NOTE FROM THE DIRECTOR

Although I realize that you have much to do still before the end of the school year, this is the last issue of the CHP News this year and so serves as our farewell to you. Thank you for all your good work this year in and out of the classroom. It is encouraging to witness this. Some seniors will be sharing their academic work in the days ahead through their senior honors project presentations. As you have time, I hope you can support your fellow students at these events. On Wednesday evening, graduating seniors and family members will be attending our traditional graduation ceremony and receiving the CHP medallion.

For all of you, I pray for strength and stamina as you finish the semester, for a restful and fulfilling summer, and for God’s richest blessings in what lies ahead—whether back on our campus next year, the workplace or classroom or service field or wherever God leads you.

James B. LaGrand

HONORS CONGRESS EVENTS

All honors congress events are done for spring 2019. Please update your honors congress attendance using FALCONlink. You will be able to enter your honors congress attendance for this semester until the deadline of this Friday, April 26th, and then the honors congress semester reporting will CLOSE.

CHP website  Honors Congress

College Honors Program annual graduation and medallion ceremony this Wednesday. Our prayers go out for all the CHP graduates that you would continue to experience God’s guidance and protection in the years to come.
**OPPORTUNITIES**

Victoria Anders is among the student leaders of the club “Increase Theology” whose goal is to strengthen and grow students’ relationship with God by deepening their understanding and ability to dialogue about theological concepts. Club meetings are on Tuesday evenings from 6:00-6:50 p.m. in Boyer 335. The meeting this evening (the 23rd) will focus on the atonement of Christ. On April 30th the focus will be on predestination and freewill. The last meeting of the year on May 7th will focus on the end times. All are welcome to attend.

**STUDENT RECOGNITION**

Students and faculty from the Department of Chemistry and Biochemistry recently attended and presented their research at the American Chemical Society meeting. “Chemistry for New Frontiers.” held in Orlando, Florida, March 31 through April 4. CHP students Josiah Nisly, Ashley Martin, and Bailey Rhodes, presented research.

ABCD (Association for Bridge Construction) has named CHP student Nathan Myers (sophomore, civil engineering) a co-recipient of their annual student scholarship award.

**SENIOR PROJECT PRESENTATIONS**

Please consider supporting your senior CHP peers and attend their senior project presentations. Not only will your support be a benefit to the senior, it may also give you ideas or context that will help with your own senior project!
