement. Each element of renewal applications will be subject to review by the Co-Curricular Education Council. Acceptance of the application is at the discretion of the Council, SGA, and Office of Student Engagement. Acceptance is necessary for a continued charter.
- g. Adhere to policies in [Appendix C](#) for Chartered organizations.

### **8.3.3 Privileges**

All Chartered organizations are eligible to receive the following privileges, in addition to those granted to all Recognized organizations in [Section 8.2.3](#):

- a. Eligibility for a budget funded by the SGA Student Activities Fee (process outlined in [Section 9.3](#)), greatly enhancing the organization's capacity to provide quality events on campus.
- b. Additional support from the Student Body President's Cabinet, particularly through the Vice President of Organizations and Vice President of Finance.
- c. Ability to provide input into important SGA and University-wide decisions and create real change from original ideas through the Student Senate.

#### **8.3.4 Loss of Charter**

All Chartered organizations are subject to review by the Finance & Organizations Committee. If, by a majority vote, the Committee determines the organization is not meeting the expectations outlined in [Section 8.3.2](#) or acts contrary to Messiah University or SGA purposes or policies, the following steps shall be taken:

##### **8.3.4.1 Probation**

If the Finance & Organizations Committee determines an organization has not complied with SGA policies, they shall be issued a warning and placed on probation for two (2) months. During this stage, the Finance & Organizations Committee shall offer recommendations for improvement and monitor the organization's activity.

**8.3.4.1.1** After two months, the Finance & Organizations Committee shall ascertain whether the recommendations made have been satisfactorily fulfilled and either restore the organization to full chartered status or make a recommendation to the Student Senate for suspension. Either decision requires a majority vote.

**8.3.4.1.2** If an organization has been disciplined for financial negligence according to the guidelines laid out in SGA Financial Policy, the Vice President of Finance may recommend financial probation. In this case, a year of financial probation shall serve as a substitute for the probation period outlined above if approved by a majority of the Finance & Organizations Committee. The Vice President of Finance should refer the matter to the Finance & Organizations Committee, who, in consultation with the Vice President of Finance, shall decide whether to recommend suspension of the organization to the Student Senate after the year-long probation.

##### **8.3.4.2 Suspension**

Suspending an organization requires a two-thirds majority vote of the Student Senate. If a two-thirds majority vote is not obtained, the organization will return to full chartered status. If suspended, an organization shall remain suspended for a minimum of one full semester, not to exceed two full semesters. During this period, the organization's activity shall be monitored closely by the Finance & Organizations Committee.

- 8.3.4.2.1** A suspended organization shall receive only provisional SGA funds of an amount to be determined jointly by the Vice President of Organizations and the Vice President of Finance in consultation with the Finance and Organization Committee.
- 8.3.4.2.2** Following this period of suspension, the organization shall return to the Student Senate for possible reinstatement. The Senate shall take into consideration the recommendation of the Finance & Organizations Committee for either reinstatement or revocation of the SGA charter. A two-thirds majority vote of the Student Senate is needed for reinstatement of a charter. If a two-thirds majority is not obtained, SGA will revoke the organization's charter and relegate the organization to recognized status. The organization can apply for chartered status again after one year of relegation.
- 8.3.4.3** If an organization no longer wishes to maintain chartered status, follow the procedure outlined in [Section 8.1.7.3](#) to adjust the Chartered status to Recognized, or the procedure in [Section 8.1.6](#) to dissolve the club.
- 8.3.5** **Dissolving of Chartered Organization**  
If an organization no longer wishes to maintain any club status refer to [Section 8.1.6](#) for guidance.
- 8.3.5.1** **Adjusting Chartered Club Status**  
If a Chartered club wishes to adjust their status to Recognized, refer to the process in [Section 8.1.7](#).

## **8.4 EXECUTIVE ORGANIZATIONS**

### **8.4.1 Achieving Executive Status**

**8.4.1.1** Any Chartered organization President can request a meeting with the Vice President of Organizations and Student Body President to discuss the process for achieving executive organization status. If a meeting occurs, these individuals will ensure the interested organization knows the process for becoming an executive organization as outlined below.

#### **8.4.1.2 Eligibility Requirements**

To be eligible for achieving executive status, applying student organizations must meet the following criteria:

- a. Continued fulfillment of the Chartered organization criteria, found in [Section 8.3.1.2](#).
- b. Maintaining chartered status for at least five consecutive years.
- c. Demonstration of a broad organizational focus and impact (i.e., organization does not have a niche audience, but has a wide influence on campus)
- d. Desire from the general student population for the increased presence of the organization's mission, services, and programming on campus.
- e. Clear and strong partnership or collaboration with a preexisting Messiah University department, organization, or office, especially in the form of a dedicated and compensated advisor.
- f. Demonstration that organizational strategic operations and values extend to embed and encompass the SGA purpose and seven main objectives stated in [Section 2](#), including leadership development, and the Messiah University mission statement.
- g. According to precedent, most executive organizations have developed from a coalition of organizations with similar goals and visions or directly out of the Student Body President's Cabinet.
- h. Show Satisfactory or Superior performance in Evaluations per [Appendix C](#) for Chartered organizations.

### **8.4.1.3 Application Process**

**8.4.1.3.1** If a Chartered organization wishes to achieve executive status and meets the previously stated requirements and definitions, then the organization's leadership shall express such a desire in a formal notification to the Vice President for Organizations before fall break. The Vice President of Organizations shall meet with the organization's leadership and explain the processes and expectations herein and advise the leadership on potential next steps.

**8.4.1.3.2** After meeting initially with the Vice President of Organizations within the timeframe allowed, the organization's leadership shall develop a proposal explaining why they believe they qualify for executive status. This proposal will be submitted to the Vice President of Organizations no later than the start of Thanksgiving Break. Proposals submitted after this date shall not be considered until the following fall semester.

**8.4.1.3.3** The Vice President of Organizations shall in turn circulate the proposal to the following groups: Leadership Council, the Student Body President's Cabinet and the Finance & Organizations Committee. Each group will receive a "blind" application, meaning that they shall not be notified of the recommendations made by either of the other two groups. This action shall be taken no later than Christmas Break. Upon receiving a proposal within the appropriate time frame mentioned above, each group shall evaluate the proposal based on the criteria above in [Section 8.4.1.2](#) and develop a recommendation for Student Senate (either

recommend approval or recommend denial). These recommendations should be completed no later than the Friday of the second full week in February.

**8.4.1.3.4** Any organizations seeking executive status that have received at least two positive recommendations from any of the three groups identified in [Section 8.4.1.3.3](#) will present their application to Student Senate no later than Spring Break. If two or more groups recommend that the application be denied, then the application will be considered null. In this case, the organization submitting the proposal may be eligible to apply for executive status the following year.

**8.4.1.3.5** If the organization does receive the necessary recommendations, Student Senate will receive the following documents:

- a. The organization's application for executive status
- b. Leadership Council's Recommendation
- c. The Student Body President's Cabinet's recommendation
- d. The Finance & Organizations Committee's recommendation

Student Senate will decide via a vote whether to approve or deny the application. This vote should be informed by the recommendations made above but does not need to abide by any one particular recommendation. A two-thirds majority vote is required to pass the proposal.

**8.4.1.3.6** If the application is denied by Student Senate (see [8.4.1.3.5](#)), the organization will continue functioning as a Chartered organization and may be eligible to apply for executive status the following academic year. No appeals process may be followed in the current year.

**8.4.1.3.7** Should an organization receive the Student Senate's approval; the organization shall officially begin full executive organization status the following fall semester with invitations to the Leadership Retreat as available. Immediately following Student Senate approval, an organization representative must meet monthly with the Vice President of Organizations till the end of the academic year to ensure the organization transitions smoothly. The organization chief executive shall also serve on Leadership Council and collaborate with the Student Body President for the rest of that academic year.

## **8.4.2 Requirements/Responsibilities**

All executive organizations must fulfill the requirements and responsibilities of Recognized organizations listed in [Section 8.2.2](#), those of Chartered organizations listed in [Section 8.3.2](#) and the following requirements and responsibilities. If overlap or contradictions exist between these three lists, the requirements and responsibilities listed below supersede those in [Section 8.2.2](#) and [Section 8.3.2](#).

