Class of 2020 First Destination Survey – Executive Summary

ABOUT THE SURVEY

The purpose of the annual First Destination Survey is to capture information on Messiah University's alumni employment and graduate school status within six to nine months of graduation. For the purpose of this survey, the "Class of 2020" is defined as anyone who graduated in December 2019, May 2020, or August 2020.

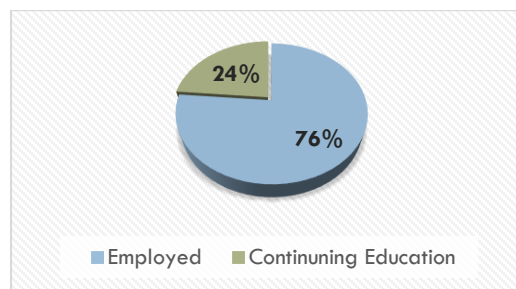

Statistics provided are based on information received through a variety of methods. Due to COVID-19 related closures, seniors were not able to fill out the survey at the cap and gown distribution, which typically occurs every May. Therefore, the survey was only disseminated via email and social media throughout the spring and summer months. In October, November, and December, follow-up emails were sent to alumni who had not yet responded to the survey. In January, individual academic departments were contacted via phone or email, and a request was made to all Messiah University educators for any additional information on graduates whose status remained unknown. For some students, Graduate School destinations were found by researching the National Student Clearing House Data. Finally, information on non-responders was gathered from updated professional profiles on social media sites such as LinkedIn. It is important to note that the collection process and reporting summary of results adheres to the professional guidelines set forth by the National Association for Colleges and Employers (NACE).

Through this extensive process, we obtained a 74% knowledge rate of the Class of 2020. "Knowledge rate" is defined by NACE as the "percent of graduates for which an institution has reasonable and verifiable information concerning the graduates' post-graduation career activities."

This report aims to provide summary highlights and a breakdown by academic department of the post-graduate activity for the Class of 2020.

GENERAL SUMMARY

Graduates of the Class of 2020 were asked to identify their **primary status** 6 to 9 months after graduation.

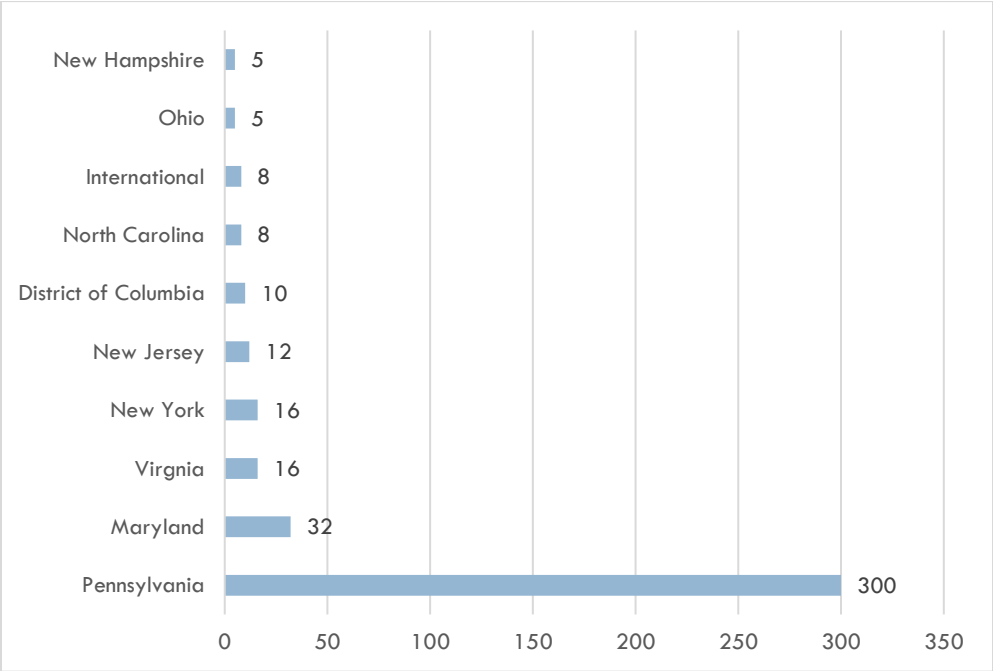

Of the 74% for whom we have verifiable data, 100% report being employed or in a graduate or professional program within 6 to 9 months after graduation. Of those, 76% of the respondents secured employment while 24% indicated graduate or professional school as their primary activity.

