

MASTER OF
OCCUPATIONAL
THERAPY

Admission Requirements for the MOT Program:

Messiah's admission requirements for 2021 are listed below, with changes due to COVID-19 indicated ()*

- Completion or anticipated completion of a bachelor's degree (must be completed prior to enrollment in the MOT) from a regionally accredited college or university
- 3.0 GPA or higher; C or better earned for prerequisite course work. *While a letter grade is preferred, Messiah will accept "pass" as successful completion of a prerequisite course for the 20/21 admissions cycle
- Official GRE Scores; information about completing the General GRE test at home can be found [here](#)
- *Observation hours are encouraged, but will not be an admission requirement for the 20/21 admissions cycle. Please review this [video](#) from AOTA
- *Documentation of community service, leadership experiences and work experience is preferred
- 3 Letters of Recommendation; * ideally one from an OT, but an OT recommendation will not be a requirement for the 20/21 admissions cycle
- Completion of an admission interview; select students will be invited to interview

Pre-requisites Courses for the OT Program: 16-20 Credits

Please note, that students must earn a "C" or better from an accredited program in all pre-requisite courses for acceptance into the MOT Program.