- 8.4.2.1** Because of executive organization activities' far-reaching nature, the chief officer of each executive organization serves as a member of Leadership Council in order to foster awareness and support among the leaders of SGA. For more details, see [Section 3.2.2](#).
- 8.4.2.2** The chief officer of each executive organization is required to present to the Student Senate once each semester.
- 8.4.2.2.1** Recommended Topics for Fall
- An overview of the mission statement
  - The organization's contribution to campus and the University's educational objectives
  - A summary of the year's goals
  - Plans to implement those goals (as available by this point in the year)
- 8.4.2.2.2** Recommended Topics for Spring
- Update on progress towards goals or changes to goals with justification
  - Major accomplishments in the fall
  - Major plans for spring, all relating back to the organization's individual mission statement
- 8.4.2.3** Executive organizations must also send a representative to each Student Senate meeting, at which attendance and participation are mandatory.
- 8.4.2.4** An executive organization must have an established relationship with a Messiah University department or office, and their advisor must have their advisory role included in their official Messiah University job description.
- 8.4.2.5** An executive organization must exhibit increased loyalty to SGA and Messiah University as a whole.
- 8.4.2.6** Executive organizations must annually renew executive status with the Office of Student Engagement. Each element of renewal applications will be subject to review by the Co-Curricular Education Council. Acceptance of the application is at the discretion of the Council, SGA, and Office of Student Engagement. Acceptance is necessary for continued executive status.
- 8.4.3 Privileges**
- All executive organizations are eligible to receive the following privileges, in addition to those granted to all Recognized organizations in [Section 8.2.3](#) and those granted to all Chartered organizations in [Section 8.3.3](#).
- 8.4.3.1** While first and foremost responsibilities, the opportunities listed in [Section 8.4.2](#) also serve as opportunities to collaborate with other student leaders, create

increased campus awareness of organization operations, and receive increased support from an advisor, all of which are also privileges afforded to executive organizations.

- 8.4.3.2** Executive organizations are eligible to financially compensate their student leaders to offset the opportunity costs of dedicating time and energy to serving the student body. Executive organizations are eligible to apply for, but not guaranteed, SGA-paid leadership positions. These positions may either be funded via the SGA Student Leader Fellowship Grant or sponsored from the Executive Organization's operating budget. For more information concerning the differences in paid positions, see [Section 9.2](#).
- 8.4.3.2.1** Organizations may apply for paid positions in their original proposal to the Finance & Organizations Committee as they pursue executive status. In order to deter financial motives for applying for executive status, executive organizations shall only be permitted to request up to three paid positions upon initial instatement as an executive organization. After one year as an executive organization, the organization may apply for additional paid positions through the regular governance review process.
- 8.4.3.2.2** Requests for paid positions shall be evaluated based on availability of SGA resources, campus impact, organizational need and impact, and organizational fiscal responsibility and stewardship, and must be approved by the Governance Review Council (see [Section 10](#)). For more information on SGA Student Leader Fellowship Grants, see [Section 9.2](#).
- 8.4.3.3** Certain executive organizations may wish to apply for a fixed percentage of the budget in order to guarantee a relatively consistent budget. Executive organizations are eligible for, but not guaranteed, a fixed percentage of the Student Activities Fees available. In order to deter financial motives for applying for executive status, only organizations that have held executive status for a year or more shall be permitted to apply for a fixed percentage of the incoming Student Activities Fees.
- 8.4.3.3.1** Applications for a fixed percentage shall be submitted to the Finance & Organizations Committee any point during the semester and shall be processed through the regular governance structure. A fixed percentage shall only take effect at the beginning of the next semester of budgeting. Requests for fixed percentages shall be evaluated based on availability of SGA resources, campus impact, organizational need and impact, and organizational fiscal responsibility and stewardship. For more information on fixed percentages, see [Section 9.3.3.1](#).
- 8.4.3.3.2** If an executive organization has not yet secured or elects not to secure a fixed percentage, they are to receive SGA funding for their budgets in the same manner

as Chartered organizations—on a line-by-line basis pending the approval of the Vice President of Finance as stipulated in [Section 9.3.1](#).

**8.4.3.4** Executive organizations are eligible to carry over their budget of Student Activities Fees from fall to spring semester (See [Section 9.3.3.1](#)).

**8.4.3.5** Core executive organization leaders receive invitations to the annual Leadership Retreat, sponsored by the Office of Student Engagement.

**8.4.3.6** Core executive organization leadership positions also meet the qualifications to serve as an experience for the [Experiential Learning Initiative \(ELI\)](#). Student leaders shall work with their organization’s advisor to fulfill this requirement.

#### **8.4.4 Loss of Executive Status**

All executive organizations are subject to review by the Finance & Organizations Committee by the recommendation of the Student Body President. If the committee determines the organization is not meeting the expectations outlined in [Section 8.4.2](#) or acts contrary to Messiah University or SGA purposes or policies, the following steps shall be taken:

##### **8.4.4.1 Probation**

If the Finance & Organizations Committee determines an organization has not complied with SGA policies by a two-thirds majority vote, they shall be issued a warning and placed on probation for two (2) months. During this stage, the Finance & Organizations Committee shall offer recommendations for improvement and monitor the organization’s activity. The Student Body President can override executive organization probation.

**8.4.4.1.1** After two (2) months, the Finance & Organizations Committee shall ascertain whether the recommendations made have been satisfactorily fulfilled and either restore the organization to full executive status or make a recommendation to the Student Senate for suspension, which also requires a two-thirds majority vote.

**8.4.4.1.2** If an organization has been disciplined for financial negligence according to the guidelines laid out in SGA Financial Policy, the Vice President of Finance may recommend financial probation. In this case, a year of financial probation shall serve as a substitute for the probation period outlined above if approved by a two-thirds majority of the Finance & Organizations Committee. The Vice President of Finance should refer the matter to the Finance & Organizations Committee, who, in consultation with the Vice President of Finance, shall decide whether to recommend suspension of the organization to the Student Senate after the year-long probation.

##### **8.4.4.2 Suspension**

Suspending an organization requires a two-thirds majority vote of the Student Senate. If a two-thirds majority vote is not obtained, the organization will return to full executive status. If suspended, an organization shall remain suspended for a minimum of one full semester, not to exceed two full semesters. During this period, the organization's activity shall be monitored closely by the Finance & Organizations Committee.

**8.4.4.2.1** A suspended organization shall receive only provisional SGA funds of an amount to be determined jointly by the Vice President of Organizations and the Vice President of Finance in consultation with the Finance and Organization Committee and shall not receive funding for paid student leadership positions.

**8.4.4.2.2** Following this period of suspension, the organization shall return to the Student Senate for possible reinstatement. The Senate shall take into consideration the recommendation of the Finance & Organizations Committee for either reinstatement or revocation of the SGA charter. A two-thirds majority vote of the Student Senate is needed for reinstatement of executive status. If a two-thirds majority is not obtained, SGA will revoke the organization's executive status and relegate the organization to chartered status. The organization can apply for executive status again after three years of relegation.

**8.4.4.3** If an organization no longer wishes to maintain executive status, refer to the procedure found in [Section 8.1.7.4](#) to adjust club status, or [Section 8.1.6](#) to dissolve the organization.

**8.4.5 Dissolving of an Executive Organization**

If an organization no longer wishes to maintain any club status refer to [Section 8.1.6](#) for guidance.

**8.4.5.1 Adjusting Executive Organization status**

If an Executive organization wishes to change the organization's status to Chartered, or their Department/Office no longer wishes or is able to continue partnering with the organization, such as not being able to provide a dedicated and compensated advisor, refer to the process in [Section 8.1.7](#).

## 9 FINANCIAL POLICIES

### 9.1 STUDENT ACTIVITIES FEE

**9.1.1** Each semester, the Student Government Association will collect a Student Activities Fee (SAF) from each student, which will appear on each student's tuition bill.

**9.1.2 Philosophy of Student Activities Fee**

The Student Activities Fee (SAF) is paid by every member of the student body and shall therefore be used to serve the student body. The SAF shall be used to support clubs and organizations on campus that foster student interests; provide extracurricular activities; and promote leadership, personal, and spiritual development. When able, the SAF should be used conservatively in order to benefit as many students as possible.

