INTRODUCTION

The mission of Messiah College is to educate men and women toward maturity of intellect, character, and Christian faith in preparation for lives of service, leadership, and reconciliation in church and society.

As the student body of Messiah College, we wish to embrace this mission and accept our role in fulfilling it. We commit ourselves to learning in every facet of our lives: intellectually, socially, physically, and spiritually. Through our efforts in each of these areas, we seek to bring glory and honor to Jesus Christ, our Savior and Lord. We recognize that our highest calling is to love God with all our hearts, souls, minds, and strength; and then, out of the overflow of God’s love, to love others.

At Messiah, we offer ourselves to God as servants and as children daily striving to become more like Christ. We acknowledge that part of that process of transformation occurs as we take responsibility for serving the community. To that end, we establish this manual, enabling us as students to govern our own affairs and to participate in the leadership of Messiah College. With Christ as our Head, we strive to learn together, to grow together, and to serve together as a community of students and as a body of believers.

8 STUDENT ORGANIZATIONS

8.1 INTRODUCTION

8.1.1 Student Organization Definition
An SGA student organization is a defined group of students unified by a common pursuit of a particular passion or interest and committed to developing as individuals and leaders.

8.1.2 Student Organization Mission Statement
The mission of student organizations is to provide opportunities for student involvement and pursuit of interests that build relationships and encourage leadership development. To accomplish this mission, SGA will cultivate a hospitable environment, dedicate our collective resources, and facilitate student advocacy for the advancement of student organizations.

8.1.3 Types of Student Organizations
SGA defines three (3) tiers of student organizations—Recognized, Chartered and Executive—each increasing in responsibilities and privileges while maintaining those gained from previous levels:

a. Recognized organizations receive SGA support and are advertised as an official Messiah College student organization.

b. Chartered organizations receive funding from the Student Activities Fee and participate in the Student Senate.

c. Executive organizations serve on the Student Body President's Leadership Council, have the potential for paid leadership positions, and attend the Office of Student Involvement & Leadership Programs annual Student Leadership Retreat.

In addition, the expected level of involvement and activity increases with each tier of organization in accordance with the Leadership Agreement produced by the Office of Student Involvement and Leadership Programs. These three tiers of organizations are defined in detail in the following governance.

8.1.4 Characteristics of All Student Organizations
All SGA student organizations shall be characterized by:

a. Consistency and alignment with the mission and values of Messiah College, SGA, and the Office of Student Involvement and Leadership Programs, all of which sponsor recognized, chartered, and executive organization activities.

b. Consistency and alignment with the mission and values of Messiah College, SGA, and the Office of Student Involvement and Leadership Programs, all of which sponsor recognized, chartered, and executive organization activities.

c. Consistency and alignment with the SGA student organization mission statement found in Section 8.1.2.
d. Adherence to both SGA governance and organization-specific governing documents regarding club operations and financial policy.

e. Service as a vibrant outlet for student involvement and leadership, holding regular meetings and positively contributing to the Messiah College community as determined by the following governance and the Vice President of Organizations.

f. Inclusive membership policies open to all Messiah College students, with the exceptions of gender-specific club sports teams and national honors societies with specific GPA requirements.

8.1.5 Limits on Student Organizations [amended by Governance Review Council 10/26/17]
To ensure financial stability, provide quality programing to all students, and encourage excellence in organization operations, the following limits will be placed on the numbers of student organizations.

8.1.5.1 Recognized organizations shall be limited only by the capacity of SGA and the Office of Student Involvement & Leadership Programs to thoughtfully and thoroughly support all organizations in a professional and impactful way.

8.1.5.2 Chartered organizations shall be limited based on a formula. There shall be one (1) Chartered organization for every 60 students. The Chartered organization cap equals the total number of enrolled students divided by current Chartered Organization Ratio (which is 60). In the case of a decimal, the number always rounds up. No organizations may receive a charter unless space within that cap exists.

8.1.5.2.1 In the event the cap falls below the existing number of chartered organizations, no organizations shall lose their charter while maintaining compliance with all SGA policies and procedures as outlined below. In this circumstance, no new organizations may receive a charter until available space is made below the new cap number.

8.1.5.2.2 Discipline-specific honors societies shall receive limited entry to the Chartered organization level, especially if a chartered organization with a similar focus or discipline is already operating.

8.1.6 Dissolving Process
If an organization no longer wishes to maintain any status, they must request a meeting with the Vice President of Organizations by October or March to determine the proper process, in regards to transferring of equipment, purchases, funds, etc. in compliance with both SGA policies and Messiah College policies.
8.2  RECOGNIZED ORGANIZATIONS

8.2.1  Recognition Process

8.2.1.1  Any student(s) in an established or yet-to-be-established unrecognized student organization can request a meeting with the Vice President of Organizations to discuss the recognition process. If a meeting occurs, the Vice President of Organizations will ensure the interested student(s) know the recognition process as outlined below. Additional detail is available in the Student Handbook.

8.2.1.2  Eligibility Requirements
To be eligible for official recognition, applying student organizations must meet the following criteria:

   e. Names and roles of proposed organizational student leadership
   f. List of potential organization activities or events

8.2.1.3.1 Applying organizations will submit their completed application for review by the SGA Advisor and Vice President of Organizations. These two individuals will complete an initial screening to determine whether or not the applying organization meets all eligibility criteria and has completed their application. If initially approved, the application will then be subject to review by the Cocurricular Education Council.

8.2.1.3.2 The application will be reviewed and subsequently approved or denied by the Cocurricular Education Council based upon the established criteria. The Cocurricular Education Council reviews organization applications once a semester, normally at their November and March meetings.

8.2.1.4 If an application is denied at any point in this process, applying student organizations must wait until the following semester to reapply for recognition.

8.2.1.5 If an application is approved by the Cocurricular Education Council, the student organization shall immediately be recognized and subsequently receive the responsibilities and privileges afforded all recognized student organizations. g. Invitations to informational Opportunity Fairs for current and/or prospective students.

8.2.4 Loss of Recognition
If, at any point, a recognized organization fails to maintain eligibility for or meet established expectations for being a recognized organization, they may be placed on a semester-long probation period by a two-thirds majority vote of the Finance and Organizations Committee. After this period ends, the committee will determine whether or not the organization has changed to comply to outlined standards, and will vote whether or not to restore full recognized status, which also requires a two-thirds majority. Failure to renew recognition annually with the Office of Student Involvement & Leadership Programs results in the immediate loss of recognized status. Any student organization with an established partnership with off-campus organizations or donors must communicate changes in club status with the Office of Development.

8.2.4.1 Dissolving of Recognized Organization
If an organization no longer wishes to maintain any club status refer to Section 8.1.6 for guidance.
8.2.4.2 Dissolving of Chartered Organization
If an organization no longer wishes to maintain any club status refer to Section 8.1.6 for guidance.

8.2.4.3 Dissolving of Executive Organization
If an organization no longer wishes to maintain any club status refer to Section 8.1.6 for guidance.

8.3 CHARTERED ORGANIZATIONS

8.3.1 Chartering Process

8.3.1.1 Any recognized organization President can request a meeting with the Vice President of Organizations to discuss the chartering process. If a meeting occurs, the Vice President of Organizations will ensure the interested organization knows the chartering process as outlined below.