The statistics for Messiah University graduates compare favorably to the most recent national averages reported by the National Association of Colleges and Employers (NACE) in their "First Destination for the College Class of 2019" report. (Please note: the national Class of 2020 data from NACE will not be available until the summer of 2021). The following statistics show the national averages for the primary activity of the Class of 2019 as reported by NACE: **64.6% employment (compared to 76% for Messiah grads); 18.6% graduate-level programs (compared to 24% for Messiah grads); and 13.8% seeking (compared to 0% for Messiah grads).**

GEOGRAPHIC DESTINATIONS

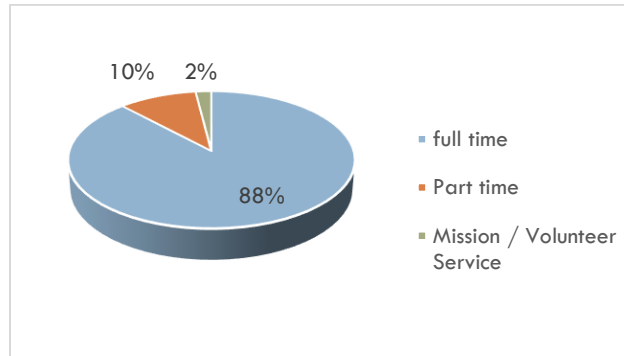

The geographic destinations for the Class of 2020 spanned the United States as well as international locations. In the U.S., the Mid-Atlantic continues to be the strongest draw for Messiah University graduates, constituting approximately 83% of the graduates. International destinations totaled 1.5% and included Malaysia, Ecuador, Mexico, the United Kingdom, and Ireland.

The Mid-Atlantic continues to be the strongest draw for Messiah University graduates, constituting approximately 83% of the responding graduates. The top four destinations are Pennsylvania, Maryland, New York and Virginia.

EMPLOYMENT INFORMATION

76% of the Class of 2020 reported employment as their primary status following graduation. Graduates who are in full-time work, part-time work, and missions/volunteer service are considered employed for the purpose of this survey. The chart below shows the breakdown of the types of employment for the Class of 2020. The survey also included an optional question about the average starting salary. Of the 470 graduates for which we obtained responses and verifiable information, 69 graduates answered this question; of these, 85% reported starting salaries between \$30,000 and \$60,000. The mean salary was \$47,698.00.

Please note: the following definitions were used:

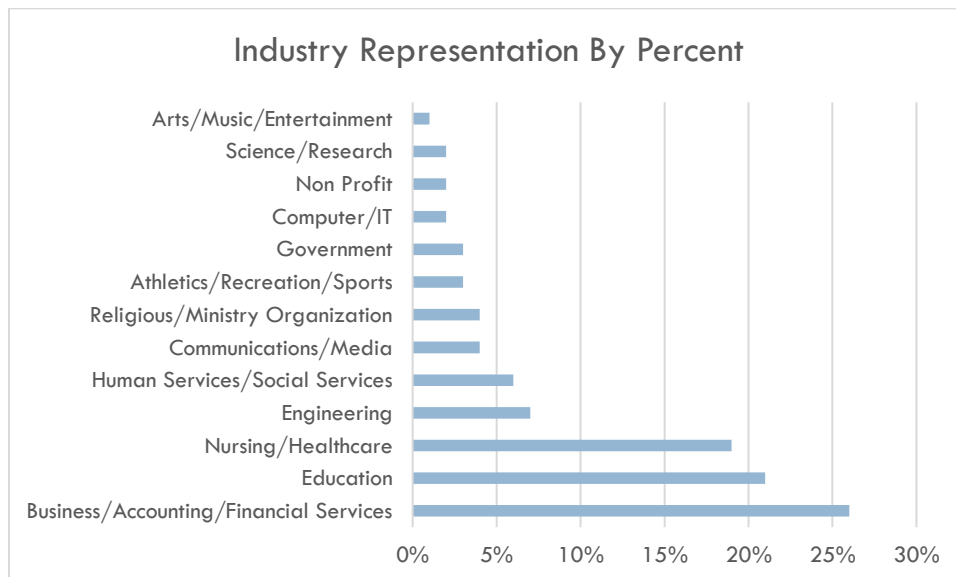

Full-time- 30+ hours/week; includes post-graduate internships, fellowships, entrepreneur experience, freelance, contract work

Part-time- less than 30 hours/week; includes all activities listed above

Missions/Volunteer Service- includes positions that are unpaid, self-funded, or have a stipend; the military is also included

*According to Messiah University's academic policies, "students may complete more than one major within the normal timeline and requirements for each baccalaureate degree. A student pursuing a double major must determine which major is the primary major and which is secondary. The primary major determines whether a B.A. or a B.S. will be granted."