**9.1.3 Review of the Student Activities Fee**

Every four years, the SGA Finance & Organizations Committee should evaluate the SAF and submit a proposal substantiating any fee changes to the Student Senate for majority vote approval prior to the end of November. This information should be communicated to the University Finance Committee after Student Senate has passed. The SAF shall not be changed more than once every four years.

### 9.2 STUDENT LEADER FELLOWSHIP GRANT

**9.2.1 Philosophy of Student Leader Fellowship Grant**

The SGA Student Leader Fellowship Grant should be viewed as recognition from the student body for service rendered by student leaders. This monetary award is intended to offset the costs of dedicating time and energy to serving the student body.

**9.2.2 Determination of Award Allocation**

SGA leadership role eligibility and Student Leader Fellowship Grant amounts are determined by the Finance & Organization committee, with recommendations for changes also coming from the Executive Organizations themselves. The Finance and Organizations Committee should evaluate each position's grant according to the following factors: Anticipated Hours Required of the Position; Whether the Position Coordinates Fellow Grant or ELI Positions, or Any Volunteers; the Degree of Independency Afforded the Position; the Fiscal Responsibility Required of the Position, and the Community Engagement the Position Facilitates. These factors ought to be recorded for each position in the Governance Manual's Appendix A to provide intrinsic justification for each position's Grant Level.

#### 9.2.4 Student Leader Fellowship Grant Funds Evaluation

Each year the SGA Finance & Organizations Committee must evaluate all SGA leadership positions and Levels of award. They must recommend any changes in policies through Governance Review for approval by majority vote as stated in the SGA Governance Manual.

#### 9.2.5.1 Disbursement of SGA Student Leader Fellowship Grant Funds to Fellows

In the fall semester, Fellows will receive the first third of their total grant amount in early September, the second third of their total grant amount in mid-October, and the final third of their total grant amount in late November. In the spring semester, Fellows will receive the first third of their total grant amount in late January, the second third of their total grant amount in early March, and the final third of their total grant amount in mid-April. If a Leadership Fellow does not remain in her/his respective role, she/he will not receive any of the remaining grant funding. If a student becomes a Leadership Fellow after one or more disbursement of the grant for the semester already occurred, she/he will only be eligible for the remaining disbursement amount(s) for the semester. Awards are distributed by the University’s Accounts Payable unit and must occur on a Thursday. Fellows will be notified of the exact distribution dates at the start of each semester.

**9.2.5.2.1 Grant Level Table**

Grant Levels will be evaluated annually by the Finance and Organization Committee. Level 8 and below of the Grant Level will be reserved for Tier-2 ELI positions. Level 6 and above of the Grant Level will be reserved for Tier-1 ELI positions. Level 7 may be filled by either Tier-1 or Tier-2 ELI positions.

Grant Level	First Distribution	Second Distribution	Third Distribution	Award
Level 0	\$733.33	\$733.34	\$733.34	\$2,200.00
Level 1	\$600.00	\$600.00	\$600.00	\$1,800.00
Level 2	\$500.00	\$500.00	\$500.00	\$1,500.00
Level 3	\$416.66	\$416.67	\$416.67	\$1,250.00
Level 4	\$333.33	\$333.34	\$333.34	\$1,000.00
Level 5	\$300.00	\$300.00	\$300.00	\$900.00
Level 6	\$250.00	\$250.00	\$250.00	\$750.00

Level 8	\$166.66	\$166.67	\$166.67	\$500.00

**9.2.5.2.2 Explanation of Anomalies in the Grant Levels**

Anomalies in the Grant Level Chart will be denoted by an asterisk and the explanation of the anomalies will be presented here, in order of appearance:

- a. SAB Vice President: The SAB Vice President holds another Executive Position concurrently with another Executive Position on the Board. The sum of these two awards results in a Level 3 Grant.
- b. SAB Executives: Each SAB Executive, besides the President and Vice President, conducts a quasi-work study through the Office of Student Engagement, whereby they earn an hourly wage. This wage, assuming the desk shift hours are evenly divided, in conjunction with the grant given, roughly results in the award of a Level 3 Position.
- c. Service Opportunity Leader Assistant Director: The Assistant Director serves concurrently in another Agapé Student coordinator position. The sum of these two awards results in a Level 3 Grant.

### 9.2.6 Qualifications of an SGA Fellow

A student leader is one who has answered a call to service. They seek to improve campus through their vision for the future, adapting and innovating to meet the needs of the student body. In addition, the recipient of a Student Leader Fellowship Grant must meet the following criteria:

1. Must hold a position within an executive organization.
2. Must hold a position of influence among a group of students leading them in their personal, spiritual, relational, emotional, or professional development.
3. Must serve in a position that is highly engaged and impacts the student body at large.
4. Must hold a position that satisfies the ELI requirement.

### 9.2.7 Summer Paid Positions

Any Executive Organization seeking to sponsor a summer paid position must file an appeal to the Vice President of Finance, Student Body President, and SGA Advisor for approval, with final approval needed from Student Senate. If approved, portions of these positions will be funded from the SGA grants account, per table in this section. Current approved summer positions are listed in the table below.

Summer Position	Fall Semester Contribution	Spring Semester Contribution	Annual Total
<i>Student Body President (SGA)</i>	\$1,505.00	\$1,505.00	\$3,010.00
<i>Summer Manager (The Pulse)</i>	\$2,400.00	\$2,400.00	\$4,800.00
<b>Total per semester</b>	<b>\$3,905.00</b>	<b>\$3,905.00</b>	<b>\$7,810.00</b>

### 9.2.8 Semester Paid Positions

If approved, these positions will be funded from the sponsoring Executive

Organization's operating budget. Current approved positions are listed in the table below.

## 9.3 BUDGETING

### 9.3.1 Timetable for Each Semester

- a. The Vice President of Finance and Vice President of Organizations will hold a workshop with the presidents and treasurers of the various SGA organizations in order to inform them of SGA financial policies and procedures. This meeting will occur no later than the end of the first week of classes.
- b. The budgets from the various organizations will be due to the Vice President of Finance no later than the Monday of the third week of classes.
- c. The Finance & Organizations Committee will review all organizations' budgets, make the appropriate adjustments, and balance the entire SGA budget (see [Section 9.3.3](#) for details).
- d. The completed budget must be submitted to the Student Senate for approval. Student Senate will be given access to the individual budgets for each organization for review prior to the submission of the completed budget to Student Senate. This will occur no later than two weeks after budgets are handed in from organizations.
- e. Once Senate has approved the budget, the Student Body Vice President will send the Senate-approved budget to the Student Body President, who will approve or veto it in compliance with [Section 4.1.1.j](#).
- f. After presidential approval of the budget, the Vice President of Finance will inform each SGA organization of the amount of money it has been allocated for the semester.
- g. The Finance & Organizations Committee will review all organizations' budgets, make the appropriate adjustments, and balance the entire SGA budget (see [Section 9.3.3](#) for details).
  - i. If the Finance & Organizations Committee is not able to be organized in time for budgeting, this responsibility will fall to the Vice President of Finance and Vice President of Organizations in coordination with the SGA advisor.

### 9.3.2 Guidelines for Budgeting of SGA Organizations

These guidelines shall be followed by the Finance & Organizations Committee to ensure fair and equal budgeting for expenses that help achieve organizations missions and purposes. These guidelines will also serve as the basis for decision-making unless there are insufficient funds for allocations for all requests. [Section 9.3.2.1](#) shall contain non-negotiable budgeting instructions, whereas [Section 9.3.2.2](#) will serve as budgeting objectives, which will be subject to the discretion of the Finance and Organization Committee. If the Finance and Organization Committee cannot meet the requests of all organizations, it is their responsibility to cut budgets where it is necessary. These are not the only expenses SGA will fund.