8.3.1.2 Eligibility Requirements
To be eligible for chartering, applying student organizations must meet the following criteria:
   a. Continued fulfillment of the recognized organization criteria, found in Section 8.2.1.2.
   b. Maintaining recognized status for at least one year.
   c. Written evidence of regular meetings held at least monthly and a significant level of student interest as determined by the Vice President of Organizations.
   d. Consistent, strong student leadership, including an active organizational student leader dedicated to the organization’s financial well-being (e.g. a treasurer).
   e. Evidence of excellence as a recognized organization.

8.3.1.3 Chartering requires an initial application submitted to the Finance and Organizations Committee containing documentation of current club leadership, a petition of thirty current undergraduate student signatures in support of the club, a letter of recommendation from the club advisor, and any other additional recommendations as required in Section 8.2.1.2. This initial application requires a majority vote from the Finance and Organizations to continue the chartering process. Initial applications are due by October 1 during the fall semester and by March 1 during the spring semester.

8.3.1.3.1 If initially approved, an organization has one month from notification to submit additional materials provided by the Vice President of Organizations for review by the Finance and Organizations Committee. These materials include written demonstration of the organization’s fulfillment of the eligibility requirements listed in Section 8.3.1.2, updated governing organization documents, including the
organization constitution, and written information on organizational purpose, goals, objectives, and proposed activities.

8.3.1.3.2 After the organization has submitted these additional materials, the Finance and Organizations Committee shall decide whether or not to recommend the organization for approval by the Student Senate. This recommendation requires a majority vote. If not approved, the organization shall retain its recognized status and will be eligible to reapply for chartering one year after their denial.

8.3.1.3.3 If circumstances warrant an immediate decision, the Vice President of Organizations, with the approval of the Student Body President and Student Body Vice President, can waive any of the above requirements and accelerate the chartering process for an organization for approval by a two-thirds majority vote of the Student Senate.

8.3.1.4 After approval by the Finance and Organizations Committee, an organization with developmental status may receive an SGA charter with a two-thirds majority vote of the Student Senate. To propose a vote, the organization must demonstrate their ability to continue meeting the requirements stated above, as well as evidence of consistent membership and responsible handling of finances. Failure to receive a charter through the Student Senate automatically results in the discontinuation of the chartering process. If not approved, the organization shall retain its recognized status and will be eligible to reapply for chartering one year after their denial. If approved, the SGA charter shall take effect immediately except for any SGA-budgeted funds, which would need to be requested and approved during the following semester.

8.3.2 Requirements/Responsibilities
All Chartered organizations must fulfill the requirements and responsibilities of Recognized organizations listed in Section 8.2.2 and the following requirements and responsibilities. If overlap or contradictions exist between these two lists, the requirements and responsibilities listed below supersede those in Section 8.2.2.

a. Completely comply with all SGA financial policies, including wise usage of SGA funds without material variances from budgeted funding amounts.

b. Attend mandatory Student Senate meetings through a selected organization representative. If the delegated representative cannot attend, a proxy must attend in their place.

c. Submit any organization-specific governance changes to the Vice President of Organizations for SGA records.

d. Hold regular meetings, events, or activities at least once a month and maintain sufficient student membership, consisting of those who regularly attend these events.

e. Submit monthly reports to the Vice President of Organizations in a detailed and timely manner and a format determined by the Vice President of Organizations.
f. Report any changes in student leadership or advisors to the Vice President of Organizations and the Office of Student Involvement and Leadership Programs. All new leaders selected for a new academic year should be in place and communicated by the second week of April of the academic year before their terms in office.

g. Annually renew charter with the Office of Student Involvement & Leadership Programs.

h. Adhere to policies in Appendix C for Chartered clubs.

8.3.3 Privileges
All chartered organizations are eligible to receive the following privileges, in addition to those granted to all recognized organizations in Section 8.2.3:

a. Eligibility for a budget funded by the SGA Student Activities Fee (process outlined in Section 9.3), greatly enhancing the organization's capacity to provide quality events on campus.

b. Additional support from the Student Body President's Cabinet, particularly through the Vice President of Organizations and Vice President of Finance.

c. Ability to provide input into important SGA and College-wide decisions and create real change from original ideas through the Student Senate.

8.3.4 Loss of Charter
All chartered organizations are subject to review by the Finance and Organizations Committee. If, by a majority vote, the Committee determines the organization is not meeting the expectations outlined in Section 8.3.2 or acts contrary to Messiah College or SGA purposes or policies, the following steps shall be taken:

8.3.4.1 Probation
If the Finance and Organizations Committee determines an organization has not complied with SGA policies, they shall be issued a warning and placed on probation for two (2) months. During this stage, the Finance and Organizations Committee shall offer recommendations for improvement and monitor the organization's activity.

8.3.4.1.1 After two months, the Finance and Organizations Committee shall ascertain whether the recommendations made have been satisfactorily fulfilled and either restore the organization to full chartered status or make a recommendation to the Student Senate for suspension. Either decision requires a majority vote.

8.3.4.1.2 If an organization has been disciplined for financial negligence according to the guidelines laid out in SGA Financial Policy, the Vice President of Finance may recommend financial probation. In this case, a year of financial probation shall serve as a substitute for the probation period outlined above if approved by a majority of the Finance and Organizations Committee. The Vice President of Finance should refer the matter to the Finance and Organizations Committee,
who, in consultation with the Vice President of Finance, shall decide whether to recommend suspension of the organization to the Student Senate after the year-long probation.

8.3.4.2 Suspension
Suspending an organization requires a two-thirds majority vote of the Student Senate. If a two-thirds majority vote is not obtained, the organization will return to full chartered status. If suspended, an organization shall remain suspended for a minimum of one full semester, not to exceed two full semesters. During this period, the organization's activity shall be monitored closely by the Finance and Organizations Committee.

8.3.4.2.1 A suspended organization shall receive only provisional SGA funds of an amount to be determined jointly by the Vice President of Organizations and the Vice President of Finance in consultation with the Finance and Organization Committee.

8.3.4.2.2 Following this period of suspension, the organization shall return to the Student Senate for possible reinstatement. The Senate shall take into consideration the recommendation of the Finance and Organizations Committee for either reinstatement or revocation of the SGA charter. A two-thirds majority vote of the Student Senate is needed for reinstatement of a charter. If a two-thirds majority is not obtained, SGA will revoke the organization’s charter and relegate the organization to recognized status. The organization can apply for chartered status again after one year of relegation.

8.3.4.3 If an organization no longer wishes to maintain chartered status, they can appeal to the Finance and Organizations Committee to return to recognized status. Such a voluntary transition would only require a majority vote of the Finance and Organizations Committee and would go into effect the following semester if approved.

