\*Full-Time Equivalency for Graduate Students was calculated by taking the total number of credits being taken by graduate students divided by 6 (because graduate students are considered full-time if they are taking 6 credits in the spring semester). The calculation was done this way because graduate students pay per credit (compared to full-time undergraduate students who pay one tuition cost up to 18 credits). In contrast, the undergraduate FTE is calculated by taking the number of full-time students plus 1/3 of part-time students.