### **9.3.2.1 Non-Negotiable Budgeting Instructions**

#### **9.3.2.1.1 Travel**

- a. Travel using a Messiah University car (one to five people) will be budgeted \$0.56 per mile.
- b. Travel using a Messiah University minivan or 15-passenger van (eight to 15 people) will be budgeted \$0.81 per mile per 15-passenger van needed.
- c. Travel using a personal vehicle will be budgeted according to a smaller rate set by the Vice President of Finance at the beginning of the semester. This rate will not exceed the rate reimbursed for University vehicles. Evidence that an attempt was made to reserve a University vehicle is necessary to receive reimbursement.
- d. Travel by flight will be funded up to 50 percent per student not to exceed \$115 per student. A hard copy of online or travel agent research must be turned in with the budget to receive any funding for flights and that price will also be used for reimbursement purposes.
- e. SGA may fund hotels and accommodations up to 50 percent per room per night.
- f. Travel by any other unspecified method shall be funded up to 50 percent per student, with a cap per student determined by the VP of Finance depending on the means of transportation.

#### **9.3.2.1.2 Speaker and Guest Gifts and Pay**

- a. Students will not be compensated for speaking, leading or taking part in organization events outside of the SGA work-study positions, but may be compensated if hired for professional services, which would have been hired out. In the case of a student-hire:
  - i. There must be a contract with the student, which is signed by the Club Advisor, the Club President, and the Vice President of Finance before an agreement can be set with the individual.
  - ii. SGA is not financially responsible for any agreements put forth without the approval of the Vice President of Finance (as well as the Club Advisor and Club President).

- iii. The club must be able to support the claim that the individual is qualified to work in place of the hired professional.
- iv. The club must be able to justify the hiring of a professional for the event in question.
- b. Non-student employees of the University may be compensated up to \$200.00 with a gift or for their travel.
- c. Other guests may be compensated with pay as determined by the club advisor. See section 8.1.9 for more information concerning guest speakers.

#### **9.3.2.1.3 Fundraising for Chartered Organizations**

- a. Chartered organizations are permitted to fundraise in order to generate revenue to offset any club expenses. Any start-up costs related to fundraising can be funded through a short-term loan from SGA. Any money borrowed must be paid back within one month of the fundraising event's completion, at no interest charged. Any club that fails to repay the short-term loan will be subject to review by the Finance & Organizations Committee.
- b. In order to receive a loan, a formal request must be submitted to the Vice President of Finance at least two weeks before the funds are needed to be used by the organization.
- c. Revenues that exceed the borrowed amount of SGA money should be noted in the monthly report as well as reported to the Vice President of Finance so that these funds will not be collected at the end of the semester and may be rolled over to the next semester to be used for any of the organization's future initiatives.
- d. If organizations have rollover funds from previous semesters' fundraisers or donations, these funds must be used for new fundraiser start-up costs instead of an SGA loan. In the event that the rollover funds are less than the needed amount for a particular fundraiser, the club is eligible to receive an SGA loan for the difference between the club's rollover funds and the amount needed for the fundraiser.
- e. Organizations can receive up to a 20 percent match on funds received from fundraisers available to non-club members and club members. Organizations can receive up to a 5 percent match on fundraised funds received from club members, this includes but is not limited to the sale of club t-shirts. Matches will not be considered for club dues. The funds received from SGA will be eligible for rollover and transferred into a 4000-fundraising accounting. All SGA match forms will be considered by the Finance and Organization Committee. The total amount available to be matched, across all chartered organizations, will be capped at \$750 per semester. These funds will be considered a part of the Vice President of Finance's budget which is included in the fixed percentage for SGA per [Section 9.3.3.1](#).
  - i. In the event of a year of high demand for SGA funds, the Vice President of Finance should consider the fundraising match a privilege, not a

right for organizations. In this case the VP of Finance may temporarily suspend the fundraising match program.

- ii. In the event of a year of low demand for SGA funds, the Vice President of Finance should consider increasing the fundraising match. The Vice President of Finance with the approval of the Finance and Organizations Committee and the Executive Cabinet may override the cap of \$750 per semester. This process must occur before budget approval and should be announced during the approval of the budget, so all organizations are aware of the increase in available matchable funds.

#### **9.3.2.1.4 Refreshments**

- a. Food or drink for organizations' general meetings will not be funded. General meetings are those for officers and/or members involving normal business.
- b. Food or drink that a normal student would otherwise pay for his- or her-self (as in, when a student is traveling to or present at an organizations' event) will not be funded.
- c. Refreshments being provided for a club-sponsored event that is open to all members and/or the general student body may be funded.

#### **9.3.2.1.5 Registration Fees**

- a. SGA may fund 50 percent of organizations' related registration fees per student (if a registration fee includes food, then funding for the registration will still be funded at 50 percent).

#### **9.3.2.1.6 Conferences**

- a. Travel, accommodations, and registration for conferences will be funded according to [Section 9.3.2.1.1](#) and [Section 9.3.2.1.5](#).
- b. The total amount of SGA funds that may be allotted to a club for conferences will not exceed \$1,500 and may not be greater than 50 percent of total club budget.
- c. Along with their budget proposal, organizations must submit a plan to cover the remaining costs of the conferences in order for SGA to approve partial funding of their conferences. Club members are encouraged to apply for the [SGA Professional Development Grant](#), seek sponsorship from academic and student affairs departments, or fundraise.

#### **9.3.2.1.7 Equipment**

- a. Any equipment (technology, books, cameras, etc.) purchased with Student Activity Fee funds belongs to SGA. This equipment can be maintained in the possession of the club for as long as it is needed for club functions. If at any point, the club ceases to function, the equipment must be returned to SGA.

- b. SGA will not provide additional funds to replace equipment that has been lost or stolen.

#### **9.3.2.1.8 Special Interest Housing**

- a. SGA may fund Chartered organization activities in a higher amount if there is more interest in the club because of club members living at a house.
- b. SGA will not fund expenses related to living in a special interest houses like toilet paper, food, cleaning supplies and non-club activities.

#### **9.3.2.1.9 SGA Grants**

Only SGA Executive Organizations may request funding for student grants. Student Activities Fees shall only be used for grants when pre-approved by the Governance Review Council and added to the grant distribution table in [Section 9.2.2](#). No club or organization shall regularly and consistently compensate a student through Student Activities Fees appropriated to clubs and organizations through the standard biannual budgeting process. Unless included in the grant distribution table, Student Activities Fees shall only be used to compensate students working during the academic year and excludes summer employment (except for Student Body President and the Pulse Summer Manager), unless otherwise vetted through the surplus and capital purchase process outlined in [Section 9.6](#). One-time reimbursements for a particular task or project shall not be categorized as regular and consistent compensation and shall be permitted in the regular budgeting process as outlined in [9.3.2.1.2](#).

#### **9.3.2.2 Other Decision-Making Criteria for Student Organization Budgeting**

The following items must be completed by each organization's President and/or Treasurer in in order to receive a budget for the current academic semester. If an item cannot be performed by the organization's President and/or Treasurer, a proxy representative must be approved by the Vice President of Finance or the Vice President of Organizations at least 24 hours in advance. - b. How well does the club/organization impact the overall student body of Messiah University?

- d. How well does the club/organization fulfill its mission and constitution along with the overall purpose of SGA?
- e. How financially responsible is the club/organization?
- f. How well does the club/organization communicate with SGA?

### **9.3.3 Procedures for Budgeting**

#### **9.3.3.1.1 Fixed Costs**

There are several fixed costs in the budget that are to be funded from a percentage of incoming Student Activities Fees. These fixed percentages will be taken out of Student Activities Fees after SGA student leader fellowship grants have been deducted. The following executive organizations (also known as fixed percentage organizations) are allowed to voluntarily budget less than their fixed percentage and return the remainder of their allotted funds to SGA. (These returned funds shall be used to fund non-executive Chartered organizations.)