8.4 EXECUTIVE ORGANIZATIONS

8.4.1 Achieving Executive Status [amended by Governance Review Council 2/16/2017]

8.4.1.1 Any chartered organization President can request a meeting with the Vice President of Organizations and Student Body President to discuss the process for achieving executive organization status. If a meeting occurs, these individuals will ensure the interested organization knows the process for becoming an executive organization as outlined below.
8.4.1.2 Eligibility Requirements
To be eligible for achieving executive status, applying student organizations
must meet the following criteria:

a. Continued fulfillment of the recognized organization criteria, found in Section
8.2.1.2, and the chartered organization criteria, found in Section 8.3.1.2.
b. Maintaining chartered status for at least five consecutive years.
c. Demonstration of a broad organizational focus and impact (i.e. organization
does not have a niche audience, but has a wide influence on campus).
d. Desire from the general student population for the increased presence of the
organization’s mission, services, and programming on campus.
e. Clear and strong partnership or collaboration with a preexisting Messiah
College department, organization, or office, especially in the form of a
dedicated and compensated advisor.
f. Demonstration that organizational strategic operations and values extend to
embed and encompass the SGA purpose and seven main objectives stated in
Section 2, including leadership development, and the Messiah College mission
statement.
g. According to precedent, most executive organizations have developed from a
coalition of organizations with similar goals and visions or directly out of the
Student Body President’s Cabinet.
h. Show Satisfactory or Superior performance in Evaluations per Appendix C for
Charted Clubs.

8.4.1.3 Application Process

8.4.1.3.1 If a chartered organization wishes to achieve executive status and meets the
previously stated requirements and definitions, then the organization’s
leadership shall express such a desire in a formal notification to the Vice President
for Organizations before fall break. The Vice President of Organizations shall meet
with the organization’s leadership and explain the processes and expectations
herein and advise the leadership on potential next steps.

8.4.1.3.2 After meeting initially with the Vice President of Organizations within the
timeframe allowed, the organization’s leadership shall develop a proposal
explaining why they believe they qualify for executive status. This proposal will
be submitted to the Vice President of Organizations no later than the start of
Thanksgiving Break. Proposals submitted after this date shall not be considered
until the following fall semester.

8.4.1.3.3 The Vice President of Organizations shall in turn circulate the proposal to the
following groups: Leadership Council, the Student Body President’s Cabinet and
the Finance and Organizations Committee. Each group will receive a “blind”
application, meaning that they shall not be notified of the recommendations made
by either of the other two groups. This action shall be taken no later than
Christmas Break. Upon receiving a proposal within the appropriate time frame
mentioned above, each group shall evaluate the proposal based on the criteria above in Section 8.4.1.2 and develop a recommendation for Student Senate (either recommend approval or recommend denial). These recommendations should be completed no later than the Friday of the second full week in February.

8.4.1.3.4 Any organizations seeking executive status that have received at least two positive recommendation from any of the three groups identified in 8.4.1.3.3 will present their application to Student Senate no later than Spring Break. If two or more groups recommend that the application be denied, then the application will be considered null. In this case, the organization submitting the proposal may be eligible to apply for executive status the following year.

8.4.1.3.5 If the organization does receive the necessary recommendations, Student Senate will receive the following documents:
  a. The organization’s application for executive status
  b. Leadership Council’s Recommendation
  c. The Student Body President’s Cabinet’s recommendation
  d. The Finance and Organizations Committee’s recommendation

Student Senate will decide via a vote whether to approve or deny the application. This vote should be informed by the recommendations made above, but does not need to abide by any one particular recommendation. A two-thirds majority vote is required to pass the proposal.

8.4.1.3.6 If the application is denied by Student Senate (see 8.4.1.3.5), the organization will continue functioning as a chartered organization and may be eligible to apply for executive status the following academic year. No appeals process may be followed in the current year.

8.4.1.3.7 Should an organization receive the Student Senate’s approval, the organization shall officially begin full executive organization status the following fall semester with invitations to the Leadership Retreat as available. Immediately following Student Senate approval, an organization representative must meet monthly with the Vice President of Organizations till the end of the academic year to ensure the organization transitions smoothly. The organization chief executive shall also serve on Leadership Council and collaborate with the Student Body President for the rest of that academic year.

8.4.2 Requirements/Responsibilities
All executive organizations must fulfill the requirements and responsibilities of recognized organizations listed in Section 8.2.2, those of chartered organizations listed in Section 8.3.2 and the following requirements and responsibilities. If overlap or contradictions exist between these three lists, the requirements and responsibilities listed below supersede those in Section 8.2.2 and Section 8.3.2.
8.4.2.1 Because of executive organization activities’ far-reaching nature, the chief officer of each executive organization serves as a member of Leadership Council in order to foster awareness and support among the leaders of SGA. For more details, see Section 3.2.1.

8.4.2.2 The chief officer of each executive organization is required to present to the Student Senate once each semester.

8.4.2.2.1 Recommended Topics for Fall
   a. An overview of the mission statement
   b. The organization’s contribution to campus and the College’s educational objectives
   c. A summary of the year’s goals
   d. Plans to implement those goals (as available by this point in the year)

8.4.2.2.2 Recommended Topics for Spring
   a. Update on progress towards goals or changes to goals with justification
   b. Major accomplishments in the fall
   c. Major plans for spring, all relating back to the organization’s individual mission statement

8.4.2.3 Executive organizations must also send a representative to each Student Senate meeting, at which attendance and participation are mandatory.

8.4.2.4 An executive organization must have an established relationship with a Messiah College department or office, and their advisor must have their advisory role included in their official Messiah College job description.

8.4.2.5 An executive organization must exhibit increased loyalty to SGA and Messiah College as a whole.

8.4.2.6 Executive organizations must annually renew executive status with the Office of Student Involvement & Leadership Programs.

8.4.3 Privileges
All executive organizations are eligible to receive the following privileges, in addition to those granted to all recognized organizations in Section 8.2.3 and those granted to all chartered organizations in Section 8.3.3.

8.4.3.1 While first and foremost responsibilities, the opportunities listed in Section 8.4.2 also serve as opportunities to collaborate with other student leaders, create increased campus awareness of organization operations, and receive increased support from an advisor, all of which are also privileges afforded to executive organizations.
8.4.3.2 Executive organizations are eligible to financially compensate their student leaders to offset the opportunity costs of dedicating time and energy to serving the student body. Executive organizations are eligible to apply for, but not guaranteed, SGA-paid leadership positions.

8.4.3.2.1 Organizations may apply for paid positions in their original proposal to the Finance and Organizations Committee as they pursue executive status. In order to deter financial motives for applying for executive status, executive organizations shall only be permitted to request up to three paid positions upon initial instatement as an executive organization. After one year as an executive organization, the organization may apply for additional paid positions through the regular governance review process.

8.4.3.2.2 Requests for paid positions shall be evaluated based on availability of SGA resources, campus impact, organizational need and impact, and organizational fiscal responsibility and stewardship, and must be approved by the Governance Review Council (see Section 10). For more information on SGA wages and paid positions, see Section 9.2.

8.4.3.3 Certain executive organizations may wish to apply for a fixed percentage of the budget in order to guarantee a relatively consistent budget. Executive organizations are eligible for, but not guaranteed, a fixed percentage of the Student Activities Fees available. In order to deter financial motives for applying for executive status, only organizations that have held executive status for a year or more shall be permitted to apply for a fixed percentage of the incoming Student Activities Fees.

