

Summer Conference Rules & Regulations

General Statement of Purpose

Messiah University wishes to insure a productive, happy and safe time to all conferences during their time on campus. The university often has multiple events operating simultaneously. The wide variety of activities places a premium on available parking. Additionally, the pedestrian nature of the university requires that drivers take particular caution when operating a vehicle on campus. In order to provide for the safety of all people at Messiah University, in addition to the PA Vehicle Code, the following Parking and Traffic Regulations are in effect for **all** conferences on campus. For the safety and enjoyment of all, it is our sincere hope that you will voluntarily comply with these regulations. If you have any questions about these provisions, you may contact the Messiah University Department of Safety at 691-6005. We thank you in advance for your cooperation in these matters.