- a. The SGA grants are a fixed cost in the SGA budget. The total amount to be budgeted is found in [Section 9.2.3](#).
- b. \$3,000.00 per semester will be allocated to the SGA Professional Development Grant Program (see [Section 9.9](#)). Any surplus or deficit from the fall semester grant money shall transfer to the spring program. Grant money shall not transfer between academic years.
- c. \$4,000.00 per semester will be allotted to the Dean of Experiential Learning to support leadership development opportunities for students, including the annual Student Leadership Retreat and the end-of-year Student Leader Recognition and Appreciation Ceremony.
- d. Commuter Services will receive 5.0 percent of only those incoming Student Activities Fees paid by commuter students. Any balance, including a negative one, will roll over from the fall semester to the spring semester.
- e. \$1,000 per semester will be allotted to provide for two student leaders—preferably the incoming SGA Student Body President and the incoming Vice President for Diversity Affairs (should one or both SGA cabinet members be unable to attend, the offer will extend to the incoming chair of the Multicultural Council)—to participate in the Returning to the Roots of Civil Rights bus tour operated by The Common Ground Project and supported by Messiah University each summer.
- f. \$2,500 will be taken from both the operating budget of SGA and SAB each semester, totaling \$5,000 per semester, in order to compensate a Graduate

- Assistant in the Office of Student Engagement to support the work of all SGA clubs and organizations, as well as the work of the Office.
- g. Student Activities Board (SAB) will receive 24.0 percent of incoming Student Activities Fees. Any balance, including a negative one, will roll over from the fall semester to the spring semester.
  - h. The Service Opportunity Leaders will receive 12.35 percent of incoming Student Activities Fees. Any balance, including a negative one, will roll over from the fall semester to the spring semester.
  - i. The Pulse will receive 12 percent of the incoming Student Activities Fees. The Pulse will roll over any balance including a negative balance from the fall semester to the spring semester. This percentage includes yearbooks for seniors, which will be mailed to all seniors at no charge (first years, sophomores and juniors can purchase it for a fee).
  - j. Multicultural Council (MCC) will receive 10.4 percent of the incoming Student Activities Fees. Any balance, including a negative one, will roll over from the fall semester to the spring semester.
  - k. The Student Government Association will receive 6.0 percent of the incoming Student Activities Fees. Any balance, including a negative one, will roll over from the fall semester to the spring semester.
  - l. Wellness and Recreation will receive 5.0 percent of the incoming Student Activities Fees. Any balance, including a negative one, will roll over from the fall semester to the spring semester.
  - m. Student Ministries will receive 4.75 percent of the incoming Student Activities Fees. Any balance, including a negative one, will roll over from the fall semester to the spring semester.

#### **9.3.3.1.2 Executive Organizations Receiving Less Than Their Fixed Percentage**

Executive Organizations, by virtue of their status, are given certain privileges, including the opportunity to receive a fixed percentage of incoming Student Activities Fees. Executive Organizations shall receive their fixed percentages except in the following circumstances:

- i. The organization requests less than their fixed percentage at the beginning of the semester.
- ii. The organization fails to submit a general budget sufficiently justifying the need of their fixed cost. It will be at the discretion of the Finance and Organizations Committee and the Vice President of Finance if these funds would better serve Chartered Organizations. In order for the Executive Organization to not receive their fixed cost and for it to be redistributed to the Chartered Organizations, there must be:
  1. A clear lack of justification for the fixed cost.
  2. A majority vote by Finance and Organization Committee to distribute the unjustified funds.
  3. A supermajority vote of 75% of Extended Forum during the budget approval process. This must be a separate vote from a vote to approve the budget and must be conducted via a roll call vote.
- iii. Any requests or senate votes to reduce the fixed percentage shall only occur for one semester. Any permanent changes to the Fixed Costs must occur through a Governance Review Council.

#### **9.3.3.2 Audit Overview**

Every three years beginning in the summer of 2020, the senior accounting analyst will compile a report of SGA's utilization of SAF funds to the different organizations on campus. The report will examine total funds received, grant money, and distribution of spending for executive clubs. Chartered clubs receiving a budget of \$3,000/semester or greater will have their total budget and spending distribution reported. Chartered clubs receiving less than \$3,000/semester will only have their total budgets reported.

#### **9.3.3.3 Procedure**

Every three years, in the Fall semester after the report has been generated, the Vice President of Organizations and Vice President of Finance will create a task force to examine this report and present a budgeting recommendation concerning the executive clubs and chartered clubs to the SGA executive cabinet for approval. The SGA cabinet will then examine the recommendation provided by the task force. If they deem revisions are needed, the recommendation will be edited and sent back to the task force for approval. This process will continue until a consensus has been reached. The recommendation will then be presented before Senate for approval by 2/3 majority. If the recommendation is to take no further action, senate will be informed but no vote will take place.

#### **9.3.3.4 Audit Task Force**

The task force will consist of 4-6 students, no more than half of which may be senators and no member of the task force may be allowed to hold a leadership position within a chartered or executive club.

### 9.3.3.5 Club Sports

Each Club Sport's budget will be reviewed along with all other clubs and organizations (as described in [Section 9.3.3.3](#)). If a club sport has a "feeder" team, it may receive up to \$3,500 per academic year in separate funds to be spent solely on that feeder team. SGA will not fund tournaments, championships, or bracket play that the team does not mention at the time of budgeting. Other Club Sports financial policies include:

- a. Club Sports are best defined as intercollegiate teams representing Messiah University in sport or athletic-related activity.
- b. Feeder teams are best defined as teams that exist specifically for the development of players in their respective Club Sports. Players may not play simultaneously on the feeder team and the primary team. Teams with an NCAA equivalent at Messiah University typically will not receive funding for a feeder team. Club Sports may apply to the Finance & Organizations Committee for an exception to the feeder team parameters.
- c. Club Sports will only be allocated funds to pay for travel costs as outlined in [Section 9.3.2.1](#), fees for referees, and registration or tournament fees.

### 9.3.3.6 All Other Clubs and Executive Organizations

The remainder of the Executive and Chartered organizations shall be allocated specific amounts per [Section 9.3.3.1](#).

### 9.3.3.7 Agapé Center Contribution to Fellowship Grant Distribution

At the beginning of each semester, the Agapé Center for Local and Global Engagement will contribute \$7,207.50 towards the Student Leadership Fellowship Grant Distribution to assist in funding the Service Opportunity Leaders' Outreach Coordinators.

## 9.3.4 Budget Senate-Approval Scenarios

### 9.3.4.1 Deficit (Negative Balance)

In the event that a semester budget cannot be adequately balanced without fundamentally harming the core mission and purposes of the budget-requesting organizations (e.g., having to cut into an event that is mission-critical to an organization's existence), the following options *are recommended* (not required) to the Senate in order to pass the budget in a balanced state:

#### 9.3.4.1.1 Proportional Cuts

Unless otherwise modified by a vote, all non-fixed-percentage organizations shall be subjected to a percentage cut as it relates to the remaining budget deficit. These organizations shall have their currently approved amounts *collectively* summed/totalled. Then each *individual* organization's currently approved amount will be divided by the aforementioned sum to obtain an individual percentage. This percentage shall then be multiplied by the remaining

deficit to result in the individual amounts that shall be cut from each of these organizations. The cuts shall be properly accounted for by the organizations' leadership in direct consultation with the Vice President of Finance.

#### **9.3.4.1.2 Individual Cuts**

If a semester budget is brought to Senate for approval in a negatively unbalanced state (i.e., a deficit, NOT a surplus), the Senate can deliberate and vote (by majority) on individual budget cuts to any non-fixed-percentage organization's budget until the budget is brought to a state of balance or surplus.

#### **9.3.4.2 Surplus (Positive Balance)**

In the event that a budgeting process ends in a surplus, the following options are recommended to the Finance & Organizations Committee, Vice President of Finance and Student Senate:

##### **9.3.4.2.1 Contingency Fund**

Student Senate can approve the budget as is, and the surplus shall be allocated in full to the SGA Contingency Fund (as described in [Section 9.8](#)). This particular portion of the Contingency Fund shall be utilized in the same manner as the normal balance of the Contingency Fund (as described in [Section 9.8](#)); however, any unused portion of the surplus in the Contingency Fund at the end of the given semester shall be transferred into the Capital Purchases account in the same manner as unused funds from semester budgets for student clubs and organizations in accordance with [Section 9.6](#).

##### **9.3.4.2.2 Organization Requests**

Organizations can ask for additional funds for their budgets, subject to approval by a majority vote of the Senate. Any surplus funds remaining that are not claimed shall be subject to the guidelines in [Section 9.3.4.2.1](#).