8.4.3.3.1 Applications for a fixed percentage shall be submitted to the Finance and Organizations Committee any point during the semester and shall be processed through the regular governance structure. A fixed percentage shall only take effect at the beginning of the next semester of budgeting. Requests for fixed percentages shall be evaluated based on availability of SGA resources, campus impact, organizational need and impact, and organizational fiscal responsibility and stewardship. For more information on fixed percentages, see Section 9.3.3.1.

8.4.3.3.2 If an executive organization has not yet secured or elects not to secure a fixed percentage they are to receive SGA funding for their budgets in the same manner as chartered organizations—on a line-by-line basis pending the approval of the Vice President of Finance as stipulated in Section 9.3.1.

8.4.3.4 Executive organizations are eligible to carry over their budget of Student Activities Fees from fall to spring semester (See Section 9.3.3.1).
8.4.3.5 Core executive organization leaders receive invitations to the annual Leadership Retreat, sponsored by the Office of Student Involvement and Leadership Programs.

8.4.3.6 Core executive organization leadership positions also meet the qualifications to serve as an experience for the Experiential Learning Initiative (ELI). Student leaders shall work with their organization’s advisor to fulfill this requirement.

8.4.4 Loss of Executive Status
All executive organizations are subject to review by the Finance and Organizations Committee by the recommendation of the Student Body President. If the committee determines the organization is not meeting the expectations outlined in Section 8.4.2 or acts contrary to Messiah College or SGA purposes or policies, the following steps shall be taken:

8.4.4.1 Probation
If the Finance and Organizations Committee determines an organization has not complied with SGA policies by a two-thirds majority vote, they shall be issued a warning and placed on probation for two (2) months. During this stage, the Finance and Organizations Committee shall offer recommendations for improvement and monitor the organization’s activity. The Student Body President can override executive organization probation.

8.4.4.1.1 After two (2) months, the Finance and Organizations Committee shall ascertain whether the recommendations made have been satisfactorily fulfilled and either restore the organization to full executive status or make a recommendation to the Student Senate for suspension, which also requires a two-thirds majority vote.

8.4.4.1.2 If an organization has been disciplined for financial negligence according to the guidelines laid out in SGA Financial Policy, the Vice President of Finance may recommend financial probation. In this case, a year of financial probation shall serve as a substitute for the probation period outlined above if approved by a two-thirds majority of the Finance and Organizations Committee. The Vice President of Finance should refer the matter to the Finance and Organizations Committee, who, in consultation with the Vice President of Finance, shall decide whether to recommend suspension of the organization to the Student Senate after the year-long probation.

8.4.4.2 Suspension
Suspending an organization requires a two-thirds majority vote of the Student Senate. If a two-thirds majority vote is not obtained, the organization will return to full executive status. If suspended, an organization shall remain suspended for a minimum of one full semester, not to exceed two full semesters. During this period, the organization’s activity shall be monitored closely by the Finance and Organizations Committee.
8.4.4.2.1 A suspended organization shall receive only provisional SGA funds of an amount to be determined jointly by the Vice President of Organizations and the Vice President of Finance in consultation with the Finance and Organization Committee and shall not receive funding for paid student leadership positions.

8.4.4.2.2 Following this period of suspension, the organization shall return to the Student Senate for possible reinstatement. The Senate shall take into consideration the recommendation of the Finance and Organizations Committee for either reinstatement or revocation of the SGA charter. A two-thirds majority vote of the Student Senate is needed for reinstatement of executive status. If a two-thirds majority is not obtained, SGA will revoke the organization’s executive status and relegate the organization to chartered status. The organization can apply for executive status again after three years of relegation.

8.4.4.3 If an organization no longer wishes to maintain executive status, they can appeal to the Finance and Organizations Committee to return to chartered status. Such a voluntary transition would only require a majority vote of the Finance and Organizations Committee and would go into effect the semester following approval if approved.
9 FINANCIAL POLICY

9.1 STUDENT ACTIVITIES FEE

9.1.1 Each semester, the Student Government Association will collect a Student Activities Fee (SAF) from each student, which will appear on his or her tuition bill.

9.1.2 Philosophy of Student Activities Fee
The Student Activities Fee (SAF) is paid by every member of the student body and shall therefore be used to serve the student body. The SAF shall be used to support clubs and organizations on campus that foster student interests; provide extracurricular activities; and promote leadership, personal, and spiritual development. When able, the SAF should be used conservatively in order to benefit as many students as possible.

9.1.3 Review of the Student Activities Fee
Every four years, the SGA Finance and Organizations Committee should evaluate the SAF and submit a proposal substantiating any fee changes to the Student Senate for majority vote approval prior to the end of November. This information should be communicated to the College Finance Committee after Student Senate has passed. The SAF shall not be changed more than once every four years.

9.2 WAGES

9.2.1 Philosophy of SGA Wages
Wages should be viewed as compensation from the student body for services rendered by their officials and student leaders. This compensation is intended to offset the opportunity costs of dedicating time and energy to serving the student body.

9.2.2 Determination of Wages
SGA positions and hourly wages are based on individual and corporate responsibility as determined by the Payroll Office.

Any Executive Organization seeking to sponsor a summer work-study position must file an appeal to the Vice President of Finance, Student Body President, and SGA Advisor for approval. If approved, the portions of these positions funded by SGA shall be funded from the SGA wages account.

9.3 **BUDGETING**

9.3.1 **Time Table for Each Semester**

a. The Vice President of Finance and Vice President of Organizations will hold a workshop with the presidents and treasurers of the various SGA organizations in order to inform them of SGA financial policies and procedures. At this workshop, all organizations will be informed that their fall budget shall include J-term expenses, no exceptions. This meeting will occur no later than the end of the first week of classes.

b. The budgets from the various organizations will be due to the Vice President of Finance no later than the Monday of the third week of classes.

c. The Finance and Organizations Committee will review all organizations' budgets, make the appropriate adjustments, and balance the entire SGA budget (see Section 9.3.4.1 for details).

d. The completed budget must be submitted to the Student Senate for approval. Student Senate will be given access to the individual budgets for each organization for review prior to the submission of the completed budget to Student Senate. This will occur no later than two weeks after budgets are handed in from organizations.

e. Once Senate has approved the budget, the Student Body Vice President will send the Senate-approved budget to the Student Body President, who will approve or veto it in compliance with Section 4.1.1.j.

f. After presidential approval of the budget, the Vice President of Finance will inform each SGA organization of the amount of money it has been allocated for the semester.
g. The Vice President of Finance and Vice President of Organizations will hold a workshop with the presidents and treasurers of the various SGA organizations in order to inform them of SGA financial policies and procedures. At this workshop, all organizations will be informed that their fall budget shall include J-Term expenses, no exceptions. This meeting will occur no later than the end of the first week of classes.

h. The budgets from the various organizations will be due to the Vice President of Finance no later than the Monday of the third week of classes.

i. The Finance and Organizations Committee will review all organizations' budgets, make the appropriate adjustments, and balance the entire SGA budget (see Section 9.3.4.1 for details).

   i. If the Finance and Organizations Committee is not able to be organized in time for budgeting, this responsibility will fall to the Vice President of Finance and Vice President of Organizations in coordination with the SGA advisor.

