<tr>
<td>10/18/18</td>
<td>10/18/18</td>
<td>7:42 PM</td>
<td>Smith Apartments, B301, Kitchen</td>
<td>Female resident student went to heat a kettle of water for tea but turned on the wrong burner; the contents of a frying pan sitting on the activated burner ignited, creating flames approximately 6&quot; high. The resident moved the pan to the formica countertop and extinguished the flames using a wet dishtowel. The heat from the frying pan caused damage to the countertop (melting). No injuries were reported.</td>
<td>Cooking</td>
<td>TBD - Formica countertop</td>
<td>None</td>
<td>2018-1460</td>

* This fire log for the most recent 60-day period must be open to public inspection, upon request, during normal business hours. Any portion of the log older than 60 days must be made available within two business days of a request for public inspection. As with all documentation, the fire log must be kept for three years following the publication of the last annual report to which it applies (in effect, seven years).

** Use the following categories for cause of fire:

- **Unintentional Fire:**
  - Cooking
  - Smoking materials
  - Open flames
  - Electrical
  - Heating equipment
  - Hazardous products
  - Machinery/Industrial
  - Natural
  - Other

- **Intentional Fire**

- **Undetermined Fire**