## **9.4 CONTRACTS**

- a. Contracts cannot be established for an SGA club or organization by anyone but the club advisor.
- b. Contracts for student employment, outside of established work-study positions, must be approved as stated in [Section 9.3.2.1.2](#).

## **9.5 END OF SEMESTER PROCEDURES**

### **9.5.1 Budget Reconciliations**

After the end of each academic semester, the Vice President of Finance will review each club's budget reconciliation and determine which of the following caused the amount of leftover funds:

- a. Unused Student Activities Fee that the organization was approved for at the beginning of the semester.
- b. Earned revenue that the organization received from fundraising, etc.
- c. A combination of the above.

### **9.5.2 Unused Student Activities Fee**

Any amount that is considered to be unused SGA Student Activity Fees (i.e., unearned) will be taken out of the club account. If the funds are remaining from the fall semester, they will be redistributed in the spring semester with the new spring SAF. If the funds are remaining from the spring semester, they will be transferred to the Capital Purchases account and be used as outlined in [Section 9.6](#).

### **9.5.3 Earned Revenue**

Any amount that is considered to be earned revenue, completed through the process outlined in [Section 9.3.2.1.3](#), shall remain in the organization's account and roll forward to the next semester.

## **9.6 SURPLUS AND CAPITAL PURCHASES**

### **9.6.1 Procedures**

In the event that surplus funds remain after the fall semester, the Finance & Organizations Committee shall notify each organization in early spring that they can request capital purchase items. Requests must be submitted in writing and include a description of the item, why it is needed, and the cost. Additionally, requests from University-wide departments and offices may be accepted for review. These requests will be reviewed, approved, and prioritized by the Student Senate Finance and Organization Committee. The prioritized list should be presented to the Student Senate for their approval by majority vote in the month of April. The Vice President of Finance will contact appropriate parties regarding the approved capital purchases. The purchases will then be executed in order of prioritization as funds allow (see [Section 9.5.3](#)).

### **9.6.2 Receiving Capital Funds**

The following criteria for capital purchases will provide the guidelines for qualified capital purchases.

- a. The item(s) requested must provide foreseeably long-term benefits to the organization or student body.
- b. Any equipment (technology, books, cameras, etc.) purchased with Capital Funds belongs to SGA. This equipment can be maintained in the possession of the club for as long as it is needed for club functions. If at any point the club ceases to function, the equipment must be returned to SGA.

### **9.6.3 Budgeting and Purchasing Procedures for Capital Funds**

At the end, or as close to the end as possible, of the fiscal year, the Vice President of Finance should transfer any unused funds first into the SGA Contingency Fund to bring its total to two thousand dollars, as described in [Section 9.8](#). The remaining funds shall be placed into the SGA Capital Purchase account, with the exception of any funds that have been approved to be carried over for individual clubs or organization accounts. Once the Vice President of Finance has established the final balance of the SGA Capital Purchase Account, he/she will be able to determine which of the approved capital purchase requests will be purchased according to the availability of funds. The Vice President of Finance may exercise any of the following options to initiate the purchase of these items:

- a. Have some way of contacting the leaders of the organizations/departments so that they may initiate the purchase themselves.
- b. Have the leaders of the organizations/departments leave specific instructions for initiating the purchase of their item during the summer. For example, detailed specifications for a computer may be given to the Vice President of Finance so that he/she may contact ITS with the order.
- c. The leaders of the organizations/departments may wait until they return in the fall to initiate the purchase of the item.

#### **9.6.4 Excess Funds in the SGA Capital Purchase Account**

- a. In the event that there are still funds left in the Capital Purchase Account after all approved items have been purchased, the Vice President of Finance should assess this issue and determine the cause of the excess funds. The SGA Finance Committee should then determine if any action is necessary.
- b. In the event that a Student Senate approved capital purchase was deemed unattainable and could not be completed, the funds allocated for that capital purchase must be set aside for review. The leaders of the organizations/departments who created the requested along with the Student Body President and Vice President of Finance will meet to determine if there is an alternate use of the funds that can still meet the goals of the original proposal at an equal or lesser value. If an alternative cannot be found, the funds will be returned to the Capital Purchase account.
- c. Money remaining in the Capital Purchase account during the school year may be used for capital purchases during the year, and for other purposes as deemed necessary by the Vice President of Finance. Requests for such use of this account must be submitted to the Vice President of Finance, discussed with the SGA Finance and Organization Committee as needed, and approved by a majority vote of the Student Senate.

## **9.7 NEGATIVE BALANCES IN SGA ACCOUNTS**

### **9.7.1 Approval for Negative Balances**

Negative balances in the accounts of SGA organizations are to be avoided as much as possible. The only time accounts may have a negative balance is during the time

between the start of the semester and the final presidential approval of the budget. Exceptions may be made during the semester in the event of an upcoming fundraiser or other extenuating circumstances. These exceptions are at the discretion of the Vice President of Finance.

### **9.7.2 Unapproved Negative Balances**

Organizations that incur unapproved negative account balances shall be disciplined according to the following progression:

- a. When an unapproved negative account balance occurs, the Vice President of Finance shall send a written warning to the organization president and treasurer. The warning shall include any appropriate details about the negative balances, as well as a description of the remaining discipline procedures.
- b. If the unapproved negative balance occurs between fall and spring semester budgeting, the organization shall have until spring budgeting to restore the account to at least a zero balance. If the balance has not been restored by spring budgeting, the organization in question will not be eligible to submit a spring budget request to the Finance & Organizations Committee unless they receive a special waiver stating otherwise from the Finance & Organizations Committee.
- c. If the unapproved negative balance occurs after spring budgeting, the organization shall have until the end of the semester to restore the account to at least a zero balance. If an organization carries a negative balance at the end of the spring semester, it will be placed on financial probation for both semesters of the subsequent school year. This probation shall occur as such:
  - i. During probation, the organization may submit a budget, but only for, at most, 50 percent of the average of the organization's previous two semesters' approved budgets.
  - ii. The organization, under supervision of the Finance & Organizations Committee and the Vice President of Finance, must work to eliminate the negative balance as soon as possible. This cannot be done by seeking the funds during the fall or spring budgeting process or by one member of the organization paying the entire sum out of pocket for the mistakes of the collective whole. Determining ways of paying back the negative balance should be discussed with the Finance & Organizations Committee in consultation with the Vice President of Finance.
  - iii. If the organization does not have a negative balance at the end of the probation period, probation will be dropped, and the organization will be considered in good financial standing.

- iv. An organization that is placed on probation may petition the Finance & Organizations Committee within the first four (4) weeks of the fall semester to have probation waived. If the Finance & Organizations Committee approves, they must take the issue to the Student Senate. A two-thirds majority vote of the Student Senate will be required for waiving probation. If, however, after waiver of probation the organization incurs a negative balance at the end of the fall semester, the organization shall again fall within the parameters of [Section 9.7.2 \(d\)](#) regarding financial negligence.
- d. If an organization has a negative balance at the end of its probation period, it will be deemed financially negligent. The Vice President of Finance and the Finance & Organizations Committee should examine the situation closely and recommend a course of action to the Student Senate, which must approve any further action against an organization.

## 9.8 CONTINGENCY FUND

### 9.8.1 Context and Procedures

The Contingency Fund was established to provide a buffer for SGA in the event of financial emergencies incurred by student organizations. The Contingency Fund will be replenished to \$2,000 by unspent Student Activities Fees at the end of the fiscal year as described in [Section 9.5.3](#). The distribution of these funds for emergency purposes will be determined at the discretion of the Vice President of Finance and the Finance & Organizations Committee.

### 9.8.2 Use of the Contingency Fund

In the event that the Contingency Fund would need to be accessed, a formal proposal will be drafted by the requesting organization explaining why funds are needed and the total cost. The proposal will be submitted to the Vice President of Finance for review who will in turn present it to the Student Body President's Cabinet for consultation before appearing before the Finance & Organizations Committee for a 2/3 vote for approval.