9.3.2 Guidelines for Budgeting of SGA Organizations

These guidelines shall be followed by the Finance and Organizations Committee to ensure fair and equal budgeting for expenses that help achieve organizations' missions and purposes. These guidelines will also serve as the basis for decision-making unless there are insufficient funds for allocations for all requests. Section 9.3.2.1 shall contain non-negotiable budgeting instructions, whereas the Section 9.3.2.2 will serve as budgeting objectives, which will be subject to the discretion of the Finance and Organization Committee. If the Finance and Organization Committee cannot meet the requests of all organizations it is their responsibility to cut budgets where it is necessary. These are not the only expenses SGA will fund.

9.3.2.1 Non-Negotiable Budgeting Instructions [Executive Amendment 09/20/2017]

9.3.2.1.1 Travel

a. Travel using a Messiah College car (one to five people) will be budgeted $0.56 per mile.

b. Travel using a Messiah College minivan or 15-passenger van (eight to 15 people) will be budgeted $0.81 per mile per 15-passenger van needed.

c. Travel using a personal vehicle will be budgeted according to a smaller rate set by the Vice President of Finance at the beginning of the semester. This rate will not exceed the rate reimbursed for college vehicles. Evidence that an attempt was made to reserve a college vehicle is necessary to receive reimbursement.

d. Travel by flight will be funded up to 50 percent per student not to exceed $115 per student. A hard copy of online or travel agent research must be turned in with the budget to receive any funding for flights and that price will also be used for reimbursement purposes.
e. SGA may fund hotels and accommodations up to 50 percent per room per night.

9.3.2.1.2 Speaker and Guest Gifts and Pay
a. Students will not be compensated for speaking, leading or taking part in organization events outside of the SGA work-study positions, but may be compensated if hired for professional services, which would have been hired out. In the case of a student-hire:
   i. There must be a contract with the student, which is signed by the Club Advisor, the Club President, and the Vice President of Finance before an agreement can be set with the individual.
   ii. SGA is not financially responsible for any agreements put forth without the approval of the Vice President of Finance (as well as the Club Advisor and Club President).
   iii. The club must be able to support the claim that the individual is qualified to work in place of the hired professional.

c. Other guests may be compensated with pay that they require.
d. Non-student employees of the college may be compensated up to $200.00 with a gift or for their travel.

9.3.2.1.3 Fundraising for Chartered Organizations
a. Chartered clubs are permitted to fundraise in order to generate revenue to offset any club expenses. Any start-up costs related to fundraising must be funded through a short-term loan from SGA. Any money borrowed must be paid back within one month of the fundraising event’s completion, no interest charged. Any club that fails to repay the short-term loan will be subject to review by the Finance and Organizations Committee.
b. In order to receive a loan, a formal request must be submitted to the Vice President of Finance at least two weeks before the funds are needed to be used by the organization.
c. Revenues that exceed the borrowed amount of SGA money should be noted in the monthly report as well as reported to the Vice President of Finance so that these funds will not be collected at the end of the semester and may be rolled-over to the next semester to be used for any of the organization’s future initiatives.
d. If clubs have rollover funds from previous semesters’ fundraisers or donations, these funds must be used for new fundraiser start-up costs instead of an SGA loan. In the event that the rollover funds are less than the needed amount for a particular fundraiser, the club is eligible to receive an SGA loan for the difference between the club’s rollover funds and the amount needed for the fundraiser.
9.3.2.1.4 Refreshments
   a. Food or drink for organizations’ general meetings will not be funded. General meetings are those for officers and/or members involving normal business.
   b. Food or drink that a normal student would otherwise pay for his- or her-self (as in, when a student is traveling to or present at an organizations’ event) will not be funded.
   c. Refreshments being provided for a club-sponsored event that is open to all members and/or the general student body may be funded.

9.3.2.1.5 Registration Fees [amended by Governance Review Council 10/26/2017]
   a. SGA may fund 50 percent of organizations’ related registration fees per student (if a registration fee includes food then funding for the registration will still be funded at 50 percent).

9.3.2.1.6 Conferences [amended by Governance Review Council 10/26/2017]
   a. Travel, accommodations, and registration for conferences will be funded according to Section 9.3.2.1.1 and Section 9.3.2.1.5.
   b. The total amount of SGA funds that may be allotted to a club for conferences will not exceed $1,500 and may not be greater than 50 percent of total club budget.
   c. Along with their budget proposal, clubs must submit a plan to cover the remaining costs of the conferences in order for SGA to approve partial funding of their conferences. Club members are encouraged to apply for the SGA Professional Development Grant, seek sponsorship from academic and student affairs departments, or fundraise.

9.3.2.1.7 Equipment
   a. Any equipment (technology, books, cameras, etc.) purchased with Student Activity Fee funds belongs to SGA. This equipment can be maintained in the possession of the club for as long as it is needed for club functions. If at any point, the club ceases to function, the equipment must be returned to SGA.
   b. SGA will not provide additional funds to replace equipment that has been lost or stolen.

9.3.2.1.8 Special Interest Housing
   a. SGA may fund chartered club activities in a higher amount if there is more interest in the club because of club members living at a house.
   b. SGA will not fund expenses related to living in a special interest houses like toilet paper, food, cleaning supplies and non-club activities.

9.3.2.1.9 SGA Wages
   Only SGA Executive Organizations may request funding for student wages. Student Activities Fees shall only be used for wages when pre-approved by the Governance Review Council and added to the wages table in Section 9.2.2. No
club or organization shall regularly and consistently compensate a student through Student Activities Fees appropriated to clubs and organizations through the standard biannual budgeting process. Unless included in the wages table, Student Activities Fees shall only be used to compensate students working during the academic year and excludes summer employment, unless otherwise vetted through the surplus and capital purchase process outlined in Section 9.5 and 9.2.6. One-time reimbursements for a particular task or project shall not be categorized as regular and consistent compensation and shall be permitted in the regular budgeting process as outlined in 9.3.2.1.1.

9.3.2.2 Other Decision-Making Criteria for Student Organization Budgeting

The following items must be completed by each organization’s President and/or Treasurer in order to receive a budget for the current academic semester. If an item cannot be performed by the organization’s President and/or Treasurer, a proxy representative must be approved by the Vice President of Finance or the Vice President of Organizations at least 24 hours in advance. The responsibilities of each organization are as follows:

a. Attend a budgeting workshop held by the Vice President of Finance and Vice President of Organizations.

b. Submit a semester budget to the Finance and Organizations Committee.

c. Submit a fall budget reconciliation after the conclusion of each semester (pertains to spring budgeting only).

d. Attend an individual budget meeting with the Vice President of Finance and Vice President of Organizations.

e. Attend the budget approval Senate meeting and vote on the proposed balanced budget.

The following topics will be taken into consideration during the budgeting process and may influence the overall allocation that the Finance and Organizations Committee approves as outlined in Appendix C (Performance Evaluations) and Section 8.

a. How often does the club/organization meet to engage in club activities?

b. How well does the club/organization impact the overall student body of Messiah College?

c. How well does the club/organization involve the off-campus community?

d. How well does the club/organization fulfill its mission and constitution along with the overall purpose of SGA?

e. How financially responsible is the club/organization?

f. How well does the club/organization communicate with SGA?