## APPENDIX B: AN INTRODUCTION TO STUDENT SENATE RESOLUTIONS

### CONTEXT

The mission of the Messiah University Student Government Association is to

*provide leadership for the student body; to promote spiritual growth; to provide opportunities for students to serve others; to support and recognize quality services and activities; and to represent students before the Administration, Faculty, Board of Trustees, and surrounding community.*

SGA firmly believes that student representation to the University is defined by mutual communication, understanding, and advocacy, and that SGA better executes its mission if student leaders act as a “bridge.” In other words, student leaders must represent the University to the students as well as the students to the University.

Over the years, however, an increasing number of students have expressed displeasure with the Student Government Association, and what was previously known as Student Forum. Skeptics claimed that SGA did nothing for the student body, that it existed almost exclusively for financial purposes and that, in their eyes, SGA was a “mouthpiece” for the University to the students.

In order to better portray its legislative functions and to capture the broader student opinion, Student Forum donned a new name, “Student Senate,” and increased its membership by requiring all SGA-funded clubs and organizations to send a representative to the newly titled legislature. While SGA leadership noticed that these changes positively affected the way in which SGA executes its mission, especially in regard to representation, the increase in diversity and numbers in Senate also led to an even stronger expression of the sentiment that SGA, and specifically Student Senate, doesn’t help the students, and ultimately fails in fulfilling its representative mission.

In response to these sentiments, SGA leadership began looking for ways in which the organization could better uphold the above mission statement and provide students more tangible proof of this mission’s execution. Furthermore, since much of the criticism was directed toward Student Senate, Senate’s leadership explored ways in which the “sole representative body” could accurately represent students and make recommendations while, in reality, having no authority within the framework of the University. It was at this time that SGA decided to formalize Student Senate resolutions as an avenue of articulating student voice to the University.

### PURPOSE

The purpose of a Student Senate resolution is to provide an officially documented statement to the University on the various issues and concerns within the student body. It promotes Student Senate as the official student voice to the University. It shows students that there in fact exists a venue in which they can be heard, and more importantly, can brainstorm and advance their opinions and ideas. While these statements **are only advisory** in nature, SGA strives to produce a fully developed and well-informed opinion that brings the students and University closer together, and closer to a possible solution. SGA has no desire to surprise, or otherwise force, unprecedented or ill-informed advisory statements onto the University leaders, but also seeks to maintain its autonomy and preserve its student perspective. By thoroughly researching information and properly vetting through all parties involved, SGA hopes to provide the University and the students with a solution to specific issues and concerns facing both parties that will contribute to the direction of the community and the overall conversation on the issue.

## **PROCESS**

A resolution begins in Student Senate's committees (Social Engagement, Finance & Organizations, Operations or Social Concerns). The SGA Governance Manual charges the Student Body Vice President, who chairs Student Senate, with the responsibility of meeting with the chairs of these committees once a month. During these meetings, the Vice President and individual committee chair examine the various topics discussed in that month's committee meetings. Together, the chair and the Vice President decide whether or not an issue is pressing enough on the students or the University to warrant further action by SGA.

When the committee chair and Vice President decide an issue warrants further investigation, the Vice President presents the issue to the Executive Cabinet for feedback and advice. If Cabinet agrees with the chair and Vice Presidents' decision that the issue requires further action, the Chair delegates Student Senators in his or her committee to research the issue with the relevant administrators, faculty, staff, and/or students, hopefully gaining guidance and direction from a variety of reliable and informed sources. At this time, the Cabinet also provides questions and resources to assist and guide the student senators in their research. After gathering information to the full extent of their capabilities, the student senators return to committee, where they decide if the committee should draft a resolution or not.

If the committee decides a resolution should be drafted on a specific topic, the chair delegates someone to draft a resolution, or a "drafter." At this point, the drafter of a resolution may return to additional sources of information within the University to ascertain if his or her options or ideas may or may not be plausible. The drafter may also seek guidance and advice from peers, both within Senate and outside. The draft of the resolution must include a statement of the issue at hand, documentation that the committee has indeed investigated the issue thoroughly with the appropriate parties, and, finally, the resolved advice or recommendation on the issue.

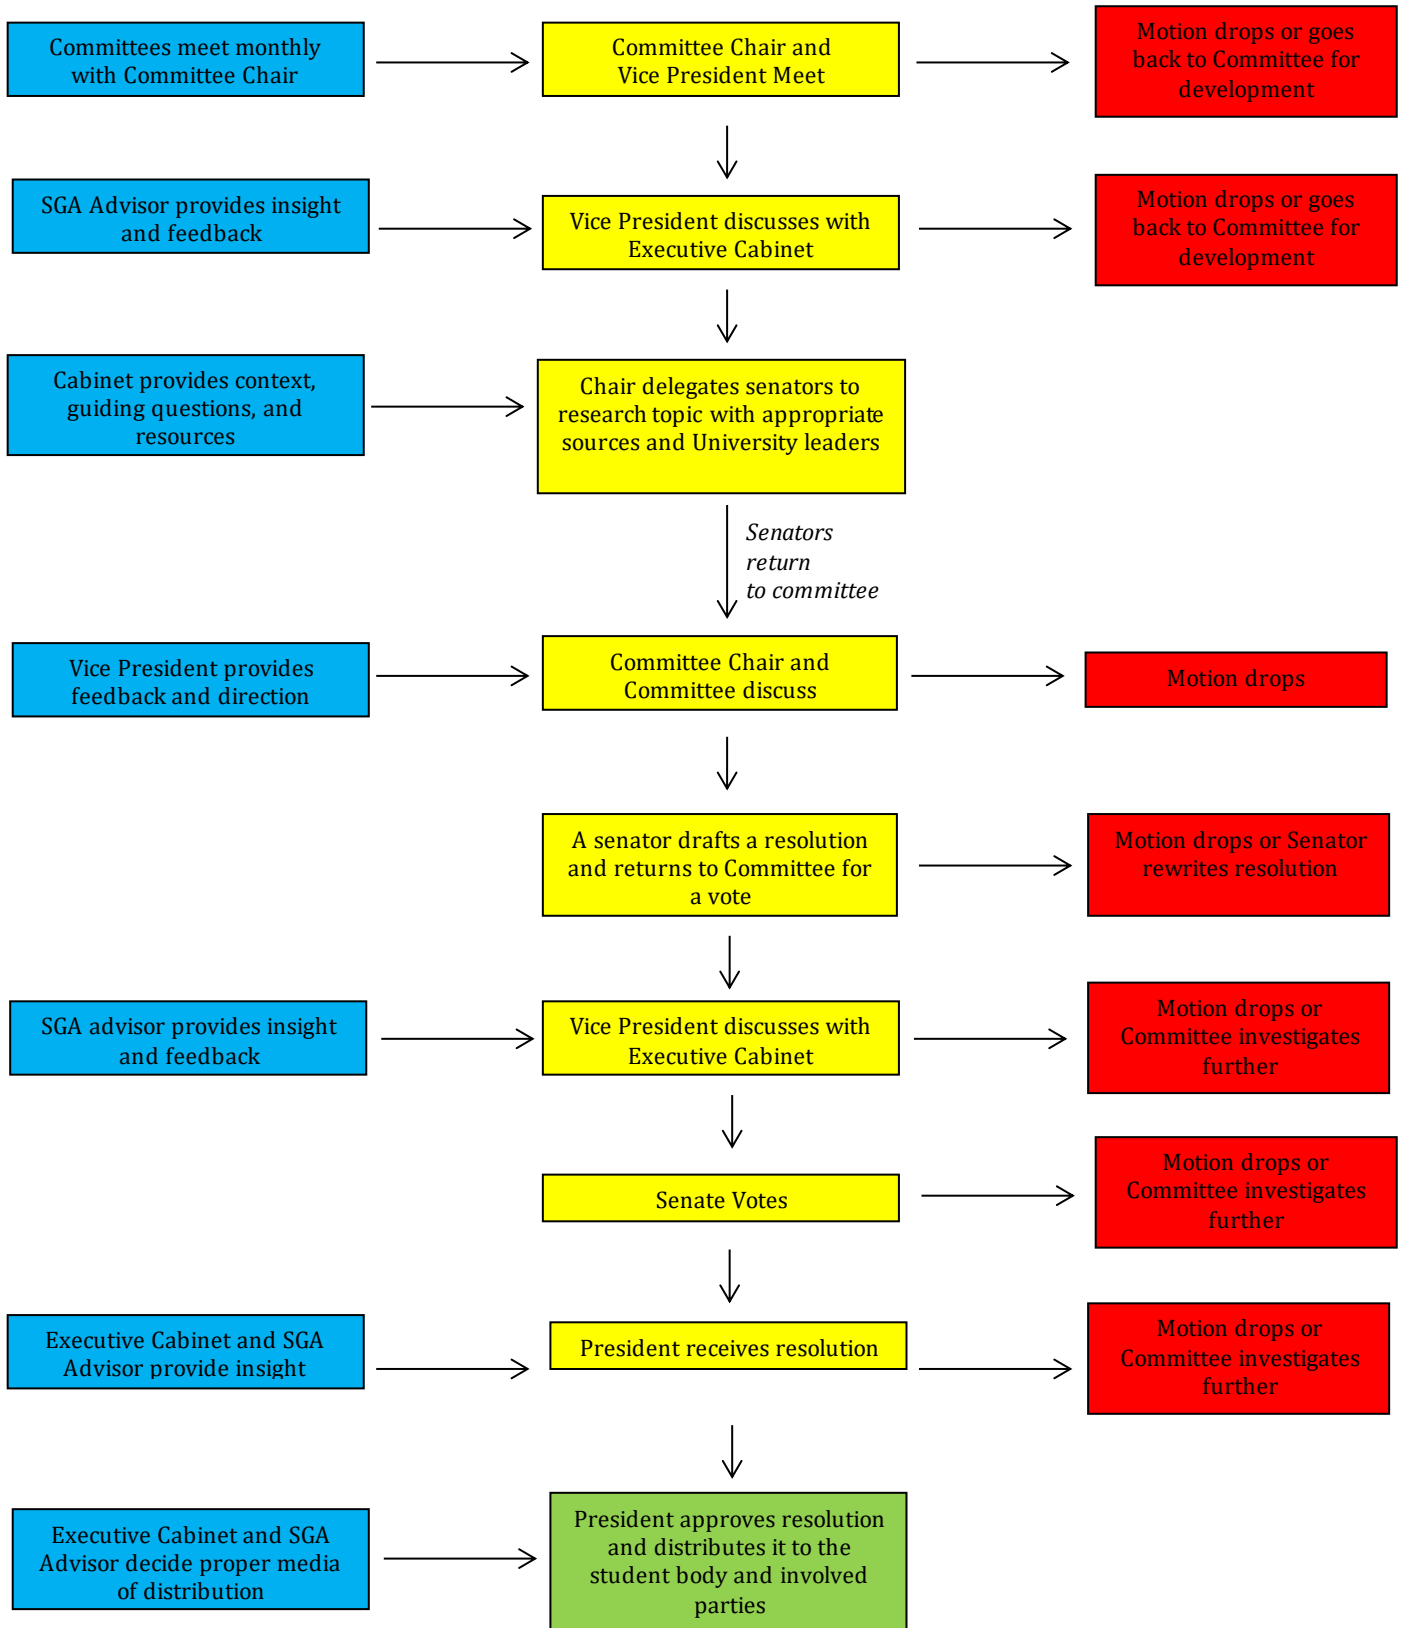

Once the committee has drafted an official resolution, it holds a committee vote. If the committee approves the draft, the Committee Chair brings it to the Vice President, who, through conversation with the Executive Cabinet and SGA Advisor, decides if Student Senate should vote on the resolution as-is, or send the resolution back to the committee for more research or deeper consideration. If the Vice President and this team find the resolution is reasonably consistent within the mission of SGA and the mission of the University and offers viable advice based on sound information, he or she presents it to Student Senate for a vote. If the Student Senate passes the resolution by a majority vote, the Vice President sends it to the Student Body President. The Student Body President, after consulting his or her Executive Cabinet, then passes or vetoes the resolution. If the President passes the resolution, he or she then distributes it to the relevant parties, and the student body in a manner deemed appropriate to the situation by the Executive Cabinet.

### **CONCLUSION**

First and foremost, the resolution process is intended to provide the administration of the University with an understanding of students' experiences and opinions on campus, and to provide a tangible avenue for Student Senate to fulfill its representative mission. Students should view this process as a way to express concerns within a representative democracy. Administrators, faculty, and staff should view the resolution as a request for a thoughtful and proportional response, not as a prescriptive document with the expectation of immediate action.

## **APPENDIX C: PERFORMANCE EVALUATIONS OF STUDENT ORGANIZATIONS**

### **CONTEXT & PURPOSE**

In accordance with SGA's purpose and objectives, we assert the value inherent in employing a system to clearly and fairly evaluate organizations throughout the academic year. Currently, there does not exist a robust system through which to set goals and evaluate organizations on specific criteria. We believe that the consistent evaluation of organizations will aid in provision of the highest quality programming for all students, and that specifying areas for evaluation and required check-ins throughout the year will help to set a focus and outlook for each organization based upon their unique needs.

These evaluations may affect both budgeting decisions and considerations for moving upward through the three organizational tiers. These evaluations will not serve as the only factor in these decisions, but rather a guide to help both SGA and the organization remain accountable and reliable with respect to the expectations, goals, and guidelines set forth.

### **REQUIREMENTS & PROCESS**

#### **1. Timetable**

- a. The Vice President of Organizations shall review the expectations, rubrics, and implications of performance evaluations during the Finance & Organizations Workshop each semester.
- b. Chartered and Executive organizations shall be required to have three meetings during the academic year for progress checks, including 1) a first meeting during their fall budget meeting and 2) a second meeting during their spring budget meeting and 3) a third meeting by mid-April with current and future leadership.
- c. Recognized organizations may choose to participate in these progress checks. While not required, they may be taken into future consideration regarding potential promotion of the organization.

#### **2. Expectations**

- a. The Vice President of Organizations shall distribute the evaluation rubric to all organizational leadership members prior to budget meetings, allowing sufficient time for review.
- b. Organizational leadership should enter the meeting prepared with multiple goals, themes, outcomes, and/or events that will be tracked throughout the semester.
- c. The Vice President of Organizations shall send out the completed evaluation from the past meeting prior to the next meeting.

### 3. Categories of the Evaluation

- a. Fiscal Responsibility: The organization...
  - i. requests an appropriate portion of funding at the start of each semester.
  - ii. effectively stewards their funding.
  - iii. communicates effectively with the Office of Student Engagement for questions or changes pertaining to finances.
  - iv. submits their budget, reconciliation, reimbursements, and advances in a timely and accurate manner.

### 4. Grading Criteria

- a. All organizations will be evaluated in each category by the Vice President of Organizations and Vice President of Finance and receive one of the following four marks:
  - i. Superior
  - ii. Satisfactory
  - iii. Needs Improvement
  - iv. Unsatisfactory

## APPENDIX D: VERSION HISTORY

The Version History is intended to be an accessible history of the evolution of the Governance Manual within the document itself. While the Senate archives themselves extend far beyond the limits of this document, this Version History will demonstrate proximate changes to the manual that may need to be further refined given their recency. Student Senate will be able to reference this Version History when in session instead of combing through the Senate archives to find a specific amendment.

In the past, presidencies have intermittently included when amendments are introduced within the Governance Manual itself. However, this has not been formalized and the amendments were identified at the location of their inclusion rather than a general Appendix such as this.

### Changes to be Tracked:

1. Every year, the Student Body President ought to update the Governance Manual for grammatical and syntax errors as well as potential clarifications that can be completed via Executive Amendments. Any changes that materially change the Governance Manual must be completed via G.R.C during the academic year when Student Senate is in session. After the completion of the 'General Updates' during the Student Body President's Summer Position, or at the onset of the Academic Year, then a new Version of the document ought to begin.
2. All G.R.C changes within the last 5 years ought to be contained within the Version History. It is the responsibility of the Student Body President to remove older versions of the manual's history. All G.R.C changes must still be tracked in the Senate Archives.
3. All Executive Amendments within the last 5 years ought to be contained within the Version History. It is the responsibility of the Student Body President to remove older versions of the manual's history. All Executive Amendments must still be tracked in the Senate Archives.