9.3.3 Procedures for Budgeting [amended by Governance Review Council 10/26/2017]

9.3.3.1 Fixed Costs

There are several fixed costs in the budget that are to be funded from a percentage of incoming Student Activities Fees. These fixed percentages will be taken out of Student Activities Fees after SGA wages have been deducted. The
following executive organizations (also known as fixed percentage organizations) are allowed to voluntarily budget less than their fixed percentage and return the remainder of their allotted funds to SGA. (These returned funds shall be used to fund non-executive chartered organizations.)

a. The SGA wages are a fixed cost in the SGA budget. The total amount to be budgeted is found in Section 9.2.3.

b. $3,000.00 per semester will be allocated to the SGA Professional Development Grant Program (see Section 9.8). Any surplus or deficit from the fall semester grant money shall transfer to the spring program. Grant money shall not transfer between academic years.

c. $4,000.00 per semester will be allotted to the Office of Student Involvement and Leadership Program to support leadership development opportunities for students, including the annual Student Leadership Retreat and the end-of-year Student Leader Recognition and Appreciation Ceremony.

d. Commuter Services will receive 5.0% of only those incoming Student Activities Fees paid by commuter students. Any balance, including a negative one, will roll over from the Fall semester to the Spring semester.

e. $1,000 per semester will be allotted to provide for two student leaders—preferably the incoming SGA Student Body President and the incoming Vice President for Diversity Affairs (should one or both SGA cabinet members be unable to attend, the offer will extend to the incoming chair of the Multicultural Council)—to participate in the Returning to the Roots of Civil Rights bus tour operated by The Common Ground Project and supported by Messiah College each summer.

f. Student Activities Board (SAB) will receive 28.5% of incoming Student Activities Fees. Any balance, including a negative one, will roll over from the Fall semester to the Spring semester.

g. Agapé Center (AC) will receive 13.7% of incoming Student Activity Fees. Any balance, including a negative one, will roll over from the Fall semester to the Spring Semester.

h. The Pulse will receive 10.8% of the incoming Student Activities Fee. The Pulse will roll over any balance including a negative balance from the Fall semester to the Spring semester. This percentage includes yearbooks for seniors, which will be mailed to all seniors at no charge (first years, sophomores and juniors can purchase it for a fee).

i. Multicultural Council (MCC) will receive 6.5% of the incoming Student Activities Fee. Any balance, including a negative one, will roll over from the Fall semester to the Spring semester.

j. Eyas (the student-alumni council) will receive 5.0% of the incoming Student Activities fee. Any balance, including a negative one, will roll over from the Fall semester to the Spring semester.
k. Student Ministries will receive 3.4% of the incoming Student Activities fee. Any balance, including a negative one, will roll over from the Fall semester to the Spring semester.

l. Minds Matter will receive 1.55% of the incoming Student Activities fee. Any balance, including a negative one, will roll over from the Fall semester to the Spring semester.

9.3.3.2 Club Sports
Each Club Sport’s budget will be reviewed along with all other clubs and organizations (as described in Section 9.3.3.3). A club sport has a “feeder” team that may receive up to $3,500 per academic year in separate funds to be spent solely on that feeder team. SGA will not fund tournaments, championships, or bracket play that the team does not mention at the time of budgeting. Other Club Sports financial policies include:

a. Club Sports are best defined as intercollegiate teams representing Messiah College in sport or athletic-related activity.

b. Feeder teams are best defined as teams that exist specifically for the development of players in their respective Club Sports. Players may not play simultaneously on the feeder team and the primary team. Teams with an NCAA equivalent at Messiah College typically will not receive funding for a feeder team. Clubs sports may apply to the Finance and Organizations Committee for an exception to the feeder team parameters.

c. Club sports will only be allocated funds to pay for travel costs as outlined in Section 9.3.2.1, fees for referees, and registration or tournament fees.

9.3.3.3 All Other Clubs and Executive Organizations
The remainder of the Executive and Chartered organizations shall be allocated specific amounts per 9.3.1.

9.3.4 Budget Senate-Approval Scenarios

9.3.4.1 Deficit (Negative Balance)
In the event that a semester budget cannot be adequately balanced without fundamentally harming the core mission and purposes of the budget-requesting organizations (e.g., having to cut into an event that is mission-critical to an organization’s existence), the following options are recommended (not required) to the Senate in order to pass the budget in a balanced state:

9.3.4.1.1 Proportional Cuts
Unless otherwise modified by a vote, all non-fixed-percentage organizations shall be subjected to a percentage cut as it relates to the remaining budget deficit. These organizations shall have their currently approved amounts collectively summed/totaled. Then each individual organization’s currently approved amount will be divided by the aforementioned sum to obtain an individual percentage. This percentage shall then be multiplied by the
remaining deficit to result in the individual amounts that shall be cut from each of these organizations. The cuts shall be properly accounted for by the organizations’ leadership in direct consultation with the Vice President of Finance.

9.3.4.1.2 Individual Cuts
If a semester budget is brought to Senate for approval in a negatively unbalanced state (i.e. a deficit, NOT a surplus), the Senate can deliberate and vote (by majority) on individual budget cuts to any non-fixed-percentage organization’s budget until the budget is brought to a state of balance or surplus.

9.3.4.2 Surplus (Positive Balance)
In the event that a budgeting process ends in a surplus, the following options are recommended to the Finance and Organizations Committee, Vice President of Finance and Student Senate:

9.3.4.2.1 Contingency Fund
Student Senate can approve the budget as is, and the surplus shall be allocated in full to the SGA Contingency Fund (as described in Section 9.7). This particular portion of the Contingency Fund shall be utilized in the same manner as the normal balance of the Contingency Fund (as described in Section 9.7); however, any unused portion of the surplus in the Contingency Fund at the end of the given semester shall be transferred into the Capital Purchases account in the same manner as unused funds from semester budgets for student clubs and organizations in accordance with Section 9.5.

9.3.4.2.2 Organization Requests
Organizations can ask for additional funds for their budgets, subject to approval by a majority vote of the Senate. Any surplus funds remaining that are not claimed shall be subject to the guidelines in Section 9.3.4.2.1.

9.4 CONTRACTS
a. Contracts cannot be established for an SGA club or organization by anyone but the club advisor.
b. Contracts for student employment, outside of established work-study positions, must be approved as stated in Section 9.3.2.1.2.

9.5 END OF SEMESTER PROCEDURES

9.5.1 Budget Reconciliations
After the end of each academic semester, the Vice President of Finance will review each club’s budget reconciliation and determine which of the following caused the amount of leftover funds:
a. Unused Student Activities Fee that the organization was approved for at the beginning of the semester.
b. Earned revenue that the organization received from fundraising, etc.
c. A combination of the above.

9.5.2 Unused Student Activities Fee
Any amount that is considered to be unused SGA Student Activity Fees (i.e. unearned) will be taken out of the club account. If the funds are leftover from the fall semester, they will be redistributed in the spring semester with the new spring SAF. If the funds are leftover from the spring semester, they will be transferred to the Capital Purchases account and be used as outlined in Section 9.6.

9.5.3 Earned Revenue
Any amount that is considered to be earned revenue, completed through the process outlined in Section 9.3.2.1.3, shall remain in the organization's account and roll forward to the next semester.

9.6 SURPLUS AND CAPITAL PURCHASES

9.6.1 Procedures
In the event that surplus funds remain after the Fall semester, the Finance and Organizations Committee shall notify each organization in early spring that they can request capital purchase items. Requests must be submitted in writing and include a description of the item, why it is needed, and the cost. Additionally, requests from college-wide departments and offices may be accepted for review. These requests will be reviewed, approved, and prioritized by the Student Senate Finance and Organization Committee. The prioritized list should be presented to the Student Senate for their approval by majority vote in the month of April. The Vice President of Finance will contact appropriate parties regarding the approved capital purchases. The purchases will then be executed in order of prioritization as funds allow (see Section 9.5.3).

9.6.2 Receiving Capital Funds
The following criteria for capital purchases will provide the guidelines for qualified capital purchases.

a. The item(s) requested must provide foreseeably long-term benefits to the organization or student body.

b. Any equipment (technology, books, cameras, etc.) purchased with Capital Funds belongs to SGA. This equipment can be maintained in the possession of the club for as long as it is needed for club functions. If at any point the club ceases to function, the equipment must be returned to SGA.

9.6.3 Budgeting and Purchasing Procedures for Capital Funds
At the end, or as close to the end as possible, of the fiscal year, the Vice President of Finance should transfer any unused funds first into the SGA Contingency Fund.
to bring its total to two thousand dollars, as described in Section 9.7. The remaining funds shall be placed into the SGA Capital Purchase account, with the exception of any funds that have been approved to be carried over for individual clubs or organization accounts. Once the Vice President of Finance has established the final balance of the SGA Capital Purchase Account, he/she will be able to determine which of the approved capital purchase requests will be purchased according to the availability of funds. The Vice President of Finance may exercise any of the following options to initiate the purchase of these items:

a. Have some way of contacting the leaders of the organizations/departments so that they may initiate the purchase themselves.

b. Have the leaders of the organizations/departments leave specific instructions for initiating the purchase of their item during the summer. For example, detailed specifications for a computer may be given to the Vice President of Finance so that he/she may contact ITS with the order.

c. The leaders of the organizations/departments may wait until they return in the fall to initiate the purchase of the item.

9.6.4 Excess Funds in the SGA Capital Purchase Account

a. In the event that there are still funds left in the Capital Purchase Account after all approved items have been purchased, the Vice President of Finance should assess this issue and determine the cause of the excess funds. The SGA Finance Committee should then determine if any action is necessary.

b. Money remaining in the Capital Purchase account during the school year may be used for capital purchases during the year, and for other purposes as deemed necessary by the Vice President of Finance. Requests for such use of this account must be submitted to the Vice President of Finance, discussed with the SGA Finance and Organization Committee as needed, and approved by a majority vote of the Student Senate.

9.7 NEGATIVE BALANCES IN SGA ACCOUNTS

9.7.1 Approval for Negative Balances

Negative balances in the accounts of SGA organizations are to be avoided as much as possible. The only time accounts may have a negative balance is during the time between the start of the semester and the final presidential approval of the budget. Exceptions may be made during the semester in the event of an upcoming fundraiser or other extenuating circumstances. These exceptions are at the discretion of the Vice President of Finance.

9.7.2 Unapproved Negative Balances

Organizations that incur unapproved negative account balances shall be disciplined according to the following progression:

a. When an unapproved negative account balance occurs, the Vice President of Finance shall send a written warning to the organization president and treasurer. The warning shall include any appropriate details about the
negative balances, as well as a description of the remaining discipline procedures.

b. If the unapproved negative balance occurs between fall and spring semester budgeting, the organization shall have until spring budgeting to restore the account to at least a zero balance. If the balance has not been restored by spring budgeting, the organization in question will not be eligible to submit a spring budget request to the Finance and Organizations Committee unless they receive a special waiver stating otherwise from the Finance and Organizations Committee.

c. If the unapproved negative balance occurs after spring budgeting, the organization shall have until the end of the semester to restore the account to at least a zero balance. If an organization carries a negative balance at the end of the spring semester, it will be placed on financial probation for both semesters of the subsequent school year. This probation shall occur as such:

i. During probation, the organization may submit a budget, but only for, at most, 50 percent of the average of the organization’s previous two semesters’ approved budgets.

ii. The organization, under supervision of the Finance and Organizations Committee and the Vice President of Finance, must work to eliminate the negative balance as soon as possible. This cannot be done by seeking the funds during the fall or spring budgeting process or by one member of the organization paying the entire sum out of pocket for the mistakes of the collective whole. Determining ways of paying back the negative balance should be discussed with the Finance and Organizations Committee in consultation with the Vice President of Finance.

iii. If the organization does not have a negative balance at the end of the probation period, probation will be dropped and the organization will be considered in good financial standing.

iv. An organization that is placed on probation may petition the Finance and Organizations Committee within the first four (4) weeks of the fall semester to have probation waived. If the Finance and Organizations Committee approves, they must take the issue to the Student Senate. A two-thirds majority vote of the Student Senate will be required for waiving probation. If, however, after waiver of probation the organization incurs a negative balance at the end of the fall semester, the organization shall again fall within the parameters of Section 9.6.2.d in regards to financial negligence.

d. If an organization has a negative balance at the end of its probation period, it will be deemed financially negligent. The Vice President of Finance and the Finance and Organizations Committee should examine the situation closely and recommend a course of action to the Student Senate, which must approve any further action against an organization.
9.8 CONTINGENCY FUND

9.8.1 Context and Procedures
The Contingency Fund was established to provide a buffer for SGA in the event of financial emergencies incurred by student organizations. The Contingency Fund will be replenished to $2,000 by unspent Student Activities Fees at the end of the fiscal year as described in Section 9.5.3. The distribution of these funds for emergency purposes will be determined at the discretion of the Vice President of Finance and the Finance and Organizations Committee.

9.8.2 Use of the Contingency Fund
In the event that the Contingency Fund would need to be accessed, a formal proposal will be drafted by the requesting organization explaining why funds are needed and the total cost. The proposal will be submitted to the Vice President of Finance for review who will in turn present it to the Student Body President’s Cabinet for consultation before appearing before the Finance and Organizations Committee for a 2/3 vote for approval.

g. Final amount of funding awarded will ultimately be based on the discretion of the SGA Grant Development Committee.

9.9.5 Program Changes
The SGA Development Grant Committee will be responsible for reviewing the program and recommending any changes to the Student Senate. Any changes to the program guidelines must be approved by a majority vote of the Student Senate and through Governance Review Council if necessary.

9.9.6 Application
The Vice President of Communication is responsible for maintaining an updated application and communicating changes with the Career and Professional Development Center, with whom SGA will partner in approving grants.

9.9.7 Summer Application and Approval Procedures [amended by Governance Review Council 9/29/2016]

c. A separate application, which will reflect these changes, will be made available to students in the summer.
10 CHANGES TO THE GOVERNANCE MANUAL

10.1 GOVERNANCE REVIEW PROPOSALS
Any member-in-good-standing of the Student Government Association—which includes Student Review Board, Student Body President’s Cabinet, Student Senate, and Leadership Council, etc.—may propose changes to the SGA Governance Manual. Proposals may be submitted at any time throughout the academic year to the Student Body President or Student Body Vice President to petition an addition to, modification of, or removal of a section of the Governance Manual. The President and Vice President reserve the right to approve or disapprove a proposal before any further discussion occurs.

10.2 GOVERNANCE REVIEW COUNCIL
Upon review and acceptance of any and all proposals by the President and Vice President, the President shall convene and chair a meeting of the Governance Review Council at which all President- and Vice-President-approved proposals will be presented. The Governance Review Council will consist of all SGA Officers as defined in Section 4. This special meeting can be held before the convening of, immediately after adjournment of, or in place of a regular Senate meeting. APPENDIX B: AN INTRODUCTION TO STUDENT SENATE RESOLUTIONS (adopted Spring 2013)

CONTEXT
The mission of the Messiah College Student Government Association (SGA) is to

provide leadership for the student body; to promote spiritual growth; to provide
opportunities for students to serve others; to support and recognize quality services and
activities; and to represent students before the Administration, Faculty, Board of
Trustees, and surrounding community.

SGA firmly believes that student representation to the College is defined by mutual
communication, understanding, and advocacy, and that SGA better executes its mission if
student leaders act as a “bridge.” In other words, student leaders must represent the College
to the students as well as the students to the College.

Over the years, however, an increasing amount of students have expressed displeasure with
the Student Government Association, and what was previously known as Student Forum.
Skeptics claimed that SGA did nothing for the student body, that it existed almost exclusively
for financial purposes and that, in their eyes, SGA was a “mouthpiece” for the College to the
students.

In order to better portray its legislative functions and to capture the broader student
opinion, Student Forum donned a new name, “Student Senate,” and increased its
membership by requiring all SGA-funded clubs and organizations to send a representative
to the newly titled legislature. While SGA, leadership noticed that these changes positively
affected the way in which SGA executes its mission, especially in regards to representation,
the increase in diversity and numbers in Senate also led to an even stronger expression of
the sentiment that SGA, and specifically Student Senate, doesn’t help the students, and
ultimately fails in fulfilling its representative mission.

In response to these sentiments, SGA leadership began looking for ways in which the
organization could better uphold the above mission statement and provide students more
tangible proof of this mission’s execution. Furthermore, since much of the criticism was
directed toward Student Senate, Senate’s leadership explored ways in which the “sole
representative body” could accurately represent students and make recommendations
while, in reality, having no authority within the framework of the College. It was at this time
that SGA decided to formalize Student Senate resolutions as an avenue of articulating student
voice to the College.

PURPOSE:
The purpose of a Student Senate resolution is to provide an officially documented statement
to the College on the various issues and concerns within the student body. It promotes
Student Senate as the official student voice to the College, and shows students that there in
fact exists a venue in which they can be heard, and more importantly, can brainstorm and advance their opinions and ideas. While these statements are only advisory in nature, SGA strives to produce a fully-developed and well-informed opinion that brings the students and College closer together, and closer to a possible solution. SGA has no desire to surprise, or otherwise force, unprecedented or ill-informed advisory statements onto the College leaders, but also seeks to maintain its autonomy and preserve its student perspective. By thoroughly researching information and properly vetting through all parties involved, SGA hopes to provide the College and the students with a solution to specific issues and concerns facing both parties that will contribute to the direction of the community and the overall conversation on the issue.

PROCESS:
A resolution begins in Student Senate’s committees (Physical Needs, Academic Affairs, Communications, Finance and Organizations and Social Concerns). The SGA Governance Manual charges the Student Body Vice President, who chairs Student Senate, with the responsibility of meeting with the chairs of these committees once a month. During these meetings, the Vice President and individual committee chair examine the various topics discussed in that month’s committee meetings. Together, the chair and the Vice President decide whether or not an issue is pressing enough on the students or the College to warrant further action by SGA.

When the committee chair and Vice President decide an issue warrants further investigation, the Vice President presents the issue to the Executive Cabinet for feedback and advice. If Cabinet agrees with the chair and Vice Presidents’ decision that the issue requires further action, the Chair delegates Student Senators in his or her committee to research the issue with the relevant administrators, faculty, staff, and/or students, hopefully gaining guidance and direction from a variety of reliable and informed sources. At this time, the Cabinet also provides questions and resources to assist and guide the student senators in their research. After gathering information to the full extent of their capabilities, the student senators return to committee, where they decide if the committee should draft a resolution on the topic or not.

If the committee decides a resolution should be drafted on a specific topic, the chair delegates someone to draft a resolution, or a “drafter.” At this point, the drafter of a resolution may return to additional sources of information within the College to ascertain if his or her options or ideas may or may not be plausible. The drafter may also seek guidance and advice from peers, both within Senate and outside. The draft of the resolution must include a statement of the issue at hand, documentation that the committee has indeed investigated the issue thoroughly with the appropriate parties, and, finally, the resolved advice or recommendation on the issue.

Once the committee has drafted an official resolution, it holds a committee vote. If the committee approves the draft, the Committee Chair brings it to the Vice President, who, through conversation with the Executive Cabinet and SGA Advisor, decides if Student Senate should vote on the resolution as-is, or send the resolution back to the committee for more
research or deeper consideration. If the Vice President and this team find the resolution is reasonably consistent within the mission of SGA and the mission of the College and offers viable advice based on sound information, he or she presents it to Student Senate for a vote. If the Student Senate passes the resolution by a majority vote, the Vice President sends it to the Student Body President. The Student Body President, after consulting his or her Executive Cabinet, then passes or vetoes the resolution. If the President passes the resolution, he or she then distributes it to the relevant parties, and the student body in a manner deemed appropriate to the situation by the Executive Cabinet (i.e. mass email, Pulse press release, etc.).

CONCLUSION
First and foremost, the resolution process is intended to provide the administration of the College with an understanding of students’ experiences and opinions on campus, and to provide a tangible avenue for Student Senate to fulfill its representative mission. Students should view this process as a way to express concerns within a representative democracy. Administrators, faculty, and staff should view the resolution as a request for a thoughtful and proportional response, not as a prescriptive document with the expectation of immediate action.

APPENDIX C: PERFORMANCE EVALUATION OF STUDENT CLUBS (adopted Spring 2018)

CONTEXT & PURPOSE
In accordance with SGA’s commitments described in Sections 2.1 – 2.2, having a system to clearly, effectively and equally evaluate clubs throughout the year is key. Currently we do not have a system that is robust in which we set goals and evaluate clubs on specific criteria. While we have a diverse set of clubs, we feel having a system to be able to evaluate clubs not only when it comes to budgeting decisions but also to allow clubs to be the best they can be for our students.

Having specific areas for evaluation and required check ins throughout the system will help set a focus and outlook for each club based on their needs. Also, this system will help motivate clubs to want to do well on their evaluation.

This evaluation will be used in budgeting decisions, consideration for moving through our club tiers and for future club members to see concrete progress. The purpose of the Evaluation is not to be the only factor in these decisions, but rather a guide to help both SGA and the organization be accountable and reliable for the expectations, goals and guidelines set forth.
